INDIAN AFFAIRS BRANCH, DEPARTMENT OF MINES & RESOURCES, OTTAWA, CANADA.

We wish to refer to Mr. Henry's letter July 6th 1948 file 136-3-5 (M1) in connection with the purchase of a

Dresser,
Wash stand,
Basin and pitcher
Kitchen stove and toilet (indoor).

The stove is in very bad condition and should be replaced if at all possible. It is dangerous and useless to take with. A dresser is also required for one of the bedrooms. In regard to the wash stand, we have an old one in the Clerks residence which could be utilized. Basin and pitcher, and toilet may be ommitted for now.

Some repairs are coming for the pump which will not cost much. The sink and the school fence can also be ommitted for the time being.

With reference to your letter of the 13th instant, you may purchase a stove for the teacher's quarters at the Fisher River School.

A suitable stove should be purchased and the cost should be kept as low as possible.

In future, when making requests for equipment or repairs you should state the expenditure that will be involved.

You may also purchase a reasonably priced dresser.

re New Fence Posts for Fisher River School

The fence posts at this school need to be re-placed, many are down and the others are completly rotten at the base. We will require about 114 posts and some fourteen rails. A total cost of not more than $25.00

The best time of the year to get these posts is now, during the winter, as the muskegs are too soft and wet in the spring and summer, and best posts are available in these muskegs.

The work cannot be done until this spring, and we estimate it will cost $25.00 to cover labour. However, this may will not be required until then, but we would appreciate an acceptable advance of $25.00 to cover the cost of the posts.

Attention: Mr. B. F. Neary.

The two furnaces in the Fisher River two room Day School are in very poor condition, and will have to be replaced at once, as they are beyond repair. I had Mr. Campbell of the Campbell Heating Company, check them over, and I am attaching herewith his letter - giving a quotation on two new furnaces. These furnaces are very hard to get, and Mr. Campbell advises me that they could only secure a #21 and a #23.

I am unable to get another price on these furnaces, as the firms will not go to Hodgson to check the furnaces. However, I consider Mr. Campbell's price of $1,515.00 quite reasonable, as these are large furnaces and a lot of new piping will have to be fitted in the basement.

Will you please advise me as soon as possible regarding this matter, as this school has been newly decorated last summer, and it is impossible to use the present furnaces without smoking up the building; also they might cause a fire at any time. I would appreciate it if you would wire a reply, so I can have these furnaces installed without further delay.

Mr. R.S. Davis,

Dear Mr. Davis:

Re: Voucher 1471 for A.F. McKenzie.

After Mr. McKenzie had completed the work on the Fisher River School, in accordance with his contract, he rebuilt the steps and repaired the back shed which were badly in need of repairs.

Rather than write for authority and have another carpenter do the work, I had Mr. McKenzie complete the above.

Trusting this meets with your approval,

Yours truly,

D.A.H. Nield,
A/Superintendent.

Department of Indian Affairs Ottawa

Dear Sir

Please accept my resignation as Teacher
of the Upper Roman Catholic School Fort Alexander
and the end of March next. I am not fit and of the
Indian Agent. I may state that my health
has for some time been very poor and I
feel as though I am not doing justice to
the children of the school. I have also
other reasons for wishing to resign
which I will explain when I see you.
I have been teaching here for
nearly four years and I think was mainly
instrumental in the work. Would it be
possible for me to leave here before
return home to my old home. The
delay of leaving in the middle of the
term would be very inconvenient to me.
I would like to leave
if possible.

Ottawa, March 7th, 1910.

Very Reverend Sir,

I am directed to inform you that Mr. Wilfrid H. P. Hatton, teacher of the Upper Fort Alexander Day School, has forwarded the Department his resignation to take effect at the end of the present month, and it has been accepted.

I have to ask you, therefore, to be good enough to endeavour to secure the services of a qualified teacher for this school. You have already on other occasions been advised as to the present policy of the Department to improve where at all possible day school conditions, and it is to be hoped that you will succeed in securing for this school an efficient teacher who will take hold of the work with a determination to make a success. The salary to be paid will be dependent upon the qualifications and all applications should be forwarded to the Department for consideration.

The records do not show that this notion was taken when Mr. Hatton was appointed to this school, as the first correspondence was his resignation.

GENCY.

Sir,

*Referring to your letter of* 5th March 1910

*No.* 117576/1

Pursuant to your instructions I herewith forward school returns of Wilfred H.P.Hatten, teacher of the Upper Fort Alexander day school, Fort Alexander Indian Reserve. He has dated the return the 19th March, and came and same to this office yesterday, the 23rd.

If you read his remarks, he says he closed the school on Good Friday, which will be on the 25th, and has claimed to have had the school opened 52 days in the quarter. I visited the reserve in January, and inspected the Lower school in the forenoon, and went up th the Upper school in the afternoon and it was closed, I went to his boarding house and he told me that the Chief and C had ordered him to close it as they expected I would be there to hold a meeting. The Chief told me that he merely remarked to him that I might need the school for a meeting. He has applied for a position in St Peters, but until I have more confidence in him I can not recommend him. He wrote a long communication to the Winnipeg "Tribune" on Indian schools. It was well written butthese reports should be made to the Department only. As he has sent his register in to the Department I will sign this and leave it in your hands to accept it.

I have the honor to be,
Sir,

The Secretary,

Right Reverend Sir,

The Department is in receipt of a report upon the Upper Fort Alexander School, which is in charge of Mr. Eley.

On September 12th, last, the Department approved of the transfer of Mr. Eley from Islington to this school and is paying him at the rate of $500.00 per annum. The Inspector states that Mr. Eley is also engaged as Missionary and that his work as such interferes with the regularity of his teaching. In view of the fact that the Department is paying him a salary equal to the highest in Manitoba it is considered that Mr. Eley should not neglect the school work. If it is not possible for him to give due attention to this feature a new appointment should be made. The Department will await a communication from Your Lordship in this matter.

Right Reverend Sir,-

I have the honour to acknowledge receipt of Your Lordship's letter of the 2nd. instant in which you nominate Rev. C.W. Fryer to take charge of the Upper Fort Alexander Day School. It is understood that Rev. Mr. Fryer is taking charge of the mission work and that his first duty will be in this field. In many cases it has proved most unsatisfactory to have one person in charge of both the mission and the school work. It appears to the Department that there is room here for a teacher who would devote his whole time to the school work. However, Mr. Fryer may be given the work temporarily and the Department will pay him at the rate of $800.00 per

annum.

I see no reason whatever why Mr. Fryer should not give all the time that any other teacher gives to school work. He is a capable teacher, and has had long experience in teaching Indian schools, therefore I see no reason why he should be paid less than Mr. A or Mr. B if he does the work he is worth the pay, if he does it not then the Department can get another man. I think that he should be paid $400. If he cannot fulfil the conditions then I do not want him to teach at all.

Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 19th instant, and in reply to that portion in which you deal with the appointment of a teacher for the Upper Fort Alexander School I beg to say that the Department in writing as it did in official letter of the 12th instant was judging by past experience in similar cases. If a teacher's whole duty was confined to the class-room Your Lordship's remarks might be justified, as Your Lordship is aware this is not the case and the Your Lordship is further aware the Department has of late been asking for the appointmentof teachers who will give their whole time to the school work. However, in this case the temporary appointment of Rev. Mr. Fryer is approved of, but the Department thinks that under the circumstances an initial salary of $300.00 is sufficient. If should experience show that he is able to do both the Mission and school work to the satisfaction of all concerned his salary will be increased.

WINNIPEG, MAN., January 29 th 191 2

1047

Sir,

I am unable to present a report of my inspection of the Port Alexander Day School conducted by the Rev Mr Fryer of the Church of England.

The whole School is well managed well attended and well equipped. The work done is excellent and the Teacher is an educated gentleman who deserves an advance in wages which I have recommended.

The children are proud of their school and are very regular in their attendance. The Indians report the Teacher as being most faithful in his work and are much pleased with him.

The Lower School is closed for lack of a teacher but I [illegible] and the equipment [illegible] ils attend. Some of the pupils come to the Upper School while the Lower School is closed.

Ottawa, February 24, 1912.

The Upper Fort Alexander School was re-opened after the summer holidays, 1911, by the Rev. Mr. Fryer, who is also the Missionary. In view of the fact that he is holding the position of Missionary as well as that of teacher the Department only allowed a salary of $300.00, but stated that should experience show that Mr. Fryer was able to do justice to the school work the salary would be increased. Inspector Semmens recently visited the school and speaks very highly of the work being performed. Mr. Fryer has secured a large and regular attendance and has already shown that he is capable of doing excellent work [illegible]. Mr. Semmens recommends an increase to $500.00 in his salary, but I think that if an increase of $100.00 were granted, making the salary $400.00, it would be sufficient at the present time.

I beg to call your attention to my memorandum of February 24th, last, and your remarks thereon in connection with the recommendation of Rev. Mr. Semmens for an increase in salary to Rev. Mr. Fryer, teacher of the Upper Fort Alexander Day School.

I am still of opinion that Mr. Fryer should have an increase of at least $100.00 in his salary, as it would be a difficult matter to replace him at anything like this salary.

I am enclosing herewith a communication that I have just received from the Rev'd. C.H.Fryer,the Dispenser of Medicines at Fort Alexander.

When I was at Fort Alexander on the 30th ultimo,Mr. Fryer spoke to me about this matter,I then asked him to write,setting out the details of his proposition,this letter is the result of my request.

I know that Mr. Fryer has made good use of the old engine, and that his statements as to the work he was able to perform by the aid of the equipment are quite correct. I think there is no doubt of the efficiency that this equipment effects.

Mr. Fryer's request seems to be a modest one,and I know that the old engine is done,I beg therefore to recommend this request for favorable consideration.

7th. March 1927.

Dear Sir,

Referring to your No. 125-19-1 of the 29th. ulto., I have to advise you that the Saskatchewan Motor Company, of Regina, point out that the motors which they receive in Regina come from Milwaukee by way of Portal and Moose Jaw, and do not, therefore, pass through Winnipeg. It is realised, however, that the latter is a competitive point, and that motors brought by way of Emerson could be landed, possibly, somewhat cheaper than by way of Portal and Moose Jaw. They point out, however, that they have their Head Office in Regina, and are in a position to give quick and efficient service if parts should be required at a moment's notice. I suggest that this consideration is of value to the Department. The Company, however, undertake to quote on "Kito" motors the price of $160.00 f.o.b. Winnipeg until further notice.

Right Rev. Sir:

I beg to draw Your Lordship's attention to a recent report from Mr. Agent Latulippe, Selkirk, on his inspection of the Fort Alexander (Upper) Indian Day School, that a female relative substitutes for the teacher in the afternoons. He states that her services are not satisfactory, as her eyesight is very poor, and she has no control over the pupils. He also states that the parents object to her teaching. As you are aware, Rev. C. H. Fryer is the teacher at this school.

I shall be pleased if Your Lordship will state whether the Church authorities are aware of the teaching arrangement under which this school is being conducted. It is expected that Mr. Fryer will devote full time to the classroom activity each day the school is in operation. I shall be pleased to have a report at your early convenience regarding the teaching activity at this school.

512-19-1

Ottawa, Sept., Dec. 1st, 1913.

I recently received a complaint from the Chief and Councillors of the Fort Alexander Band against the Rev. C. M. Fryer.

x x x

They complained further with regard to the method of teaching at the school, stating that the children who had attended for a long time show no advancement. I requested Mr. H. O. Latulippe to look into the matter and let me have a report.

x x x

In regard to the school question referred to, the report of the Provincial School Inspector made last March, shows that the Rev. C. M. Fryer is doing all that can be done under the circumstances. There is only a small attendance at the school and it should not be beyond the capability of one man to handle, and the investigation of the complaint of the Indians does not suggest to me that any change is needed at the present time.

Referring to that portion of your letter of the 1st instant, relative to a complaint made by the chief and councillors of the Fort Alexander Band against the services being performed by Rev. C. M. Fryer, teacher of the Fort Alexander Indian Day School, I beg to say that Mr. Agent Latulippe, in a report on his inspection of this school in November, last, drew attention to this matter. The Department has communicated with His Lordship the Bishop of Keewatin, under whose auspices the school is conducted, relative to the classroom activities being carried on by Mr. Fryer.

We note you state that Mr. Fryer is doing all that can be done under the circumstances, and that the complaint of the Indians does not suggest that any change is needed at the present time.

Dear Dr. Scott,-

Could you kindly tell me what is the present situation with reference to the Day School at Fort Alexander. I have received a communication on the subject from Rev.C.H.Fryer who has been written to on behalf of the Department but no other word has been received by me and I desire to know just how the matter stands, what the Department demands, and why, and what proposals the Department have in mind for this school.

I may say that with the erection of a large pulp and paper mill at Pine Falls on land taken from the reserve and the influx of white people into their close neighborhood we realize how important it is to do our utmost to help the people and especially the children to meet the new conditions. I shall be glad therefore if you will kindly give me full particulars.

My dear Sir,-

No. 125-19-1.

Your letter of the 4th just to hand re the Fort Alexander Indian Day School. I wrote only yesterday to the Deputy Superintendent General concerning this matter as I had heard of some action having been taken and I had had no official information, and did not know just what the situation was.

In reply to your inquiry I beg to state that the arrangement by which Miss Fryer has taught in the afternoons was made long before I became Bishop, and I understand was made at the beginning of Rev.Mr.Fryer's occupation of the position of teacher. I have always taken it for granted that it was so arranged with the knowledge and consent of the Department especially as the school has been inspected at regular intervals. If this is not so I can only express regret. At the same time the arrangement, while open to criticism, was probably the best that could be arranged under all the circumstances.

As soon as I hear more fully from the Department I will go into the whole matter and see what can be done to secure efficient conduct of the school. This may mean that a teacher other than the missionary will have to be secured and a house convenient to the school provided. I would suggest that matters stand as they are till the New Year at least.

Most faithfully yours,

Dear Bishop Dewdney:

I have your letters of the 7th and 9th instant, with reference to the Fort Alexander Indian day school. It is Miss Bryce's lack of control that is causing the Department concern. As you have pointed out, the development of water power in this locality suggests that we seriously consider improving our service to the Indian children, and I should be grateful if Your Lordship in due course would let us have a recommendation. Whatever remedial measures are necessary might be undertaken at the beginning of the next academic year.

Sir:

I am enclosing herewith Public School Inspector Mr. J.E.S. Dunlop's reports on various schools in the Clandeboye Agency, as follows:-

Anglican Day school situated at Fort Alexander and taught by the Rev. Chas. H. Fryer. The report on the whole is not satisfactory and I would draw your attention to the Inspector's statement that the children have learned very little and the attendance is very bad. It would appear from the Inspector's report that Mr. Fryer is a very busy man, and that his Assistant, who is a lady, does not have control over the children. I would say that there is a necessity for a change of some kind at this point. Inspector Dunlop's report of a year ago on this school would indicate that Mr.Fryer was getting better results then than now. I am hoping that with the appointment of a new agent at Clandeboye more interest will be taken in seeing that the children attend school. I think perhaps we are weak on this end of the work.

Dear Mr. Ferrier,

re Fort Alexander Day School.

I have been in correspondence with Charles R. Harbord, Teacher at the North Pequis Indian Day School, in reference to the School at Fort Alexander, and he has expressed a desire to make a change owing to the water supply. I am therefore, subject to your approval of him, nominating him for appointment to the above School. As the house at Ft. Alexander is not furnished he asks that to inquire whether the Department will not provide Stoves and such furnishings as was done in case of the Pequis Schools. He also desires to know what Salary will be given by the Department.

I shall be glad to hear from you at your earliest convenience.

Yours most faithfully

Right Reverend Sir:

I [illegible] Your Lordship's letter of the 26th instant, with reference to the possibility of Mr. Charles P. Harbord succeeding the late Alexander Indian Day School. This [illegible] is satisfactory to the Department, provided Mrs. Harbord will undertake the classroom duties. In fact, I believe it would be advisable to appoint her as teacher and have the salary go to her. Please let me know if this is satisfactory to Your Lordship. You might telegraph if the change is to be made in the immediate future, so that I can get in touch with His Grace the Archbishop of Rupert's Land regarding the appointment of a worker for the Pegouis North Indian Day School. Salary at the rate of $720 for the ten teaching months will be allowed.

The Department is prepared to allow a grant of $150 for a stove and the heavier furniture required at the Fort Alexander teacher's residence. I consider that the missionary end of the activity should be responsible for some of the necessaries. If the Harberds are to look after the teaching work only, then more complete furnishings will be granted.

I have the honour to be,

Right Reverend Sir,

My dear Mr. Ferrier,- Re 125-19-1

Have just received your letter of the 27th ult. on my return home. I am writing Harbord by this mail concerning your suggestion.

As the Rev.C.H.Fryer remains at Fort Alexander in charge of the Mission and we will have to find him the amount formerly received by him for school work, the Harbords will only have the school to look after. Whatever furnishings you provide under these conditions for the school residence I trust you will provide for, and arrange therefor with your Indian Agent or other suitable person.

I understand from Mr.Harbord that he expects to give a month's notice in resigning his present school.

Dear Mr.Ferrier, Re 125-14-1.

In further of my night letter of the 17th re Mrs. Harbord and St.Alexander Indian Day School. As stated Mrs. Harbord is willing to accept the position of teacher though she would like to know why you preferred that she should undertake the work rather than her husband. She came here to interview me and I stated that the reason was probably that she possessed teacher's certificate. She would have preferred that her husband should have had the appointment with her assistance whenever it might be necessary. As a certificated teacher would she not be entitled to a larger salary than $75 per teaching month. She is prepared to take up the work as soon as the Archbishop releases them from the North Peguis School. I advised Mrs.Harbord to consult him at once. I was rather impressed by Mrs.Harbord's brightness and I hope that under her teaching the work at the Fort Alexander school will make good progress.

OFFICE OF INDIAN AGENT
AUG 23 1930
RECORDS

AUG 25 193

Sir:-

I beg to bring to your notice the good work Mrs.C.Harbord,teacher,at Fort Alexander Indian Day School is doing.

Since her appointment in November,1927 the attendance has increased over 100%,or from 8.29 in 1926-27 to 18.24 in 1928-29.

Besides this marked increase,during the 15 months I have been Agent,I have noticed a steady improvement in their studies.Also the tidy and clean way the children are dressed.

Last year the pupils grew enough vegetables in the school garden to supply them with hot vegetable broth once a week during the cold months.All this was done under the supervision of Mrs.Harbord.

I would recommend that her salary of $35.00 per teaching month be increased to $100.00 as I consider that the amount of work she does and the interest she takes in it would be well earned.

In the Estimates for 1930-31 I am including [illegible] small for the present [illegible] in the winter months.

VISITING RESERVES

I visited Fort Alexander Reserve and found most of the Indians were cutting pulpwood and a few of them were fishing on Lake Winnipeg and a number had been employed in the Manitoba Paper Company wood camps in the district. I visited the R.C. School and found conditions very favourable. I also visited the Day School where I made arrangements regarding wood and arranged to have a new flag pole erected to replace the broken pole. I visited Indian homes and found that the material which the Department has supplied has been put to good use in repairing homes. Some of the homes visited were in good condition and the Indians had made good use of the whitewash supplied but others were not so well kept. I also discussed the matter of our storehouse with Mr. C.C. Irvine. I visited our hospital and found conditions favourable. I visited Brokenhead Reserve. The Indians on this Reserve are busy cutting cordwood and some of them have gone to the bush camps. Many of these Indians had good gardens and have sufficient vegetables for the winter months and the Indians who have farms have sufficient flour to last them for a year.

Ottawa, Ontario,
April 28, 1942.

Dear Sir:

I have your letter of April 20 on the subject of Dependents' Allowance being paid to Mrs. Kathleen Simms, Teacher at the Fort Alexander Indian Day School.

The Dependents' Allowance Board has been advised that Mrs. Simms is in receipt of Dependents' Allowance. It has also been brought to the attention of the Board that she is paid salary on a monthly basis for nine months of the year, and the Board has been asked to consider payment of Dependents' Allowance for the three months in which she is not in receipt of salary as Teacher.

When I hear from the Board I shall advise you further in this matter.

Yours very truly,

Sgd. Harold W. McGill.

Dear Sir:

I have to refer to my letter to you of April 25 with respect to Mrs. Kathleen Simms who is in receipt of Dependents' Allowance on account of the enlistment of her husband, Spr. Wilfred T. Simms, Regimental Number, [redacted].

As stated in my letter, Mrs. Simms receives salary as Teacher at the Fort Alexander Indian Day School, Clandeboye Indian Agency, Manitoba, for nine teaching months. As her salary is paid on a monthly basis and as she is not in receipt of salary for three months of a year, it is considered that she should receive the Dependents' Allowance for the period of three months when she is not under salary as Teacher.

I should like to be advised how the Board will deal with this matter.

Dear Sir:

In reply to your letter enquiring as to whether Dependents' Allowance will be paid on behalf of Mrs. Kathleen Simms, teacher at the Fort Alexander Indian Day School, Clandeboye Indian Agency, Manitoba, for the three months of the year in which she is not teaching, we beg to advise you that Dependents' Allowance is payable for the period the Dependent is unemployed.

If Mrs. Simms will advise us when there is any change in her employment, immediate consideration will be given to her application.

Dear Mrs. Simms:

The matter of whether Dependents' Allowance is payable to you during the three months' period when you are not teaching has been taken up with the Dependents' Allowance Board. A reply has been received from the Board to the effect that "Dependents' Allowance is payable for the period the Dependent is unemployed".

The Dependents' Allowance Board states that if you will advise it when there is any change in your employment immediate consideration will be given to your application for Dependents' Allowance. You should, therefore, communicate with the Dependents' Allowance Board when your services cease as Teacher at the end of the present school year.

Dear Sir:-

On June 22nd I received a letter from Mrs. Simms, the teacher at Fort Alexander Day School by which she tendered her resignation on the grounds that her daughter is now of school age, and she desires to secure a public school where her child can commence her education among white children.

While it will doubtless be difficult we shall endeavour in due course to nominate a teacher for this school.

I have Your Lordship's letter of the 25th instant, forwarding the resignation of Mrs. Simms as teacher of the Fort Alexander Indian Day School. Her resignation is accepted.

I am also in receipt of Your Lordship's letter of the 25th instant, regarding Mr. George Slater. I am still of the opinion that it would be in the best interests of all parties concerned to move Mr. Slater from Black River. I suggest that he be transferred to Fort Alexander and a new teacher secured for Black River. I would appreciate hearing from you in regard to this suggestion.

Dear Sir:-

I have yours of June 30th with reference to Fort Alexander Indian Day School and Mr. George Slater, and I am sorry that absence from my office has delayed reply.

I have considered your suggestion that Mr. Slater be transferred to Fort Alexander, but am of the opinion that such a transfer would not be satisfactory or in the interests of the school at Fort Alexander where for several years we have had excellent teachers.

Applications have been received for the position of teacher at Fort Alexander, and I now beg to recommend the appointment of Mrs. Marjorie B. Hunter, who holds a Manitoba second class permanent professional certificate, and has had fifteen years experience in rural schools. She is highly recommended by Dr. Robert Fletcher, former Deputy Minister of Education from whom I have a letter. Mrs. Hunter is prepared to accept the position, and I would hereby nominate her, and request your approval. Kindly advise as soon as possible.

With reference to Mr. George Slater. Last week I received a letter from our missionary under whom he works, advising that Mr. Slater had received a letter virtually dismissing him from the school at Little Black River. I should be obliged if you could let me know if this is correct. It is almost impossible to secure male teachers, and it is doubtful if a woman teacher could be appointed to Little Black River, which is isolated and scarcely suitable for a woman alone. I should be pleased to know how the situation stands in relation to Mr. Slater.

Yours faithfully,

J. Keewatin

I enclose a letter received from Mrs. Cline, teacher of the Fort Alexander Day School, together with copies of letters that she has received from Mr. McPherson. In view of the many demands on the time of Departmental officials it is regrettable that Indian Agents cannot settle such small matters as this without making it necessary for the teacher to communicate with this office. Besides, such small matters make a teacher, and especially a new teacher, feel uncomfortable and discontented with the work. Surely there is some way that this small matter could be adjusted to her satisfaction. I should appreciate it if you would take up the matter with Indian Agent McPherson.

Mr. R. A. Hoey

Dept. for Indian Affairs

Dear Bob:

Mrs. Gladys Clime, school teacher at Fort Alexander, address Pine Falls, is throwing her income tax problems into my lap, and I not being an Einstein cannot help her. As Mrs. Clime is a very conscientious and just person and wishes to be quite regular and formal in every way, I suggest that you direct some member of your staff who is familiar with the 4th dimension regulations to advise this lady what she has to do, and what she has not to do in connection with her income tax returns.

She is not liable for payment of income tax actually, as she has three members of her family to support, and her salary is the average school teachers salary prevailing in Manitoba.

I take this opportunity of greeting you once more, and I have often wondered how you are getting along down in the Capital. You never seem to have time to drop a line to an old friend, possibly this will bring at least a formal acknowledgment.

Anyway Bob, try and set Mrs. Cline's mind at rest with respect to her problem.

Yours very truly,

Barclay

Dear Mrs. Cline:

I have a letter from Mr. C. Barclay in which he requests me to explain the bonus allowed you and also the deductions made from your salary as teacher of the Fort Alexander Day School.

The following statement explains the matter:

| | | |
|---|---|---|
| Monthly salary | $95.00 | |
| Bonus | 18.42 | |
| Total | | $113.42 |
| Deductions | | |
| Retirement (5% of $95) | $ 4.75 | |
| Income Tax | 1.50 | |
| Total deductions | | $ 6.25 |
| Net amount | | $107.17 |

You will note that you are allowed the maximum bonus of $18.42 a month. From the information given on your Head of Household Bonus form you have been placed under Status 8 which means that the amount of income tax you pay is $3.05 a month. As you show earnings of $1.55 a month, the net income tax charged you is $1.50 a month.

Yours truly,

Mrs. Gladys Cline,
Teacher,

Mr. E. McPherson, Indian Agent, Selkirk, Man.

I attach letter which has just been received from the teacher of the Fort Alexander Day School. Please let me have a recommendation from you regarding the teacher's request to change the opening and closing hours at this school. The Department dislikes making exceptions of this nature, as other schools generally look for the same privilege. Have you had an opportunity of visiting this school since Mrs. Cline took charge? It would appear from her letter that she is not very much interested in her work. When replying the attached letter should be returned.

Indian Affairs Branch, Dept of Mines & Resources, Ottawa, Ont.

I have your letter of Nov 29/43 re the Fort Alexander Day School. If it is the wish of the Dept change the hours at this school please advise me and I will notify the Teacher at once.

I have visited this school since Mrs Cline has taken charge and from conversation with her I do not think her capable of handling the Indian Children. I have one case where Mrs Cline sent one of the boys home and on investigation I do not blame her so I had the R.C.M.P visit this boy and his parents. The parents now wish the boy back at school but I understand the teach r will not have him. Please advise me as to the Department's wishes as I consider that the talking to by the police will have done this boy some good. I receive an average of two letters a week from Mrs Cline and I received one today stating that one of the boys tried to stage a "Walk out strike" as she puts it and I understand this boy is still absent. Such instances would give one the opinion that Mrs Cline can not handle the children. I know it is difficult to get teachers but the attendance is very poor at this school and from talking with the parents I gather that there is some misunderstanding between the Teacher and pupils. I would point out that I consider Mrs Cline would be a good teacher in a white school but just doesn't seam to have the right way of handling the Indians.

Reference to the wood for the Teacher's residence, we have never supplied wood and had it cut before for the Teacher's. Since Mrs Cline has asked for it the Teacher at Black River is also asking for it so if it is started a l the schools in the Agency will want the same. As it has never been done before I do not consider we should start.

Dear Bishop Lofthouse:

With reference to Mrs. Cline, whom you nominated as teacher of the Fort Alexander Day School, I enclose, for your information, an extract from a letter recently received from the Indian Agent, Mr. McPherson.

I realize the difficulty in securing teachers this year, but I thought I would bring the Agent's comments to your attention so that you can keep the matter in mind for next year. I am inclined to feel that it would be preferable to place a male teacher at this school, if at all possible.

Selkirk, Apr 24/44.

Indian Affairs Branch, Dept of Mines & Resources, Ottawa, Ont.

I have received a letter from Mrs Cline asking if the Fort Alexander Day School could open again after Summer vacation. She states that her attendance has been very low. I have made enquiries on the reserve re the attendance and the Indians all state they do not like the Teacher. I have threatened to prosecute the parents if the children do not attend school but do not think we should do so at this time as we would have many families to look after.

Mrs Cline may be a good teacher but my opinion from the first has been that she could not handle Indian Children. The attendance at this school has been unusual as Fort Alexander was always one of our best schools.

I would state here that Miss Simpson at Brokenhead and Miss Reid at Berens River have both shown excellent results during the last year. In my opinion unless some change is made it is not worth while carrying on at this school unless some improvement is made.

Will you pleasem advise me what should be done at this school.

Re: New School Building
Your file 125-29-1
dated October 18, 1944.

I would point out that Poplar River Reserve has over 100 children of various ages and no doubt there are from 50 to 60 of school age. We need two schools as the present one is very old and should be discarded.

At. Black River the log school is very old and past repairing. A new classroom should be provided. The present teacher, who at one time was in Treaty, has his own house. If Mr. Slater were to discontinue his work we would also need a teacher's residence.

At Brokenhead Reserve we have a good school but are in need of a house. The present teacher boarded at the mission, but this is closed. She was fortunate in securing accommodation with the people who purchased the old Hudson's Bay Post.

Mr. McPherson states two new schools should be built at Little Grand Rapids. The present buildings are really past repairing.

I will advise you from time to time of other school buildings that may possibly be required.

OFFICE OF THE INDIAN AGENT

MINISTRY OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

Selkirk, July 3/45.

Indian Affairs Branch, Dept of Mines & Resources, Ottawa, Ont.

I have your letter of June 19th re the attendance at the Fort Alexander Day School and wish to state that this attendance has not been satisfactory to me for the last two years. I have spoken to the parents on several occasions and the children would then attend for a time but would stop again. It makes the work very difficult for the teacher when the attendance is so irregular. I have informed the parents as to the regulations governing the family allowance.

The Indians on this reserve seem to be very suspicious of the allowance and are not registering. So far I have only received twenty-two registrations.

Some years ago I took up the matter with the Department of employing a man to bring the children on the east side across the river to school as the crossing is not safe for school aged children. I would suggest the after the war that a school be built on that side of the river as there are approximately twenty-five children who should attend school there. The class standing of the pupils I think is due to poor attendance. Miss Fairservice, in my opinion, is a very good teacher. I think that when the family allowance cheques come in some the others will register and the attendance should increase. A large percentage of the children on this reserve are in the residential school but when the attendance increases after the family allowance is in force the present school accomodation will not be sufficient.

I think that next term charges will have to be brought against some of the parents for the non-attendance of the children.

Dear Sir:-

xx xx xx

I beg to acknowledge yours of the 12th ult. with reference to the resignation of Miss Ida G. Fairservice as teacher of the Fort Alexander Indian Day School. We are sorry to lose her services as she was doing good work in the school.

I have recently received notice of the resignation of the Rev. Chas. R. Harbord from the Mission of St. Mark's Jack River, Norway House to take effect at the end of September. Mrs. Harbord has been the teacher at the Combined Provincial and Indian Day School, in which position she has done excellent work, but is unable to continue.

Advertisements for teachers are being made through the Winnipeg Free Press and in the Miner & News of Kenora in an effort to secure teachers for these two schools. We trust we may receive applications, and if and when such come to hand we shall hope to make nominations.

Dear Sir:-

Re: Fort Alexander & Jack River Schools.

In response to our efforts I have received an application for the position of teacher at Fort Alexander Indian Day School from Mrs. Elizabeth M. Bennett of Kenora. Mrs. Bennett holds a First Class Certificate, and has fifteen years experience, she being forty-five years of age. She gives the name of Inspector C. J. Fuller as reference. As the teacher of this school must reside in the teacherage on the reserve it is desireable that she be a middle aged person of experience, and I hereby beg to nominate Mrs. Bennett as teacher for this school.

In further response to our advertising we received an application from Mr. J. P. Mullan of Winnipeg for the position of teacher at the Jack River Combined School. Mr. Mullan has had experience as a teacher of rural schools in Saskatchewan, but he has no certificate. He is fifty years of age, and on your approval he has expressed a willingness to take the position as teacher at this school. As the Rev. Chas. A. Barbrd has resigned the mission, largely because Mrs. Barbrd could no longer continue to teach the school, I arranged an interview with Mr. Mullan and asked if he would be prepared to act as missionary-teacher. He appeared to be willing to do this, but later wrote expressing some doubt as to his qualifications for the work of a missionary.

If Mr. Mullan is prepared to go to Jack River, would you approve of him as teacher of the Combined School? The grant for this school from your Department is very small, and together with the usual grant from the Department of Education of Manitoba totals only some $[illegible], far lower grant than I believe [illegible] and that of Manitoba [illegible], the total amount is available being quite insufficient to provide for a teacher at a point some 300 miles north of Winnipeg.

I should be obliged if you could wire me re the two above.

Yours faithfully,

OCT 1[illegible]

Dear Sir:-

Referring to your letter of the 12th ult. by which you approved the appointment of Mrs. E. M. Bennett and Mr. J. P. Mullan as teachers. In place of the former, Mrs. J. P. [illegible] and has I understand opened the school for teaching as from the 8th inst.

I am sorry to have to inform you that for family reasons, Mr. J. P. Mullan withdrew from the appointment as Missionary-Teacher at Jack River, Norway House. He was to have gone from Winnipeg last week, and I was disappointed to learn by a letter written on the 1st inst. that he could not undertake the work. An effort was made to secure another man who is interested, but after consideration he also decided for family reasons that he could not accept the position.

Our major difficulties at the Jack River School are that there is no teacherage, hence if the mission is vacant, as [illegible] provide board and room for a teacher, [illegible] could not send in a lady teacher. The second difficulty is the [illegible] school is to be continued it [illegible] ranch should restore at least the former grant of pre war days.

Yours very truly,

J. Keewatin

Day School, Fort Alexander Reserve.

This School is in charge of Mrs. Anderson and has fourteen pupils enrolled. The grades range from 1 to 4. Mrs. Anderson is an experienced teacher and the children should make fair progress.

The school building is in good condition, although some painting will be required next year.

The teacher's residence was decorated inside last year and is in fair condition. The shingles are in poor condition and the roof should be reshingled and painted next year.

The yards were tidy and the fences in fair condition.

The attendance should be better, but many children live across the river and the parents will not permit them to cross alone. The river is quite wide and the current swift. A day school across the river would solve the problem, as far as the children are concerned; but I know it would be difficult to secure a teacher because of the isolation.

Mr. A. G. Hamilton, Inspector of Indian Agencies,
538 Dominion Public Building, Winnipeg, Man.

I have your letter of the 30th ultimo, reporting on your visit to the Fort Alexander Indian Day School. You mention Mrs. Anderson as teacher. The telegram we received from Fisher Lofthouse on September 14 nominated Mrs. J. P. Taylor. We so advised Indian Agent McPherson on September 15 and there has been no further communication from him since that time. It is quite possible that Mrs. Anderson was substituted for Mrs. Taylor, but, if so, we certainly would like to know.

The teacher in charge of the Fort Alexander Indian day School is Mrs. J.E.Taylor. I made the error through a misunderstanding. Mrs. Taylor had a Mrs. Anderson visiting her the day I called.

Dear Sir:-

I beg to acknowledge cheques No. 5660 and 5661 being December quarter sallary for teachers at Fort Alexander and Hollow Water River.

I have noticed of late that cheques for the quarter have been $45.00 in excess of the amount formerly sent for this purpose and the September cheque has been $15.00 more than former cheques for that period.

I learn indirectly that the former bonus has now definitely been added to the salary, which would account for the increased amount received by me. Would you kindly let me know if this is so. I should be obliged if you would also state the amount of the salary of the teachers at Fort Alexander, Hollow Water River, Jack River and Black River. This latter is, I [illegible], on fyle as from you.

Hollow Water River — 750
Jack River — 650

Enclosure.

Sir,

Referring to the enclosed voucher No.146, in favour of Messrs. Robinson and Company, for material to erect water closets for the Fort Alexander Upper School, I regret that owing to the delay in obtaining the material it was not possible to forward this account in time to be paid out of the appropriation for 1897-98, but trust that funds will be available to pay it out of the current year's appropriation.

Sir,

The Inspector in his last report on the Upper Fort Alexander school states that the roof is leaking, that the shingles should be renewed and that several windows are brokedn, but that extra glass is on hand.

You will be good enough to see that this glass is placed in the windows and also to obtain an estimate of the cost of reshingling.

New blackboards are also needed and when you visit the school you should ascertain the exact lengths of the boards required, so that instructions can be given for the purchase.

Sir,-

I have to acknowledge the receipt of your letter of the 21st instant stating that the Rev. C. H. Fryer, teacher of the Upper Fort Alexander School, has requested you to ask the Department for authority to purchase enough paint to paint the school floor.

In reply I beg to say that the Department does not consider it advisable to have this done, as if the floor is kept properly swept and scrubbed it would answer the purpose better than paint.

Sir,-

The teacher of the Fort Alexander Upper Indian Day School in his annual report for the present fiscal year, states that the desks at the school are badly broken at the screw joints and that they will not last another year.

On the occasion of your next visit to this school you should furnish a report on the desks and state whether repairs can be made to the desks now in the school. If not, you should state the number and sizes of any new desks that would be required. You should state also the name of the desks and the manufacturer of the present desks also the sizes as it may be possible to obtain new parts to replace the parts damaged.

You will be good enough to look fully into this matter and advise whether you consider it necessary that new desks be obtained and if so, how many or whether the present desks could not be repaired.

Sir.

In reply to your letter of March 24th NO 117576-5 Re desks for the Fort Alexander Indian Day School I beg to say that on closing the Lower Day School on that Reserve some years ago,there was removed to the Teachers place about ten desks ( double ) who are in good condition except the iron parts who are rusty.

These desks could be cleaned and repainted and the Teacher stated that they would be satisfactory for some future time.

Kindly authorize me to purchase half gallon of black paint,paint brush and the freighting of these desks to the Fort Alexander Indian Day School.

Ottawa, April 16, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 12th instant with reference to the desks for the Upper Fort Alexander Indian Day School and stating that there are ten desks formerly used in the Lower Day School, which is now closed, which, if they were cleaned and re-painted, would be satisfactory to supply the needs at the Upper School.

In reply I beg to say that you may arrange for the freighting of these desks to the Upper Fort Alexander [illegible], and you may procure a half a gallon of [illegible] paint and a paint brush and have the desks cleaned and repainted. The cost of the painting and the freighting of the desks should be carried out as cheaply as possible and you may forward properly certified vouchers, in duplicate, for the expenditure incurred.

It is hoped that, when these desks have been installed in the Upper Fort Alexander School, sufficient seating accommodation will be provided for the pupils in attendance.

Your obedient servant,

Asst. Deputy and Secretary.

Sir:-

I have your letter of 9th instant relative to the moving of the school building at the Fort Alexander Indian Day School to a new site on the Church of England Mission property. In this connection it is noted that the building is in fair condition and that it is central for the children attending but that due to the present crowded [illegible] it is considered advisable to have it moved to another site. [illegible] and that the proper time to do the work would be during the winter months.

Sir:

When inspecting the Indian Day School at Fort Alexander in November,I noticed that there was no Union Jack, flying and mentioned this to Mrs.Harberd,the new teacher. She informed me that there was no flag when she took charge and also that there was no flag pole,said she intended mention this to me.

Will you authorize me to purchase a "Union Jack" 9 x4½ rope and pulley and arrange for pole 30ft. to be delivered at the school. The pole can be cut in the bush this winter and dressed and painted in spring,when it can be raised. For the present a temporary pole can be used.

Sir:

I have your letter of the 9th instant, requesting that a flag and flag pole be supplied for the use of the Fort Alexander Upper Indian Day School.

In reply I beg to say that a 6' Union Jack will be forwarded to you for this school. This is the type and size of flag supplied day schools.

You may arrange to have a suitable flag pole erected early next spring. This pole should be cut and made ready during the present winter. You may also arrange for the purchase of the guy wire, pulleys, rope, etc., required.

FORT ALEXANDER DAY SCHOOL (Cont'd.)

The Indians appeared thoroughly disgusted with the work that has been carried on at this school and I am inclined to believe little progress was made. However, I believe the Department has been fortunate in securing Mrs. Harbord, who, I understand, is qualified to carry on the work.

FORT ALEXANDER DAY SCHOOL.

At the time of my visit school was not in progress as the newly appointed teacher had not arrived.

The residence for the teacher was completed and the furniture had arrived. This house is of log construction, about 18 x 24. The floors have not been well laid and the nails, instead of being driven through the tongue of the flooring, are simply driven straight down through the floor and consequently all the nail heads show. Finishing nails were not used so that these nail heads are quite noticeable. The house consists of one room downstairs and one up.

The school building is in need of paint. The inside porch needs repair as the plaster has fallen off in patches. Beaver board would perhaps give the best service in this entrance. The classroom is quite large, but was badly in need of cleaning. The blackboard is little better than paper and only about 10 ft. long. A new blackboard, 18 ft. long, would be of great assistance to the teacher.

11 [illegible] 19-5 OF INDIAN

Regina, Sask., Dec. 12th, 1927.

Dear Mr Scott:

I am enclosing herewith a report from Mr. Inspector Hamilton on the various schools in the Clandeboye Agency.

x x x

I would draw your attention to what the Inspector says regarding the Day School on the Fort Alexander reserve. It is hoped that under the management of the new teacher, Mrs. Harbord, a change will be effected. There is an item of $1000.00 in the Estimates for repairs to Agency Day schools and no doubt some of this money will be expended on the Fort Alexander School.

x x x

You will note that the Inspector speaks well of the Fort Alexander Boarding School and I would draw your attention to his remarks regarding the fire-fighting equipment [illegible]. I [illegible] regarding the barn. Was this barn not built within the last few years?

Sir:

Mr. Inspector Hamilton, in a report on his recent inspection of the Fort Alexander Upper Indian Day School, states that the interior of the school building requires repairing, as the plaster has fallen off in places. He suggests that lumber should be used. He also states that the classroom is badly in need of cleaning, also that new blackboard is required.

I beg to request that you will have any repairs required made to the room. It might be advisable to have the walls covered with beaver board, but no unnecessary expense should be incurred. It might be possible to have this work carried out during the coming Christmas holidays. Please also arrange to have the classroom thoroughly cleaned and placed in a good condition. When this work has been completed, you should forward a properly certified voucher, in duplicate, covering the cost.

Please inform the Department as to what blackboard is required, giving the length and width of same, so that proper chalk trough and moulding are supplied. Full shipping directions for forwarding same should be given.

The Inspector has drawn attention to the floors in the residence for the teacher. He states that they have not been well laid, as the nails, instead of being driven through the tongue of the boards, are simply driven straight down through the floor. Consequently all the nail holes show. Finished nails should be used, so that these nail holes are quite noticeable. The Inspector's report regarding the floors is forwarded for your information.

It would be advisable for you to visit this school at the first opportunity with the repairs have been completed, with a view to the cleaning of the school

INDIAN AGENT'S OFFICE

IN YOUR REPLY REFER TO
No.
TO DATE OF THIS LETTER

27th.December,1927.19

Replying to your letter,No.125-19-5,of 19th.instant, re- Inspector Hamilton's report on the Fort Alexander Upper Indian Day School and note recommendations for improvements are repairs. I regret that it is too late to have these repairs done during the Xmas holidays,but will have this done during Easter and will have the material on the ground in good time.

I visited the school on 20th.instant.and found a marked improvement under the new teacher,Mrs.Harbord.There are at present 26 pupils on the roll,with an average attendance of 16. The blackboard material can be secured any time and put up. I expect to visit the Reserve on 9th.January and will take the correct measurements.

Mr.and Mrs.Harbord,the teachers,are very much disappointed in the school residence.It is built of logs and hard to heat and keep warm.The residence at North Peguis, where they taught before,was a frame building and very comfortable and,naturally,they feel up against it in a log building. This building was built on the specifications and under the supervision of Mr.Fryer,the late teacher and Anglican clergyman. The Department supplied the lumber and the Indians did the work,rations being given them while at work. I cannot say that it is a first class job and quite agree with Inspector Hamilton's report.

Sir:

I have your letter of the 27th ultimo, relative to the repairs which you were authorised in official letter of the 19th ultimo to have carried out at the Fort Alexander Upper Indian Day School. It is noted that it was too late to have this work done during the Christmas holidays, but that you will arrange to have the work carried out and the material on the ground in good time to have the work performed during the Easter holidays.

As soon as the Department receives from you the measurements of the blackboard material required, an order will be placed for same here. You might give full shipping directions.

Sir:

I have your 2OS-11A of the 17th instant, with reference to the teacher's residence at the [illegible] Alberni Indian School. The building and plans [illegible] further early consent that a new teacher's residence is required there. I may say that the present [illegible] structure was erected by the Indians, the Department allowing also for finishing material and nails for those that were working.

It is possible that funds can be found for building activity at this point during the coming fiscal year, and I should like a report from you as to the advisability of providing a combined classroom and teacher's residence on a new site. For some time, there has been an agitation to move the school to another part of the reserve. I should be grateful if you would [illegible] this question at an early date and let me have a recommendation.

Sir:

Replying to the last paragraph in your letter No. 125-19-5 dated 3rd.instant,I beg to inform you,that in a recent visit to the Fort Alexander Reserve,I took the measurements for blackboard material,required at the Indian Day School. The dimensions are 15 ft.x 3 ft.. I found that the surface behind the present blackboard is very uneven,and Mrs.C.Harbord,the teacher,is willing to carry on,with it at present,until the Easter holidays, when a good job can be done. The backing for the blackboard material,will have to be perfectly smooth,and I think beaverboard would be suitable.

Sir:

I have your letter of the 23rd instant, stating the requirements of the blackboard required for the use of the Fort Alexander Upper Indian Day School.

In this connection I beg to say that we are placing an order with the Government Stationery Office to forward to the teacher's address an extra slate blackboard, 1g' x 3½', with chalk trough and moulding. I may say for your information that this blackboard material is only supplied in 3½' and 4' widths, and if it is necessary to make any change in the width of the board it can be cut to the dimensions required. You may purchase the quantity of beaverboard required and have it installed behind the blackboard. When the new board arrives, you should arrange to have same installed.

An account, in duplicate, properly certified, should be forwarded in the usual manner covering the expense incurred in the purchase of the beaverboard and for installing the blackboard.

Sir:-

Mrs.Harbord,teacher at Fort Alexander Day School, is asking for an extra supply of 200 lbs of biscuits for the pupils rations,as owing to the increased attendance the supply sent last fall is almost finished.

The amount this school used to receive was 700 lbs. but this was reduced in the Estimates 1927-28 to 500,as the attendance did justify the larger amount.

In view of the marked improvement at this school this term I would recommend that this be granted.

I would ask that a liberal allowance be placed at the disposal of the teacher and also would beg to suggest that a bowl of cocoa or soup be provided at the school for noonday. May I state that where this practice of assisting the school children in this way is carried on well, we see very gratifying results.

Ottawa, May 29, 1928.

Sir:

Miss Brandon, Travelling Nurse, in a report on her visit to the Fort Alexander Upper Indian Day School, requests that a liberal quantity of cocoa and the necessary supplies for the making of soup be supplied in order to provide a midday lunch for the pupils. The Department is favourably disposed to the carrying out of the recommendation of the Nurse, but it is thought that the providing of the above supplies could wait until the school reopens after the coming summer holidays. You may then arrange for the supplying of the quantity of cocoa and the provisions for the making of soup, which the teacher should prepare and serve to the children at midday. You should consult the teacher as to the supplies that should be furnished, and you may then arrange for the purchase and delivery of same. The teacher should see that no waste is incurred.

An account, in duplicate, properly certified, should be forwarded by you from time to time covering the expenditure inourred.

Your obedient servant,

Pillsbury Sgd. T. R. L. MacInnes

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Fisher Branch, Man. 14th. December, 1929

Sir:-

On a recent inspection of Fort Alexander Indian Day School, Mrs. Harbord, the teacher, informed me that the supply of biscuits for the children's mid-day meal was nearly finished. In explanation, I beg to refer you to my letter of 10th. April last and your reply, No. 125-19-5, of 18th April, informing me that the annual supply of biscuits were being forwarded from Regina. On receiving this shipment, I forwarded 200 lbs to Fort Alexander to tide them over for the term ending 31st. June. On August 28th. I sent another 400 lbs, which was 150 lbs. more than the estimates for the Fort Alexander Day school called for. I found that I could take this amount from Black River Day School, as they had a surplus over from the previous year.

The attendance at Fort Alexander School has more than doubled in the past year, and the teacher is doing splendid work and giving great satisfaction. The day I visited the school 27 children were present, with over [illegible] on the roll. The attendance of the younger children will probably decrease during the cold weather, and the average attendance will be at least [illegible], and would even, in the opinion of the teacher, be [illegible] more until the end of the term. (June 30/29)

In the Estimates for 1929-30 the supply for Fort Alexander was estimated at 900 lbs, (exactly double the amount from the previous year) but even this, with the present attendance will not be sufficient.

I would strongly recommend that the extra 900 lbs. be granted and trust you will approve of the expenditure.

Dear Sir:-

On a recent visit to Fort Alexander Day School I found cattle and horses round the school door and also the new teacher's bungalow. The school ground was very dirty due to the animals running loose. I would recommend that a fence be built round the school grounds, and the (Chief,Jonas) Fort,agreed to have a "bee" and erect this fence gratis,provided the Department would supply rations to the men while at work.

It will cost,approximately $50.00 for material to fence in two acres with woven wire.

Sir:

I have your letter of the 17th instant, in which you request that a fence be built around the school premises at the Fort Alexander Indian Day School, and giving an estimate of the cost of the material.

In reply I beg to say that you may arrange for the purchase of the quantity of woven wire, staples and a gate, and for the freight and cartage on same. It is noted that the Indians will erect this fence providing the Department will supply rations to them while at work. The Department will approve of your furnishing a reasonable quantity of supplies to the men who erect the fence, but no unnecessary expense for this purpose should be incurred. The labour is to be performed without cost to the Department other than the supplies authorized.

When this work has been completed, you should forward accounts, in duplicate, properly certified, covering the cost of the fencing material and for the supplies issued to the men while building the fence, as well as receipted vouchers, for freight and cartage charges on the material.

1930

Sir:-

Replying to your letter,No.125-19-4,of the 8th. instant,refering to requisition for teacher's desk,chair and cupboard for the Fort Alexander Indian Day School, I beg to advise you that on my recent visit to that Reserve,I inspected the school and found that the teacher uses an ordinary kitchen table and chair and that there has never been anything else supplied.

I would recommend that the following furniture be purchased;-from Christie School Supply Co.Brandon,Man.

Ottawa, February 1st, 1930.

Sir:

I have your letter of the 28th ultimo, relative to the request of the teacher of the Fort Alexander Indian Day School to be supplied with a teacher's desk, chair and cupboard.

In this connection I have to say that our funds for the balance of the present fiscal year are extremely limited, and it will not be possible to provide the cost of supplying the above equipment at the present time. You may, however, arrange after April 1st, next, to purchase from the Christie School Supply Company, Brantford, Ont., 1 teacher's arm chair, No. 15, and 1 teacher's desk, No. 25. You may also arrange to supply the material required for the building of a cupboard. It is noted that the teacher will make the cupboard and that the cost of the lumber required will be approximately $5.

After the purchase of the above equipment has been made, you should forward accounts, in duplicate, properly certified, covering the cost, and these should not reach the Department until after the above date, when our forms for the next fiscal year will be available.

Your obedient servant,

A. F. MacKenzie,

Ottawa, February 25, 1930.

Sir:

I have your 202-11A Gen. of the 19th instant, with reference to a new classroom at the Fort Alexander Indian Day School. I regret that there are no funds for this purpose, and the building will have to be postponed until 1931, when funds can be provided for the purpose. May I state that on January 2 nd, last, the Department wrote asking for a reconsideration concerning the advisability of providing a combined classroom and teacher's residence at this school. I am unable to find any reply. The Department, however, believed that our equipment there was suitable, as the teacher's residence was erected that year. I am unable to find any reference to the need of a new classroom in your estimates for the current year.

A. F. MacKenzie,

to school, especially if it is stormy. The same
the winter time; small children have to
to school, and very often it is impossible for
parents to do this. One of the old Indians, for the
years, has been bringing the children across in
he summer time in his boat, without receiving any
remuneration whatever, but he is now too old to do this.
The cost of this would be much less than operating a day
school on each side of the river, and I am sure it would
be much more satisfactory. It would also eliminate the
chance of a serious accident happening in cases where
several children have been in the habit of coming across
the river in a boat by themselves.

FORT ALEXANDER DAY SCHOOL (CONT'D.)

At the time of my visit there were 30 children on the roll, and an average attendance for the year of about 20.

FORT ALEXANDER DAY SCHOOL

In regard to the day school at Fort Alexander emphasis is laid on the desirability of erecting a new school. There was an item of $3,000.00 in the Estimates to provide for this, but I have not heard from the Department as to whether this can be allowed or not. The Inspector refers to the request of the Indians for another day school across the river. He is of the opinion, however, that the solution of the problem would be to erect a new school on the site of the present one and provide means for the transportation of the children across the river by boat in the summer and by sleigh in the winter. I have not had an opportunity of discussing this with Mr. Christianson and I am not prepared at the present moment to make a recommendation.

Dear Sir,

I requisitioned at the end of last month & on June 30th for a stamp for the Fort Alexander Day School as the present one is so dilapidated as to be useless, but have had to cancel it & demand anything about it so far.

I would also like to draw your attention to the state of the building. The plaster of the ceiling is falling in large pieces & unless something is done at once the whole ceiling will fall in. I think you have realized the condition of the building & will take the necessary steps to remedy it.

that fact could I reveal such a state from parents neglecting their children. Both the children and they got so cold. I considered that point it was perfectly useless to keep school. and we had a hard fight all the week. Not possible at all. that fact reached.

Of course I pride myself that I possess a healthy and disciplined child but this — it is 39 years old — is a matter of theory, each if is possible. I simply wish to ask if I have your authority to close the school in such circumstances if I consider it advisable.

[illegible], Man. 28th. September, 1931

Sir:-

I beg to enclose letter from Mrs. C. Harbord teacher at Fort Alexander Indian Day School, which is [illegible].

This building is in very poor condition, and being so old- 39 years- is too far gone to be properly repaired.

An item of $3000.00 has been included in the Estimates for the last three years for a new school and on 15th. July a letter was received from the Commissioner Mr. W.M. Graham, Regina, advising that no funds were available to carry out this work during the present fiscal year.

I have no record of having received a requisition from Mrs. Harbord for a stove, although I remember her mentioning it.

Will the Department authorize the purchasing of a stove and 15 stove pipes and 2 elbows. Also repairing the plaster in the ceiling and three gals-grey paint for inside work.

The approximate cost of stove and pipes.

Ottawa, October 2, 1931.

[illegible]

I have your letter of the 26th ultimo, [illegible] Alexander Indian Day School relative to the condition of the building and the need of a new stove.

Regarding the erection of a new school building, I have to say that we were unable to provide any appropriation for this purpose this fiscal year. [illegible] is noted, and the providing of funds for the erection of a new building next year will receive consideration.

You may arrange for the purchase and installation of a stove, with the necessary stove pipes and elbows. You should see that the stove obtained is of a size and type that would be satisfactory to heat the building. You should purchase the stove from indicated sources, after obtaining the lowest price. No unnecessary expense should be incurred, and after the stove and stove pipes have been obtained, you should [illegible] covering the cost. It is hoped that when the new stove is supplied the teacher will be able to carry on the work during the coming winter.

WINNIPEG, MAN., June 19th, 1935.

Sir:-

In reply to Department Letter 125-19-5 dated March 27th, I have finally been able to get in communication with Mr. Bruce and am of the opinion that the school required for the Fort Alexander Reserve will cost approximately $2500.00. It is impossible to give the exact amount in view of the fact that we have not a proper plan of the school required and in hiring day labour there is always a possibility of extra time, which is a difficult matter to control. This price covers material, the installation of a furnace, eavetroughing, and painting, thus giving the building complete in every respect, except for seats and other equipment.

I would like to be advised at once if the erection of the school may be proceeded with.

Your obedient servant,

A. G. Hamilton

Dear Sir:-

With reference to your letter No. 125-19-5 of January 19th. relative to new stove for the Fort Alexander Teacherage.

We have been in touch with Mrs. M.C. Harbord, teacher, and the kind of stove she requires would cost complete $55.50. The approximate freight charges on same from Winnipeg to Pine Falls would be $1.40.

I would recommend the above purchase as the old stove is not fit for use.

Yours very truly,

E. McPherson,

Dear Sir:-

We have received a petition from the Indians residing on the East side of the River on the Fort Alexander Reserve, requesting a school on their side of the River. They have requested that we forward their petition to the Department. Some of the families who have signed this petition have no children at all and of the 21 children belonging to those signing the petition, several are not of school age.

I would not recommend that a school be built at the present time but I would recommend that consideration be given to the hiring of an Indian to take these children back and forth across the River by boat as it is dangerous for children to be on the river alone in a boat. Possibly some arrangement could also be made for an Indian to take these children to school by team in the Winter time. If the Department will consider some arrangement as suggested here. I will try and arrange for a man to do this work.

Very truly yours,

E. Mcpherson,
Indian Agent.

Dear Sir:

With reference to your letter of the 3rd instant you may inform the Fort Alexander Indians that due to present conditions regarding which all are aware it will not be possible to consider the [illegible] on the east side of the river.

It appears from the first paragraph of your letter that the number of children of [illegible] from the East side of the river who should be attending the Fort Alexander Day School is not very large. Our funds for transportation are quite limited but you might let me know what it would cost to hire an Indian to take the children across the river by boat during the summer months and also what it would cost to have them driven across the river during the winter. At the same time you should state the number of children for whom such provision would have to be made. When this information is received the matter will have further consideration.

Dear Sir:-

I wish to report that the well at the Fort Alexander Indian Day School is useless and something will have to be done to put it in working condition at once.

I can get this well re-dug and new pipes installed for approximately $40.00. As the River water is unfit for drinking purposes at this Reserve, I would recommend that this well be repaired before cold weather sets in.

Ottawa,
January 22, 1943.

Dear Mrs. Hunter:

With reference to your letter of the 17th instant, I have received our files and find that we received a requisition from you dated October 30, last. This requisition was forwarded to the Stationery Office who was requested to supply the following:

2 Copies "Junior Handicraft"
6 Boxes water colours
1 Ream foolscap

There were other articles requested, such as poster paper, construction paper and plasticine, but we have not been supplying these due to difficulty in securing some of the articles and in the second place we have been trying to keep expenditures as low as possible.

We have also received a requisition from you dated December 8. This covered items as per the Stationery Office was requested to supply 12 sets of number cards and strips, 12 sets of letter cards and 6 boxes water colours. A daily [illegible] ordered on this requisition and was sent to you on December 28.

I note that the letters which Indian Agent Leatherdale sent to you were addressed to Fort Alexander, Man. On the two requisitions we received from you you stated that the mail office address was Pine Falls, Man. (illegible) the articles requested from the Stationery Office, and the second time you wrote you asked that the articles be forwarded to you at Pine Falls, Man. It has happened to us that sometimes there is mail omitting just at this point which, as regards [illegible], was the mail office address to which you wanted the articles should be sent.

Mrs. Marjorie B. Hunter,
Teacher, Fort Alexander Indian Day School,

With reference to the attached account, the Department is prepared to arrange repayment to you, but before doing so, in view of previous legislation, we will have to have the actual accounts from the firms from whom you purchased the articles and, of course, to allow payment to be made to you these accounts will have to be receipted. No doubt you have these and if you forward them I will arrange for a refund.

While, as stated above, we have not been receiving construction power and heating fuel, it has been decided, in view of your special request, to order these and a requisition for same is being sent to the Stationery Office today. It will probably be some time before you receive them because, as you are aware, present conditions make it impossible for firms to assure prompt deliveries.

I am writing to Mr. McPherson to see if anything could possibly be done to improve the water supply.

I am returning the letters which you forwarded to me.

Yours truly,

I am in receipt of a letter from Mrs. Hunter, teacher of the Fort Alexander School, in which she states that there is very little water in the well. I understand that Mrs. Hunter is doing good work at Fort Alexander and I would like to have everything possible done to make living conditions as favourable as they can be made. It would, therefore, be appreciated if you would arrange for an immediate examination of the well with a view to taking any action possible to improve the water supply.

Mr. R. A. Hoey, Supt. of Welfare & Training.

Received your letter to-day of January 22, I25-I9-5. regarding the well at the day school Fort Alexander Reserve.

I am going to the Reserve to-morrow and will look into this matter at once, Last Fall I visited the school and found that the Indians liveing on the REserve were useing the water and I informed Mrs Hunter to stop them any time that the water was getting low till next spring this she did and on a later date she informed me that their was lots for her when the Indians did not use it, that is the last time I had any word about her being short of water, I do not think that I would be able to have it dug any now till spring , I will send you a report on my return.

Dear Mr. Thorp.

Mr. McPherson was speaking about fixing the well & I told him I would write you & see what you thought about it. I think it would be foolish to pay the Indians to dig another well & put [illegible] work. The well here is just a [illegible] the fact there were bugs and flies floating around in the water. One thing that is very necessary here is good water. [illegible] germs.

Re: Pump at Fort Alexander School.

I have just returned from a trip to Fort Alexander reserve and while there I inspected the school and interviewed Mrs. Huntee.

I did not imform her that I had received a letter from you regarding the water but in our conversation I asked her if she was getting a good enough supply of water for her own use. She imformed me that she was but that when she returned to school after the Christmas holidays, there was no water in the well. Sh knew that the Indians had been using the well while she was away and she imformed them that they were not to do so. Since then she has had sufficient water.

I feel satisfied that when spring comes, we should extend the pipe down another ten feet to assure a plentiful supply for her and the Indians living close to the school. I wish you would please give me permission to do this when the warm weather comes.

Dear Mrs. Hunter:

I have for acknowledgment your letter of January 31, in which you indicate that in your judgment a hole drilled should be enlarged to deepen the well at your school.

You will readily appreciate that it is extremely difficult, if not impossible, to [illegible] It so happens that no provision was made for the construction of a well at the Fort Alexander Day School, either in the estimates of this year or next year. I feel it is unnecessary to add that in view of the critical times in which we are living, it is exceedingly difficult, also, to secure funds for the smaller services. However, I am communicating today with Indian Agent [illegible], in the hope that a small amount may be available from some source to deepen the well. I would therefore be glad if you would let me know immediately to what extent the water moderates.

Yours sincerely,

Mr. E. McPherson, Indian Agent, Selkirk, Man.

I desire to acknowledge receipt of your letter of the 4th instant, in which you express the opinion that the pipe in the well at the back of [illegible] should be driven for a distance of approximately 10 feet.

It would be appreciated if you would make arrangements to undertake this work at the earliest possible date. It is of the utmost importance that there should be at this school an adequate supply of water for the winter and for the girls in attendance. I am not at all sure, however, that the Indians close to the school should be supplied from this source. This is a matter upon which it is difficult to express an opinion without being familiar with local conditions.

I was at the Fort Alexander Indian Day School early in October and would recommend the following repairs:-

1. The erection of a fence along the top of the river bank to keep out the Indian cattle. I would suggest a four-strand barbed wire fence with plenty of good posts. It will require two spools of wire and perhaps thirty posts. Material approximately $14.00 and about $6.00 for labor.

2. The teacher's residence needs interior decoration. The walls and ceilings are badly smoked and dirty. Mrs. Cline, the teacher, does not request expensive decoration but would like the walls repaired and tinted. It is hard to get men for such work but I believe Mr. Irvine might release a man if Mr. McPherson had the necessary authority. The floors also should be painted.

I would recommend that the Agent be instructed to proceed with this work at once.

Next year the school and residence should be painted outside. Unfortunately Mr. McPherson overlooked this in his estimates. If it is not too late I would suggest $250.00 be inserted to cover the material and work. The school was painted inside this summer and the work was well done. The room is now much brighter and will be more pleasant both for the teacher and pupils.

I am in receipt of a letter from Inspector Hamilton with reference to his recent visit to the Fort Alexander Day School. You may expend an amount of $30.00 for material and labour in erecting a fence around the school property.

I am also advised that the interior of the teacher's residence needs decoration. Mr. Hamilton believes that Mr. Irvine might release a man to do the work. You may, therefore, arrange to have the interior of the teacher's residence redecorated as soon as convenient.

Selkirk, July [illegible] 44.

Indian Affairs Branch, Dept of Mines & Resources, Ottawa, Ont.

I have your letter of July 17/44 re the mattress at the residence of Fort Alexander Day School. I talked this matter over with Rev Hamilton and told him that Mrs Climo had made an offer on it. I feel that if this mattress is useful to Mrs Climo it will also answer the purpose at the residence and I told her it would not be sold.

I also told Mrs Climo that she should move out of the house by Aug 1st as we expected to have carpenters there shortly. I had authority to do this work last fall but was unable to get anyone to do this work until now. I am sending the estimate of the cost as soon as possible. Trusting this will meet with your approval as the house is badly in need of repairing.

I am enclosing herewith an estimate for the painting inside of the teacher's residence at Fort Alexander [illegible] also exterior painting of the residence and of the school building.

I am sorry I did not have this estimate in sooner but the painters of the Manitoba Paper Co were too busy to do the work. I had permission for the interior work last year but was unable to get anyone to do the work. Mr. Morris suggested that the exterior of both building should be done while the men are there.

I would recommend that this work be done and would like an early reply so that the job may be completed before the [illegible] moves in for the opening of the school.

It was found necessary to apply an extra coat of enamel on the kitchen walls and ceilings in order to cover the heavy blue pattern on the paper, and as this paper was layed out the loose portions torn off, it left a porous and rough surface at these places, two coats was insufficient to make an even finished surface.

As for the eavestrough on the East side of the house, after removing of the metal patch with a wire brush, it appeared beyond all repair, so I thought it advisable to replace same. The old trough is left there for your inspection.

All the above work has now been completed.

I remain.

Yours truly,

Selkirk, Sept 3/47.

Indian Affairs Branch, Dept of Mines & Resources, Ottawa, Ont.

Will you please advise me if the school the sugar and milk authirised in your letter 512-19-5 (WP 4) is for.

I would also like to be advised if it is the N.C. Boy School or the U.C. Boy School at Little Grand Rapids for which the supplies in your letters 512-19-5 dated of June 16th and June 19th are intended. In your letter of June 19th 12 stove pipes are authorized. Can you give me the size of these pipes.

It would appear that no copy of these requisitions have been kept for office files here.

Yours truly,

Re: Fort Alexander Day School

Since writing to you on May 31 regarding the wiring of the above school, we have received a report from the Provincial School Inspector. He reports in part as follows:

"I am glad that electricity has been wired to the school. What you need now is a serviceable installation of fluorescent lighting, which is earnestly recommended. The area of window glass is only 70% of provincial requirements, and the lighting far from the required 30 ft. candles on the desk top".

We understand that the electric wiring has been brought to the school, and I would appreciate it if you would obtain at once and forward for our consideration a tender for wiring and installing fluorescent light as recommended by Inspector Warkentin.

Attention: Colonel B. F. Neary.

Reference your letter 512-5 (E1) dated June 30, 1949, re Fort Alexander Day School - on receipt of your letter I took the matter up with the Daoust Electric Company, the firm wiring the residence, and they advised me that they are going down to the school in a couple of days to do that job and would also wire the school - putting in four fluorescent lights, one plug and two ordinary lights in the halls for $150.00.

I advised them to go ahead and do the work, as I am quite aware that I would be unable to get anyone else to do it for that price, as it would cost from $25.00 to $30.00 for transportation. I trust my action meets with your approval.

Re: Painting - Fort Alexander C.E.
[illegible]

With reference to your letter of August 9th it is agreed that the painting of these buildings is desirable, but as the project is an additional charge on limited funds, the cost will have to be held to a minimum.

It is considered that a considerable saving can be made by having the paint obtained by the Departmental Purchasing Agent and by having the work done by local labour under Departmental supervision.

Will you, therefore, direct Mr. Superintendent Olson to forward,

The Rev. A. D. Dewdney, D.D.
Bishop of Keewatin

My dear Mr. Ferrier,-

So you are aware we are hoping to have a school teacher to take up the work in this school after the summer holidays in place of Rev.C.H.Fryer, who is unable to give the school the attention it requires. He will continue to look after the Missionary side of the work and with the work he is doing at Pine Falls he will have his time occupied.

In order to prepare for the change it is necessary to provide a residence for the teacher and the Indians are taking down a house formerly used as a residence belonging to the Mission and are removing the materials to the schoolsite with the intention of re-erecting it for a teacher's residence. I have been asked to apply for materials for new flooring and roofing, windows and doors, nails, etc, and for rations for the Indians while working on the building. The rations are estimated at about $100. I am sending a list of materials required to the Indian Agent at Selkirk, together with measurements of the re-erected building, with the request that he will bring the matter before those to whom he is responsible. As I have learned that both Commissioner Graham and the Deputy Supt are away and will likely be absent for some little time, I thought it best to write you so that the matter may go thro' the proper channel. I leave for the North shortly and would appreciate an early reply.

Most truly,

Selkirk,Man. 15th.June,1927

I understand that the Right Rev.A.D.Dewdney,Bishop of Keewatin,has been in communication with the Department about building a residence for the teacher at Fort Alexander Indian Day School. There is a log house belonging to the Mission which has been pulled down and the logs and material which can be used again have been hauled over by the Indians to the new site. I beg to enclose a list of the material which will be required to finish the building,which has been sent to this office by the Bishop.

I intend to visit the Fort Alexander Reserve about the 27th.instant, and do not expect to be there again until the end of August,as I will be away on the Annuity trips. Kindly advise me as to your decision regarding this work,so that I will be in a position to take the matter up,when I go there.

Fort Alexander Day School.

Pine Falls. Man.

Jany. 12th. 1928

[illegible].

Indian Agent. Selkirk.

Dear Sir.

With regard to the teacher's residence at the Fort Alexander Day School, instead of being able to improve the house as we thought, we can do nothing and it gets continually worse.

It is extremely repugnant to me to complain as I appreciate your efforts to make the house habitable for us, but it seems impossible to effect any improvement.

Owing no doubt to the time of year the mudding up was done, the frost and wind crack the mud which is constantly falling from between the logs both inside and out, creating terrible draughts, dangerous to a man suffering from bronchitis, as my husband does, due to overseas service.

For the same reason we cannot improve the barn-like interior or give it any appearance of comfort, as hammering a nail brings down a shower of mud and lime, the dust of which is very painful and injurious to affected bronchial tubes. After a fall of snow we have to shovel snow out of the house as the roof is open.

Apart from the acute discomfort, the fact that we live in a house, similar to, but not as good as some on this Reserve, and have to cook, eat and sleep in the one room, will lower our prestige with these people and ruin all hopes of successful work.

We are sure the Department wishes the school and its surroundings to do them credit, but one cannot do their best work living in such conditions.

I should be obliged if you would bring my remarks to the notice of the Department without delay.

The matter of a proper water supply and of an out building, both of which are entirely lacking, can be taken up later.

I am,
Yours truly

Sir:-

Last summer the Department built a log house on the Fort Alexander reserve for the accommodation of the teacher of the Day School, the matter having been taken up with the Department direct and authority given to have the work done. It would appear now that the house is not at all satisfactory, in fact is not fit for habitation, and there is no doubt in my mind that a [illegible] mistake was made in plastering a house of this kind with mud, as was done. The day for this style of house is long gone by.

I believe we could put up a very decent teacher's residence here for about $3800.00.

EXTRACT FROM REPORT OF MR. INSPECTOR DUNLOP,
dated March 14th, 1928, on his inspection
of the Fort Alexander Residential-School.
Upper Indian Day School.

Original on File 125-19-6.

---

Plans are afoot, I am told, to build a new house for theteacher and new toilets and repair the school. This is certainly very desirable and even necessary. The outbuildings are not fit for use. The school needs repairs and brightening up. And Mr. and Mrs. Harbord deserve a comfortable house.

[illegible]:

Funds necessary for replacement of the teacher's residence at the Fort Alexander Indian Day School were not included in the Estimates for the current fiscal year. Mr. [illegible] not fit for habitation, and he strongly urged that a building be provided. You allowed an appropriation for a new school building at Enderby, B. C., and, with the Fort Alexander need in mind, I did not send out any authority to Mr. Indian Agent [illegible] can be safely postponed.

This will release funds for the erection of the Fort [illegible] returned soldier, I am quite eager to do something for them.

Mr. Commissioner Graham, in answer to a letter of July 6th asking for a report as to the advisability of going ahead this year, now replies with the request for an accountable cheque with which to pay labour. In view of the urgent need of this building, I wish to recommend that Mr. Graham be authorised to proceed with the work, on a day labour basis. The estimated cost is $3,800.

Mr. McPherson reports that the teachers residence at the day School on the Fort Alexander Reserve has very little furniture other than a stove, bed and a couple of kitchen chairs. He suggests the purchase of a studio lounge, three chairs, a small table and a rug 8 x 10. They probably cost around $120.

Mr. Fauservice is in charge at this school and already the attendance has much improved.

Att'n: Bernard P. [illegible],

I attach hereto a tender submitted by S.A. Johnson Company, Winnipeg, for wiring and installing electrical service in teacher's residence at the Anglican Indian Day School at Pine Falls. Also attached is an estimate for cost of installing electrical service in the school. On this estimate it is to be noted that fluorescent fixtures are included to give sufficient lighting to comply with lighting requirements for provincial schools in this province.

It would be desirable that installation be achieved in school and teacher's residence at the earliest date and I would appreciate having your reaction to this tender.

We have a letter from Superintendent Olson recommending the wiring and installing of electrical service in the school and residence of the Fort Alexander C.E. Indian Day School.

We do not appear to have received any recommendation from you that this expenditure should be incurred, and the price quoted by Mr. Olson appears high. I am enclosing the estimates he has received from S.A. Johnson & Company, [illegible] and $244.10 for the school. I am enclosing these estimates for your information, and when you are replying you should return them to this office.

We would appreciate hearing from you regarding the necessity of incurring the expenditure requested by Mr. Olson at the present time, and if you recommend the installation of electricity in the buildings mentioned, we would like you to secure other tenders.

Attention:

Your letter 512-8 (E.1) of May 12th, I have secured a price on wiring the residence of the Fort Alexander C.E. Indian Day School. I do not see that any purpose would be derived from wiring the school. Therefore, I did not request a price on this work.

Daoust Electric Company, St. Boniface, will wire the residence, including material and labour, for $140.00. I have reduced the number of switches and requested cheaper fixtures. However, the [illegible] would not come to more than $30.00; therefore, the price as forwarded by Mr. Olson and received from S.A. Johnson and Company, is [illegible] line. [illegible] to your Letter

[illegible]hool building at Gods Lake

Sir,

I cannot speak with any enthusiasm about the work of the Methodist Church at this point. It was commenced some 8 years ago practically and it has not been maintained with any degree of efficiency and at the present it is an unoccupied field no one not even a school teacher being on the ground.

There is a Missionary's House very poor indeed and a church which is hardly worthy of the name . There are a few houses very few indeed in the vicinity of the Mission . The Indians are hunters for the most part and are only near in summer and in the great Holidays such as Christmas and New Year. They live for the most part in old fashioned wigwams and are camped in sequestered places all winter where the north winds are harping over the pines lyrics learned when the world was young.

Besides the people have chosen their reserve a full days journey from the site of the Mission station and if their request carries it will be necessary to move all the Methodist people have at Gods Lake or forsake it and build anew.

I could not therefore recommend that a School be built at Gods Lake at present. Better wait until it is known where the Band will be locatedand then build wisely and well.

The population of Gods Lake was found to be 294 or say 300 . Of thse 66 were boys and 91 were girls . There

Rev. Sir,

In reference to your application for a new school building at God's Lake I beg to say that the information regarding the necessity for opening a school there is not such as would justify the Department in undertaking the erection of a building at [redacted], as the Indians have chosen their reserve a full day's journey from the site of the Mission station, and if their request carries it will be necessary to move all that your Church has at God's Lake or foresake it and build anew. It would be better to wait until it is known where the Band will be located.

Dear Sir,-

I beg to acknowledge receipt of your letter of November 22nd, #226485/1, intimating that as the Indians at God's Lake have chosen a new Reserve at least a day's journey from the site of our Mission station, it is deemed undesirable to undertake the erection of a school house, at all events until it is definitely known where the Band will be located. Under these circumstances we can only await the course of events.

INDIAN AGENT'S OFFICE,

NORWAY HOUSE

OCT 2nd 1911 19

Referring to your letter of Sept 18th 1911 I beg to state that The METHODIST CHURCH are opening a mission at Gods Lake under a ~~native~~ Wildgoose. This mission has been under a native missionary up to this time .

Mr Wildgoose was to open a school and asked me for supplies. I informed him that I could not give these without authority and offered to forward a requisition to THE DEPART MENT which I did.

I note no grant will be given this school until the opening under his management is approve d.

At present the Indians are not settled on a Reserve They have very few housesand are undecided where to choose their Reserve to build othere.

Nearly all will be absent hunting and fishing.

There is no school building, still something might be accomplished by an earnest workerby taking advantage of the favorable periods.

Sir,

Referring to the requisition received in September for supplies for the God's Lake School I beg to say that the Department is in receipt of a communication from Rev. T. Ferrier, Superintendent of Methodist Indian Schools, in which he states that Mr. Wildgoose opened the school at this place with the consent of the authorities of the Methodist Church. If the attendance and general results warrent it the Department will be prepared to pay a salary of $300.00 per annum to Mr. Wildgoose upon the receipt of the proper returns. You will be g od enough to advise him to this effect and give him the necessary instructions. He should submit reports at intervals for transmission to the Department.

The supplies which were asked for in the requisition above referred to will be ordered from the Government Stationery Office to be sent to you to be forwarded. A larger supply of scribblers and lead pencils will be instead of the slates and slate pencils.

With regard to the blackboard I have [illegible] yet received [illegible] purpose.

About the biscuits sent down for the school at Nelson House. The Missionary complains that not enough biscuits are sent here. He complains of the great loss of biscuits through dampness, that when they arrive here they get mouldy and are unfit to use. I would suggest that a hundred pounds more are added to the estimates.

They have school in a tent which is I think opposite the intended site of the Reserve. School is taught by a Mr. Wildgoose who I believe is not a properly licensed teacher. I think that it would as well that a properly licensed teacher be appointed to this place and that a school house should be built on the Reserve, which would be better liked by the Indians.

MEMORANDUM.

Mr. Scott,-

Rev. Mr. Ferrier has asked for the re-opening of the school at God's Lake, which was closed in October, 1912, as the Indians had dispersed for hunting and fishing. There is nothing on file to show that there is any likelihood of the Indians being permanently settled there. There is no school building and it seems to me that there is no need for a school at this point at present. The school was only open for three quarters altogether.

I may say that it is a question whether the site chosen by the Missionary last year for the home for the Missionary, the church and school was the best that could be chosen from the school standpoint. The place chosen was close to the new site of the H.B.Co. the only other white people in the district. The largest Indian community of any stability was, however, at the Chief's location, some twelve miles distant.

I presume that the permanent site for the reserve and the Mission being chosen this summer, will stabilize matters, so that wherever the Mission is located, if at all wisely chosen, there will shortly be a community, and a better opportunity for a school.

Department of [illegible],
Ottawa.

Dear Mr. [illegible]: Re Summer Teacher at Gods' Lake.

After a good deal of careful enquiry, I am prepared to recommend for the teacher at Gods' Lake during [illegible], B.A., of [illegible] College, Winnipeg. Mr. Stinson has had several years' experience in teaching and holds a first-class certificate for the Province of Saskatchewan. He expects to be a candidate for the ministry of the United Church, and will, I am quite sure, be a very helpful influence in the community during the summer. He has had experience in teaching Belgian, Ukrainian and other non-Anglo-Saxon children, which would be of assistance in the work which he is undertaking.

I am just wondering whether or not Mr. Indian Agent Gordon will have at Norway House sufficient school supplies to outfit Mr. Stinson for this extra three months' session which we are preparing to hold at Gods' Lake. Can you give me any information on this matter?

Yours very sincerely,

Kenneth J. Staton

Rev. Sir:

I have your letter of the 24th instant, nominating the services of Mr. Harold Stinson, B.A., for the position as teacher of the summer school at God's Lake and stating the qualifications which he possesses.

In reply I have to inform you that the Department will approve of the appointment of Mr. Stinson, with salary at the rate of $5 per teaching day. I shall be pleased if you will inform him of his appointment and arrange with him to take up duties on or about June 10th, next. This school should be conducted from that date until about the 10th of September, following, during which time we are informed the Indian families will be at home and there would, no doubt, be a regular attendance of Indian children. We are informing Mr. Agent Gordon, Norway House, of the appointment of Mr. Stinson, and requesting that he give him every assistance he can in his work during the coming summer.

A requisition for the classroom supplies [illegible] Stinson [illegible] Agent Gordon. They will, no doubt, arrive at Norway House in time to be taken to the school by Mr. Stinson.

INDIAN BRANCH
MAR 4 1932

Dear Mr. Ferrier: Re: Summer School at Gods' Lake and at Island Lake.

We have received a letter from the student who served us at Gods' Lake last summer, intimating that he is willing to return if the Department and our Board desire to continue this piece of service to the Indians. There is not any doubt that he would do very much better the second summer. He wrote a full and interesting report of his work last year and says that Mr. Gordon was very well satisfied with the returns received for the money expended by the Government. Please let me know your will in this matter for the coming summer.

Miss Patterson writes from Island Lake to say that if we desire her to remain and to conduct a summer session again this year, she is perfectly willing to do so. She also intimates that she is not certain about next fall and winter, but thinks that she will probably find it necessary to find a location somewhere nearer home (Calgary). In the event of her desiring to leave at the close of the summer session, say, the middle of September, we shall find it necessary to secure another teacher. Mrs. Chappell, who is the wife of our missionary there, holds a first-class teacher's certificate for the Province of Saskatchewan and has had several years' experience. I feel quite certain that she could carry on the school work very creditably. In fact, she is much superior in every way to any teacher that we have ever had there before Miss Patterson.

I shall delay answering Miss Patterson's letter until I hear from you as to your intentions concerning another summer session at Island Lake.

With very kind regards,

I am

Yours sincerely,

The Secretary,
The Department of Indian Affairs,

Dear Sir: Re: Gods' Lake School.

For two years we have been conducting an experiment at Gods' Lake by sending in a married teacher. Five years ago the Indians were quite sure that they preferred a native missionary to a white missionary-teacher, and, at their request, the missionary-teacher was removed. Since Mr. Morley Colaman went in to teach the mission school they have been very insistent, and on several occasions recently have petitioned us to send them a missionary-teacher. We have a good house, in which the missionary could live, and a new church, just completed, which we would be willing to use temporarily as a school-room.

The discovery of gold in that area has led to quite an influx of prospectors and miners, and we are advised from Winnipeg that to-day others are preparing to go in as soon as spring opens up. It would seem, therefore, as if the time were ripe to provide the Indians of Gods' Lake with a better type of leadership for their own protection than the Indian evangelist who is there now can give them.

We are in communication with two or three young men who are graduating in Arts and Theology at Queen's University in the hope that we would be in a position to send one of them to Gods' Lake this summer. We feel that these Indians have certain rights in the matter, and that they are simply helpless when their new environment contacts with an influx of white settlers.

We ask therefore that in the preparation of the budget for 1933, an amount be included as the salary for the salary of a missionary-teacher at Gods' Lake.

I have not had the opportunity of getting a written opinion from Mr. Gordon, the Indian Agent at Norway House, in regard to this matter, but I know from conversation with him that it has his hearty endorsation.

Yours very sincerely,

Rev. Sir:

I have your letter of the 6th instant, requesting that a grant be provided for the salary of a missionary-teacher at God's Lake.

In this connection it is noted that the Church authorities consider there should be a missionary-teacher attached permanently at this point. During the past summer this school was conducted as a summer school only, the Department providing grant at the rate of $4 per teaching day; a total of $400 having been provided for the purpose. [illegible] your letter for the coming fiscal year [illegible] for the same. [illegible] to a similar sum in our Estimates for 1933-34, it is doubtful if we will be able to provide more than the amount stated above. Dear Sir: Re: Nomination of Teacher for Gods' Lake.

On the occasion of my last visit to Ottawa, I discussed at considerable length with Mr. Sutherland and Mr. Phelan the question of conducting a summer school at Gods' Lake in Northern Manitoba, as has been done for the last two years. It was decided that, if we could find a missionary-teacher of the right type, it would be preferable to have him go in to stay for the full year. We have a new and very comfortable church building there now, which can be used as a school-room.

I wish to nominate for the position of teacher at Gods' Lake Mr. Fred W. Stevens. My understanding is that the grant will be at the rate of $80.00 a month, beginning September 1st. Mr. Stevens, as you will remember, was at Oxford House for two years. Since then he has taken two years' Arts work at the University of Manitoba. When I was in Winnipeg recently I checked up on his work pretty closely. He has apparently grown a good deal in every way during the time that he has been in college. I know that Mr. Russell Ferrier felt that during the last year he was at Oxford House he was not over-industrious, but I am assured by those who have been closest to him that there will be no difficulty on that score now. He has been doing volunteer work with some boys' groups in one of our non-Anglo-Saxon Missions in the North end of Winnipeg and has made quite a success of it.

Mr. Stevens has a considerable speaking knowledge of Cree, which will be a decided asset in a backward community like Gods' Lake, which has been on the whole less responsive than any of our fields in Northern Manitoba.

Hoping that this nomination will meet with your approval,

I am

Dear Mr. Sutherland: RE GODS' LAKE

In checking over our records in preparation for an executive meeting on January 23rd to wind up the business of 1934, I discovered that we have received no returns from the Department on account of Mr. Fred W. Stevens who taught the Day School at Gods' Lake during the summer. According to Mr. Stevens' letters to us, he taught 42 days. He left Gods' Lake rather suddenly at the end of August as he received a lucrative offer from the Manager of the mines to supervise some work which was being done in connection with the new power plant. There is just a possibility that he failed to forward to Mr. Gordon, at that time Indian Agent at Norway House, his School Report. There is also the possibility that it may have been forwarded to Mr. Gordon and, in the transfer of the Agency which has taken place since then, been lost sight of. In any event, I would greatly appreciate your immediate attention to the matter. Mr. Stevens was doing very good work in the School as I can testify from personal observation because I was at Gods' Lake for nearly a week towards the end of July.

MEMORANDUM:

The Honourable the Superintendent General,-

A summer school has been conducted, during the past several summers, on the Gods Lake Reserve, No. 23, Norway House Agency, electoral district of Nelson, Man.

It is intended to re-open the school this coming summer, for a period of four months. This school is conducted under the auspices of the United Church of Canada, and the authorities of that Church have nominated Reverend Keith S. Armstrong, M.A., for the position as teacher. He is a graduate of the University of Toronto and has had experience among the Indians. The salary allowed is at the rate of $4.00 per teaching day.

I would request your authority for the re-opening of this school during the coming summer and for the appointment of Rev. Keith S. Armstrong, M.A., as teacher.

Dear Mr. Sutherland: Re: Gods' Lake Summer School

I have just realized that I failed to send you a letter, following our last conversation concerning the summer season of the Gods' Lake Indian Day School. As suggested at that time, we sent in Mr. Robert S. Hiltz, formerly a teacher on the staff of the Toronto Public Schools and now a student at the University, having completed second year Arts.

Mr. Hiltz left Winnipeg on the boat which sailed June 1st and intended to go into Gods' Lake by aeroplane, so that he would probably arrive there by the 5th or 6th, and the school - if the Indians have returned from their winter camps - would be opened on June 8th. We understand that the usual terms of remuneration are to prevail in his case.

Will you be good enough to let me know if you propose to keep this School open during the summer? I have an application from Mr. Harry Meadows who served there last year to go back. He is anxious to keep up his connection with the Indian work so that he may serve after Ordination in that field. In this letter he says that, if the School is to be kept open during the summer, he will write a letter to the Chief asking him to get as many people as possible to stay at the Mission this year as it is only by getting the co-operation of the Indians that they can get a good attendance.

I shall be glad if you will let me have this information as soon as possible.

Dear Mr. Hoey: RE GODS' LAKE SUMMER SCHOOL

With further reference to the seasonal teaching at Gods' Lake School, may I draw your attention to the fact that the present arrangement necessitates very considerable expense for travelling in and out of Gods' Lake. Would it be possible for the Department to assume some responsibility for the transportation of the Teacher from wherever he may be to Gods' Lake?

It will, of course, be obvious that the School not being carried on during the winter the Teacher will leave Gods' Lake in the Fall and go back in the Spring. Of course, if the Department were thinking of re-establishing this as a yearly School, the matter would be different; but whilst the grant of $4 a day is reasonable yet owing to the limited season it means that the Teacher, whoever he may be, incurs a great deal of expense, and in most cases this has been borne by the Church. I wonder whether your Department would not consider bearing this.

Yours sincerely,

Geo. Dorey

Present regulations do not permit our paying travelling expenses of teachers proceeding to or returning from an Indian Day School.

However, in order to assist you it has been decided that for the period during which the teacher conducts this school during the coming summer an amount of $5.00 a day will be allowed.

25-103

Norway House, Oct. 4th, 1939.

[redacted]'S REPORT ON NORWAY HOUSE AGCY. FOR JULY 1939.

x x x

On the 29th, the treaty party left Island Lake, for God's Lake, where treaty payment and census taking was commenced immediately on arrival, and completed by the end of the month. Both missions were visited at this reserve and both day school teachers interviewed. The gardens at this reserve have been much neglected this year, as practically all the able bodied Indians and their families have been at the God's Lake Gold Mine, cutting fuel wood for the mine since early spring. The mine pays the Indians $4.50 per cord for the wood, if it is delivered and $2.00 per cord if left in the bush where it is cut. Both R.C. and U.C. day schools at this reserve are 'Seasonal' schools, operating from June to September each year only. This year, owing to the Indians being at the mines, both teachers were given authority to hold their schools near the mines. The R.C. school teacher moved to the mines, but was not very successful in getting attendance at the school, so moved back to the mission. The U.C. school teacher, when he heard the result of the R.C. teacher's move, remained where he was, and neither school was having much success apparently, in getting children to attend. The teachers were hoping, however, that the situation would improve during the next two months.

Reverend Sir:

With reference to your letter of the 7th instant I may say that the delay in paying the amount due Mr. C. C. Johnson for his services at the God's Lake school during the summer of 1939 is due to the fact that we have not yet received a return showing the names of the pupils, days taught etc. This information is required before any payment can be made.

Previous to the receipt of your letter we had a communication from Rev. Geo. The Secretary
Indian Affairs Branch
Department of Mines & Resources
Ottawa, Ont:,

I beg to acknowledge receipt of Mr R.A.Hoey's telegram of yesterday's date, requiring that the teacher's Return for the God's Lake U.C.Seasonal Day School be sent at once.

I had been under the impression that this return had been sent in long ago, but on receipt of Mr Hoey's wire I looked into the matter immediately, and found that the copy that should have been forwarded to the Department, had inadvertently been put into the file here, inside this office copy. I regret very much the delay in this return reaching the Department, and the inconvenience that has been thereby caused, both to the Department and to Mr Johnson, the teacher.

May I say here, that there has been no mail in or out of Norway House since October 14th last, and the return for the God's Lake R.C.School will not have reached the Department as yet, as it was mailed on October 17th.

Dear Sir,

Mr. Gilbert Johnston, who taught at the Jod's Lake summer school called to enquire as to why he had not received his salary cheque. In a letter received December 28th from Mr. Lazenby, he points out that returns for this school were misplaced in his office files, but they have now gone forward.

Mr. Johnston is attending college and is badly in need o' the money. I trust the matter will receive the Department's attention and thus avoid any further delay.

Dear Sir:

With reference to your letter of the 6th instant the return showing the attendance, days taught etc. by Mr. Gilbert Johnston at the God's Lake Seasonal School did not reach the Department until last week. The reason for the delay was given by Indian Agent Lazenby as due to the fact that for several weeks no mail was sent out from Norway House.

Cheque for $420.00 in payment of Mr. Johnston's services was mailed to him on the 6th instant addressed to 293½ Young Street, Winnipeg.

Dear Sir,

I have now completed over 45 teaching days (approx ½ of the summer session) at the Indian School at God's Lake.

I am given to understand that the teacher who taught here last summer did not receive his wages for his summer's work until sometime in January of this year. Whether this is a common practice of your department or whether it was merely an oversight, I do not know, but you must admit that it is both unfair and inconvenient to an Indian to withhold his wages.

Therefore, sir, I have had to borrow money to purchase the food and the necessaries of life here, could I be more reasonable in asking too much to be paid a wage for the [illegible] and the balance would be paid after the Summer's Report is in at the end of September. I do not feel that I am

Dear Sir:

I have your letter of the 7th instant with reference to your teaching services at the God's Lake U.C. Indian Day School. It is the usual practice of this Department to pay salaries promptly. The experience of the teacher last year was by no means wholly our fault.

I have no doubt that you have had the school in operation for the period you state and consequently arrangements are being made to forward you a cheque for $225.00.

However, to comply with regulations it is necessary for us to have a return showing the names of the pupils, number of days they attended etc. I enclose the necessary form for this purpose and you should complete it and return it to me immediately. You should state on the form the exact date on which you first opened the school and the return should cover the period from that date to August 1, 1940.

When the season closes you should forward a similar return for the period August 1 to date of closing and when forwarding this second return you should show on it the exact date on which the school was closed.

While you give your home address in your letter you do not state definitely whether you want the cheque sent to that address or to your present location. It is, therefore, being sent to God's Lake.

...r,

I beg to forward herewith the Teacher's Report concerning the God's Lake United Church Seasonal Indian Day School, for the period August 1st to September 18th 1940, the day on which the school was closed, a previous report having been sent direct to the Department covering the season prior to August 1st, according to the teacher.

Mr Pybus, the teacher, called at the office a few days ago, and advised me that he had decided to close the school, due to the very meagre attendance, as it was no use carrying on any longer.

The God's Lake Gold Mine has been letting contracts for a very large supply of cordwood this summer and the Indians have been working on the job of getting out the wood, taking their families to the bush with them, thus greatly decreasing the number of potential school pupils, as the mine is 18 or 20 miles from the reserve.

The day school question on this reserve is very unsatisfactory on account of the proximity of the Gold Mine, and the teachers have great difficulty in trying to maintain even a fair attendance average.

Re: Gods Lake Summer School.

Dear Doctor Dorey:

I have for acknowledgment your letter of the 16th instant, in which you submit the nomination of Mr. R. K. McLean for the position of teacher at the Gods Lake Summer School.

It is noted that Mr. McLean has not yet secured a professional certificate. In view of the scarcity of teachers that seems to exist in the province of Manitoba, it is difficult to insist upon the employment of fully qualified teachers at seasonal schools, for the time being at least. Mr. [illegible] will be allowed salary at the rate of [illegible] a teaching day. He should notify the [illegible] agent at Norway House regarding the exact date on which he intends to take up his duties at the Gods Lake School.

The records here indicate that the attendance at this particular school last year was in no sense satisfactory. In view of this fact and the scarcity of male help throughout the Dominion, I have been wondering if it is sound policy to re-open a number of our summer schools this year. I hesitate to reach a decision in respect to the matter, however, until the question has been carefully reviewed by you and Dr. Cochrane and perhaps the members of the Home Mission Board. You might let me have, in due course, any comments you may care to make in respect to the matter. In the meantime, I am notifying the Indian agent at Norway House that the Gods Lake Summer School will be open and in operation during the summer months.

Dear Sir:

In my letter of March 23 I advised you of the appointment of Mr. R.H. McColl as teacher of the God's Lake Seasonal School for the summer of 1942. I am now advised that he is unable to accept the appointment and the Board of Home Missions of the United Church of Canada nominates Mr. H.W. Gibson. He is a candidate for the United Church ministry and holds a second-class certificate. His appointment has been approved. Please give him every possible assistance.

Dear Mr. Hoey: Re - Gods' Lake School

With reference to the conversation which I had with you and also the mention made in our Memorandum about the need at Gods' Lake, - our missionary tells me that they can provide a schoolroom by converting part of the old house, and that the arrangement which should be in force would be for the teacher to carry on for the same months as is done at Island Lake.

I trust that you will do what you can to get the need of the Indians at Gods' Lake met.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

In a brief recently submitted to the Minister by the [illegible] co-operating with the Department in Indian educational work the necessity for increased educational facilities in the northeastern portion of your Agency was stressed. Special reference was made to the Cat's Lake District and today I am in receipt of a letter from Rev. Geo. Dorey, Associate Secretary, Board of Home Missions of the United Church of Canada, which reads in part as follows:

"Our Missionary at Cat's Lake tells me that they can provide a school room by converting part of the old house and that the arrangement which should be in force would be for the teacher to carry on for the same months as is done at Island Lake."

Please let me know as soon as possible your opinion regarding [illegible] at Cat's Lake U.C. and the Cat's Lake R.C. Day School as a two-month basis during the coming year instead of [illegible] the usual seasonal schools which have formerly been conducted. In your reply you should let me know definitely if you consider the Mission would take advantage of this additional facility for the education of their children. You should also let me know the exact dates between which you believe the schools could be operated.

You should also comment on the statement made by the United Church missionary regarding the building which the state could be converted into

The Secretary, Indian Affairs,Branch, Ottawa, Ont:,

I beg to acknowledge receipt of Mr R.A.Hoey's letter No; 123-3-1 of the 29th ultimo, regarding a proposed change in the operating of the U.C. and R.C. seasonal Indian Day Schools at the God's Lake Reserve, from a 'Seasonal' basis to a ten month basis as is done at the Island Lake Reserve.

In reply, I may say that I received a letter from the United Church Missionary at God's Lake on this subject, and I wrote to the Department on the 5th February concerning it, and in which I recommended that the matter might be left in abeyance until I could visit the reserve next treaty time.

Re: Educational Facilities at God's Lake

I desire to acknowledge receipt of your letter of the 8th instant and to thank you for the information contained therein.

It will be satisfactory to the Department if you make a thorough investigation of educational facilities at God's Lake and at Island Lake at the time of the next treaty payment. A full report on these facilities, together with any recommendations you may care to offer, should reach the Department immediately following your inspection.

There is in the Department a feeling that the educational facilities provided in a number of these outlying districts should be more permanent in character. What I would personally like to see would be a teacher or welfare and training officer appointed on a yearly basis. This man, in my judgment, should be responsible, under the agent, for the general welfare of the Indian population. He should be responsible for the distribution of rations, medicine, etc., and his wife, if he were a married man, should be encouraged to organize Indian women in the making of clothing, military clothing, the cultivation of gardens, the preservation of vegetables, etc. There is, of course, the question of two distinct and separate groups of Indians belonging to two different churches, which presents certain difficulties. However, we should not use this condition as a pretence or an excuse for not providing better educational facilities for the Indian population. You might turn this matter over in your mind and, if you have an opportunity, discuss it with the Superintendent of Education in these districts. I am personally convinced that we have reached a time when our educational policy in such districts should be thoroughly revised.

Dear Doctor Dorey:

With reference to your letter of the 12th instant, the Department approves the appointment of Mr. David Lyderm as teacher of the Ovi's Lake Industrial School. Salary will be allowed him at the rate of $5.00 a teaching day and the usual term for this school is three months. The previous teacher usually opened the school on or about June 1.

In connection with this school you will recall that earlier in the year you wrote with reference to having it operated for a period of ten months during each academic year. I wrote to the Indian Agent at that time and, after an exchange of correspondence with him, it was decided that no decision could be made until after Treaty time in August on which occasion the Agent will discuss the matter with the Indians. Consequently we can only approve the operation of this school this year on the same basis as in previous years.

Mr. P.C. Lazenby, Indian Agent, Norway House, Man.

On the nomination of the Board of Home Missions of the United Church of Canada the Department has approved the appointment of Mr. David [illegible] teacher of the God's Lake Seasonal School. He will be allowed salary at the rate of $[illegible] a teaching day and will open the school early in June and keep it in operation for a period of three months. This is the usual term at this school. I enclose the necessary forms which he should complete and return as soon as he begins duties.

In other years there has been complaint on the part of the teacher of this school regarding the delay in payment of his salary. This was occasioned by the fact that the teacher did not forward a return until the completion of the three-month period. If the new teacher requires [illegible] he should forward a return at the end of each month. The receipt of this returned the amount due him for that period will be paid.

PLEASE QUOTE
FILE 18-8

SEP 8 1943

Norway House, Man:
27th August 1943.

Indian Affairs Branch, Dept't of Mines & Resources, Ottawa.

With further reference to Departmental letters of January 29th and February 18th last, File 123-3-1, regarding the God's Lake United Church Indian Day School, and the proposal to make this an all year round school instead of a seasonal school as at present, I beg to say that when I was at this reserve for treaty payment last July, this matter was discussed very fully with the Indians at a band meeting.

The matter was put to the Indians from the viewpoint of the Department; - that the Department was anxious to see the Indian children educated, but there was no use in the Department spending a lot of money to keep a school teacher there if the parents were not going to co-operate and see that their children went to school. Quite a number of the Indians said that they usually took their families with them to their winter trapping camps.

To find out just how many pupils could be expected if the school were operated all winter, I asked the Indians, both United Church and Roman Catholic, how many of them would definitely promise to send their children to school during the winter, and in response, there were promises of 17 children for the United Church School, and 2 children for the catholic School. Here I may say that the R.C. School is not open this summer at all, and Father Daniel who is the Priest in charge of the Mission, advised me that they were unable to secure a teacher.

After due consideration of the whole matter I would recommend that the Department keep the United Church Day School open all this coming winter, and give it a trial, as out of the 17 children promised, one could expect an average quarterly attendance of about 8 or 10.

The present teacher of this school, Mr David Friesen, is getting along well, but is unable to stay any later than the third week in September, as he intends going back to University. Mr Friesen advises me that the present Missionary's sister-in-law would be able to take the position if it were offered to her. She has graduated from Normal School this summer. She is Miss T.Neufeld, c/o Peter J Neufeld, Morden, Manitoba. Probably it would be well to get in touch with Miss Neufeld and see if she would accept the position of teacher of the God's Lake U.C.School, and if so, have her carry on after the present teacher leaves about the third week in September.

Dear Doctor Dorey:

We have had under consideration for some months the suggestion to operate the God's Lake U.C. School for the complete academic year. We have just received a letter from Indian Agent Lazenby in which he states that 17 children will be available during the coming winter. I, therefore, feel that it would be advisable to at least try the school for winter to see if we would obtain an attendance that would justify keeping the school in operation during the winter in future.

I understand that Mr. Friesen will be leaving about the last week in September, as he intends to return to university work. Mr. Friesen has advised the Agent that the Missionary's sister-in-law, Miss T. Neufeld, c/o Peter J. Neufeld, Morden, Manitoba, would be willing to accept the position for the winter. Salary could be allowed her at the rate of $100.00 a teaching month, plus bonus. It would be appreciated if you would give this matter your immediate consideration and, if you concur, you might get in touch with Miss Neufeld with a view to ascertaining if she will accept the position.

Dear Doctor Dorey:

I have your letter of the 20th instant, in which you state that you are prepared to nominate Mr. W.A. Harvey as teacher of the God's Lake U.C. Seasonal School. In previous years we operated this school for a period of three months beginning June 1. The salary allowed the teacher was at the rate of $6 a teaching day. However, you will recall my letter of September 14, 1943, in which you were advised that the Indian Agent recommended that the school be kept in operation for the full ten-month term. Although you tried to obtain a teacher following Mr. Friesen's departure, you were unable to do so and consequently this school has not been open during the past winter. I am not certain from your letter whether Mr. Harvey simply wants to go to God's Lake for the summer or whether he will be prepared to consider a ten-month appointment. I would appreciate hearing further from you in regard to this matter.

Dear Mr. Hoey: Re - Gods' Lake School (Your File 123-3-1)

I have your letter of April 24th, and in reply would say that my understanding is that Mr. Harvey is going to Gods' Lake only for the summer; but I am writing to Dr. Cormie to find out if there is a possibility of getting a full-time teacher later on. I think Mr. Harvey should go for the period of three months, beginning June 1st.

Yours sincerely,

R.A. Hoey

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

On the nomination of the Board of Home Missions of the United Church of Canada the Department is approving the appointment of Mr. W.A. Harvey as teacher of the God's Lake United Church Seasonal School. He will re-open the school on June 1.

As suggested in your letter of August 27, 1943, we have discussed with the United Church authorities the question of keeping the school in operation for the full academic year. As yet they have been unable to secure a teacher for that length of time. However, they are making another attempt to do so and, if successful, you will be advised. In the meantime, as stated above, Mr. Harvey will operate the school for the summer months.

Dear Mr. Hoey,- Re: Gods' Lake School

Some time ago the matter of the continuance of this School on a ten months' basis was considered and I think it was understood that if we had a teacher the School could be opened. Dr. Cormie writes to say that Miss Elsa Hiebert, 21 years of age, is anxious to have a school but unfortunately she has no professional training. She has Grade 9, is of excellent character and I think could make a contribution to that School. Would the Department appoint her?

Dear Doctor Dorey:

I have your letter of the 25th instant, in connection with the appointment of Miss Elsa Niebert as teacher of the God's Lake School. In view of her age and lack of experience I hesitate to confirm her appointment. I am not certain if you have a resident missionary at God's Lake. If so, I will be pleased to have an opinion and approve her appointment as under those circumstances she would have some responsible person to live with and to give her advice.

Dear Sir:

I have your letter of the 11th instant and regret that your letter of the 24th ultimo was inadvertently overlooked.

As you state, we allowed you payment for 49 days because that was the number of days that you showed on your returns that the school had been in operation. I note that you consider that you should be paid for [redacted], as we desire to treat you fairly, [redacted] ments to pay you for the 6 [redacted].

I regret that there is nothing we can do about the income tax. As you know, present [redacted] require income tax to be deducted at the source and we have no other alternative than to follow these instructions. However, as you are a student, I agree with you that your salary for the year will not place you in the income tax bracket and you can secure a refund at the end of [redacted]. Norway House, Man.,
4th November, 1944.

Indian Affairs Branch, Dep't. of Mines & Resources, Ottawa.

I beg to forward herewith in duplicate a requisition for school materials for the God's Lake R.C. Indian Day School.

Miss Elsie Hiebert arrived at Norway House, en route to God's Lake to teach this school, on September 13th last. This was the first intimation I had that this school was to be kept open during this winter.

I requested Miss Hiebert to advise me of any requirements necessary, as soon as possible after her arrival at God's Lake, and I would forward a requisition.

There is now no post office at God's Lake, and if the materials set out on the attached requisition are provided, it will be necessary to ship them by air express from Winnipeg, per Canadian Pacific Air Lines Ltd. the express rate being 20¢ per pound.

Dear Doctor Dorey:

I desire to refer to your letter of August 25 and Mr. Hoey's reply of August 28, 1944, in connection with the appointment of Miss Elsa Hiebert as teacher of the God's Lake U.C. School. We do not appear to have received any reply to Mr. Hoey's letter of August 28 and consequently we were not aware that Miss Hiebert had begun duties until we received a letter on December 28 from Indian Agent Lazenby stating that Miss Hiebert arrived at Norway House on September 13 last.

As a consequence we have not yet paid her any salary. When the school was operated as a seasonal one we allowed the teacher $3 a day. No decision has yet been made regarding Miss Hiebert's salary. However, I thought that possibly $100 a teaching month, plus bonus, would be satisfactory. I should appreciate hearing from you in regard to this suggestion. As soon as your reply is received arrangements will be made to forward a cheque to Miss Hiebert by air mail for the amount of salary due her.

Dear Mr. Phelan: Re - Gods' Lake School
Your File 123-3-1

I have your letter of January 2nd. I was under the impression that we had written to Mr. Hoey, or in some other way given him the information that we had a resident missionary at Gods' Lake. However, I can find nothing in the file, so there must have been some oversight.

I think the salary which you suggest for Miss Hiebert is generous, although, of course, the cost of living at Gods' Lake is high. At the same time, I should like it understood that, if this scale is to be allowed in the case of Miss Hiebert, we shall have the right to make representations regarding all the other teachers in Northern Manitoba who are similarly situated and who are getting less salary. I think, however, it might very well be paid her.

Yours sincerely,

Dear Doctor Dorey:

I desire to refer you to Mr. Hoey's letter of [redacted], regarding Miss Elsie Hiebert, teacher of the God's Lake United Church Indian Day School. On reviewing our file, I find that we have only paid Miss Hiebert to the end of December, due to the fact that we were apparently under the impression that the school would be closed until that time. We have not received any definite information from Indian Agent Lazenby. I would appreciate it if you would let me know when Miss Hiebert closed the school, so that, if there is [redacted], we can [redacted] for paying her.

Dear Mr. Phelan: Re: Gods' Lake Day School

I understand that Miss Elsa Heibert is giving up this school. We beg to nominate as teacher Miss Helen Loewen. She is twenty-three years of age, has completed her Grade IX, and is a young woman of excellent character. She has not had normal training, but has some experience. She is evidently a friend of the missionary and his wife.

Will you please advise us as to the date the school will open, and also the salary per teaching month.

Dear Doctor Dorey:

With reference to your letter of the 23rd instant, the Department approves the appointment of [redacted] as teacher of the God's Lake United Church Indian Day School. Salary will be allowed her at the same rate as the previous teacher, [redacted] a month, plus bonus.

This school had always been operated as a seasonal school, but, on the recommendation of Indian Agent Laroche, we wrote you on April 14, 1944, requesting that the school be kept in operation for the full 10 month time. Miss Miebert went to God's Lake some time during the month of October, 1944, and remained there until the end of May this year.

The returns received showed an enrolment of 19 but the average was only 8. This average attendance is not very satisfactory. However, the attendance may be lower during the coming winter, in view of the payment of family allowances. Under the circumstances, I feel that we should endeavour to keep this school open for the full [redacted] year [redacted], from September 1, 1945, to June 30, 1946. If this is done, we will be in a position to decide next year if the attendance warrants the operating this school on a yearly basis or if we should revert to the seasonal plan. I trust that Miss Loewen will begin duties on September 1.

xx xx xx

God's Lake U.C. Day School

The school building is small and is the property of the United Church. It is a log building and in fair repair. The teacher last year was Miss Elsie Heibert. The grades are as follows,

| | | |
|---|---|---|
| Grade 1 | - | 14; |
| " 2 | - | 4; |
| " 3 | - | 6; |
| " 4 | - | 1. |
| Total | | [illegible] |

The attendance for the June quarter was 6.5. I noticed six pupils had not attended at all during the quarter. There is no teacher's residence in connection with this school and the teacher must board with the Missionary. I understand Miss Heibert has resigned.

These Indians are trappers and hunters and so are away from the reserve for weeks at a time. It seems impossible to operate a day school with any degree of success under such conditions.

I was at God's Lake on Oct 20th and 21st. I held a meeting of a number of Indians at the RCMP Barracks, which is located at the Gold Mine. There is a considerable number of Indians living in or around the mine earning their living by fishing. Some of them have bought property from the Mining Co and have settled in. At the meeting a request was submitted that a school be opened. It is estimated that at least 25 children would be in regular attendance. There is a good school house belonging to the Mining Co. I interviewed the caretaker of the property and he assured me that there would be no difficulty in obtaining permission to use this school. There would be no difficulty in obtaining living accomodation for the teacher.

The request was submitted to me by Indians of the United Church and their proposition was that the school at the Narrows be closed and moved to the Mines. I suggest that the school at the Narrows be left and that another school be opened at the Mines. This would require the hiring of another teacher.

The R.C. Churchwhen operating a school at the mines used their own buildings. As the R.C. hold a seasonal school, there would be R.C. children at the mine requiring school accomodation.

I strongly recommend that if a new school should be opened at the mines that it be a non-denominational school and that the appointment of the teacher be made by the Indian Affairs Branch so that Indians of any faith could attend.

Sympathetic consideration of this request will be greatly appreciated.

Your letter of October 30 did not reach the Department until the second week in November and I regret that no reply was sent at that time.

The Department would have no objection to transferring the teacher from the present Cross Lake United Church School to God's Lake and operating the school at that point for the remainder of the academic year. It is presumed that the Mining Company would provide the building free of charge.

Owing to scarcity of teachers, I cannot hold out any hope that we could secure one at this late date for the balance of the current academic year.

Ottawa, March 29, 1946.

re. E. B. Goodman, Indian Agent,
Norway House, Manitoba.

I have your letter of the 26th ultimo, with reference to opening a school at the God's Lake Gold Mines.

I may be mistaken, but I [illegible] 's letter that the mine is not [illegible]. If so, why are the [illegible] to provide for it? How many children would attend and what prospects are there of securing a teacher?

The terms mentioned by the Company would not be satisfactory. The Department does not insure its own buildings. Consequently, we would not be willing to insure property belonging to others also. If we decide to open the school, I think it would be better to pay the Company a nominal rent and they could insure the building themselves.

Ottawa, May 17, 1946.

Mr. A. G. Hamilton, Inspector of Indian Agencies,
538 Dominion Public Building, Winnipeg, Manitoba.

I have been in correspondence with Indian Agent Goodman with reference to establishing an Indian day school at the site of the God's Lake Gold Mine.

The Company has offered to permit us to use the building that was formerly used for school purposes for children of employees when the mine was operating. For your information I enclose a copy of Mr. Goodman's letter of April 20, which has just reached this office.

I understand that there is no reserve where the Indians are now living, as presumably the property is owned by the God's Lake Gold Mine Company.

The establishment of a school at this point would encourage the Indians to live off their own reserve. Possibly this is desirable, but in the past we have had similar requests and in the cases that we approved we invariably met considerable difficulties. Problems always arise when Indians live off their own reserve.

I would appreciate having your views regarding the establishment of the school mentioned.

Philip Phelan,
Chief, Training Division.

Re: School at God's Lake,
Your file 123-16-1, dated May 17th.

I have discussed this matter with Mr. Goodman and he is anxious that school accommodation be made available to the Indians living near God's Lake Gold Mine.

There is no reserve where the Indians now live, but as pointed out by Mr. Goodman they are now established near the mine and do not wish to return to the reserve. The location is close to a trading post, close to the winter fishing grounds and trapping areas and later when winter freighting starts.

The proposed arrangement except of the teacher's salary would not involve much expense and might be tried for one year as an experiment. If satisfactory it could be continued but if on the other hand the children did not attend it could then be discontinued.

I know Mrs. Rollins and believe she would do good work if appointed.

Ottawa, June 1, 1946.

Mr. K. B. Goodman, Indian Agent,
Norway House, Manitoba.

I desire to refer to your letter of April 20 and previous correspondence, in regard to erecting a school at the Owl's Lake Gold Mine in the area in your I.D.-4/.

We are prepared to favourably consider your recommendation, but before making a final decision, it is necessary to have certain points cleared.

One of these points is the matter mentioned in the last paragraph of my letter of March 20. I would like to know the amount of the rent that the Company will require for their building.

Are there desks and other school equipment in this building?

Is it heated by coal or wood and what would be the approximate cost of heating it during the winter?

What would it cost to rent one of the furnished houses for a teacher's residence and what would be the cost of heating this building?

If the above matters can be satisfactorily settled, we are quite prepared to accept the services of Mrs. Rollins. We have been paying, at the Owl's Lake School, a salary of $1,000 a term, thus $2,000 [illegible]. Would the same salary be satisfactory to Mrs. Rollins?

We have received a letter from Indian Agent Goodman in which he states that he has been unable to secure a teacher for the proposed school to be operated at God's Lake Gold Mine.

Please advertise in one of the Winnipeg papers for a qualified teacher for this school. Any applicant who holds the necessary certificates will be allowed salary at the rate of $137.00 a teaching month.

When forwarding the account for the advertisement, you should also send a copy of the newspaper in which the notice was published.

Attention: Mr Bernard F. Neary

I have to hand your letter of Oct 1 with reference to the God's Lake United Church School at the Narrows.

On August 13 I received a letter from Miss Helen Loewen, stating that she had closed the school on August 8 and had left and she also stated that she had not heard just when the next teacher was coming and I assumed that the church was making a rapid replacement. I do not know in regard to these Church Schools where the church begins or where the State takes over in their administration. I understood that it was a matter entirely between you and the United Church or whatever denomination is involved. I know that I had nothing whatever to do with the nomination of other teachers in this Agency. They were nominated by Dr Dorey and confirmed in that appointment by you. The first intimation I received was a request from Ottawa that I have their documentation completed. In any event as things are at the narrows, a female teacher could not go there as the mission is closed and there is no teacherage and except for the R.C. Mission across the bay there is no white man within 20 miles. The rations and the drugs are at the U.C. Mission and there is no one there to issue either. In the last letter I received from the U.C. Missionary when he left, I gathered that the Chief had taken over. I had hoped before this to go in myself but have been unable to get an aircraft.

On September 11 I received a letter from Miss H Loewen wherein she stated she was overpaid and she asked me what to do about it and I referred her to you. I trust that she has written and refunded any overpayment.

The United Church Day School at the Narrows was open and closed as indicated in the quarterly returns for this school. It closed finally on August 8 when Miss Loewen left. I was under the impression that the matter of replacement would automatically be taken up by Dr Dorey with yourself. Attention: Mr Bernard F. Neary

Please find enclosed documentation for Miss Rosemary Fialkoski who commenced teaching at the God's Lake Gold Mine Indian Day School on October 8, 1946. She indicated to me that she did not wish to continue after December 15 and was ready to step out any time I could get a teacher who would take over for the school year. I inspected this school on October [illegible]. There were 25 children present, they were well-dressed, neat and clean. The building is in excellent condition and very pleasant school building. It also was neat and tidy. I asked Miss Fialkoski, if, in the event that I was unable to procure another teacher she would carry on indefinitely but she would not commit herself in this regard.

[illegible] have been [illegible] Virond who [illegible]

I was at the Narrows at God's Lake and the United Church Mission and school are both closed down and the Indians expressed considerable regret over this. I advised you in a previous letter that there was no teacher.

The ration house is at the U.C. Mission and I asked Father Rivard if he would supervise issuing of rations for the aged and destitute and he said that he would if I could find no one else who could do the work. Constable Bradley of the R.C.M. Police was away however I left a note requesting him to assist Father Rivard with the rations.

We have your letter of the 24th ultimo advising that Miss Rosemary Fialkoski opened the school at the God's Lake Gold Mine on Oct. 8 but that she does not wish to continue in charge of the school.

On Oct. 23 we advised Inspector Hamilton that we approved the appointment of Miss Vipond and it is presumed that she has now arrived at the school.

If you let us know the date on which Miss Fialkoski gave up duties, we can arrange to issue cheque for her services.

We should also have the usual forms completed and returned by Miss Vipond.

Re: Your File 123-15-1 (WT 1)

Thanks for your advice re: the Non-treaty pupils attending God's Lake School. Sometime we shall have to gather together all the facts in connection with attendance at mixed schools.

We are opening a school west of Sinscarth near a small Indian Reservation. There will be a few Treaty children attending this school, which is being opened to take care of some 50 or 60 Half-Breed children.

When everything is settled we can collect all the odds and ends and find out exactly where we are at.

Dear Mr Neary:

I am at the present time making my pastoral visit and I have received word that a neutral day school is planned for God's Lake Narrows. We are told that this school will probably be situated near the Hudson's Bay Cy Post in order to serve the two groups, and that sand, in a few weeks, will be taken to that place in view of the said building.

Dear Mr Neary, you know very well the policy of the Catholic Church in this matter. I therefore wish respectfully to advise you that I stand for the principal of confessional school in God's Lake Narrows.

Dear Bishop Lajeunesse:

As you are probably aware, the Department has operated, in conjunction with the United Church Mission, an Indian day school at God's Lake Narrows for a number of years. It is this school which is now being built.

I am quite aware of the fact that you have a seasonal school at God's Lake, and presume that you will make an official request for the establishment of a full time school for the Roman Catholic children at this post.

I would be pleased to hear from you in due course concerning this matter.

Sir;-

I have the honor to enclose herewith the Quarterly Return of the God's Lake Day School for the Quarter ended Sept.30th,1925.This was late reaching me,but there has been no communication with God's Lake since the beginning of October until last week.

I note that the school was open 14 days out of 21 teaching days.The enrollment was large for God's Lake, and the average was good,15.43.It is likely that will be the highest average of the year.

This school is carried on under considerable difficulty,owing to the nomadic habits of the Indians,very few remaining at home except for a very short period [illegible].

I have the honor to enclose the Quarterly Return for the Day School at God's Lake for the December Quarter.

I was very doubtful if there would be any school there this season,as times are hard,and fur scarce,and the people are going farther afield for their camps.However,since the location of the Mission is established,some of the Indians are building near by,

I think all the pupils are new,that is,none of these attended last year.

Dear Sirs:

In checking up the receipts from the Department for the salaries of the teachers of our Indian Day Schools, I find no cheque has come to hand for the March quarter for the teacher of the School at Gods' Lake and Island Lake, Man., and at Takush, B.C.; nor for the September quarter for the teachers of the Schools at Gods' Lake, Island Lake, Poplar River, Man., Cape Mudge and Takush, B.C.

It may be that no quarterly returns have been received by the Department from the teachers concerned. If so, I shall be glad to know in order to have these returns sent forward more promptly to the Department.

Awaiting your reply,

Reverend Sir,-

In reply to your letter of the 26th ultimo, I beg to say that the salary of the teacher of the Cat's Lake School for the quarters ended December 31st, 1928, and March 31st, 1929, was included in cheque [illegible], for $[illegible], which was sent to your Treasurer on July 4th, last. Of this amount, $[illegible] represented payment for the December quarter, 1928, and $[illegible] for the March quarter, 1929. No returns have been received for the June or September quarters.

The salary of the teacher of the Island Lake School for the quarters ended March 31st and June 30th, 1929, were included in cheque [illegible], for $[illegible], which was also sent to your Treasurer on July 4th, last. This cheque included $ [illegible] for the March quarter and $[illegible] for the June quarter. The September quarter return has not yet been received.

The Department has not yet received the September quarter returns of the Pelly River and Lac Seul Schools.

With reference to the school at Fauna, P.Q., which is being established on the Lapotin Point Ivy Reserve, I beg to refer you to my letter of August 24th, last, regarding the [illegible] for the quarters ended December 31st, 1928, and March 31st, 1929. Certain [illegible], the amount, in payment of the teacher's salary for the quarter ended June 30th, was forwarded to your Treasurer on August 24th, last. No return has yet been received for [illegible].

The Secretary,
The Department of Indian Affairs,

Dear Sir:

I have Department letter No. 123-3-3 of Mr. Russell T. Ferrier, stating that certain cheques were forwarded to this office July 5th, 1929, for the salaries of the teachers at Gods' Lake Indian Day School and the Island Lake Indian Day School.

To this I would reply that the statement is quite correct, but I think the cheques in both cases failed to note that the amount included payment, in the case of the Gods' Lake School, for the December quarter, 1928, and for the March quarter, 1929, and, in the case of the Island Lake School, for the March quarter and the June quarter, 1929. I have corrected the payments on our records in accordance with this information, for which I am obliged.

Ottawa, March 14th, 1931.

Reverend Sir,-

With reference to the last paragraph of your letter of the 12th instant regarding the appointment at God's Lake. I beg to say that the Department will approve of this school being conducted this summer.

If a missionary is employed as teacher, salary will be allowed at the rate of $5.00 a teaching day int. If a lay teacher is employed, the rate will be $3.00 a teaching day.

In reporting on God's Lake recently, Mr. Agent [illegible] reported that, if a summer school was opened at this point, it should be conducted from about June 15th to September 10th, as this is the time of year when the families are at home and a regular attendance could probably be secured.

I would appreciate hearing from you later regarding your nomination for this school.

Ottawa, May 26th, 1931.

Sir:

Referring to official letter dated April 29th, last, informing you of the appointment of Mr. [illegible] as teacher of the [illegible] school at God's Lake during the coming summer, I now have to inform you that Mr. Stinson will be unable to accept this position.

The authorities of the United Church of Canada have nominated the services of Mr. Morley Coleman for this position. He is a prospective medical missionary and has had good standing during the three years he has been at Wesley. The Department is approving of his appointment, with salary at the rate of [illegible]. He has no [illegible] qualifications, but it is considered his services will be satisfactory at God's Lake for the coming summer. Please give him any assistance you can in his work at this school.

It is hoped that the classroom supplies which have been forwarded addressed to you will arrive in time to go forward to God's Lake with Mr. Coleman, who will see you when he arrives at Norway House.

Your obedient servant,

A. F. MacKenzie,
Secretary.

MEMO.

OCT 27 1933

Sir:-

I have the honor to enclose herewith the Report of [illegible]Lake United Church Day School for the three months [illegible] Sept. 30th, 1933.

I have no information as to the arrangements made by the Department as regards this school. Mr. Fred Stevens went through Norway House, and informed me that he had been appointed as Missionary-teacher for God's Lake. He made out a requisition for school supplies, which I forwarded to the Department. At the time I expected to receive word from the Department re his appointment, and the conditions of same.

It would appear that the school is now closed for the winter. I think this is better than trying to keep it open, as there should be no children at the "arrows during the trapping season.

I have a letter from Mr. Stevens, in which he informs me that the school supplies were sent to him, were taken in by plane, and that he paid charges of freight on 25 lbs. @ 23¢ per lb. or $5.75. I have requested him to forward receipts to me for this payment, when repayment can be considered. I do not know who was responsible for having these articles forwarded by plane, at these rates.

Dear Mr. Hoey:

You will remember that last Spring I raised with you the question of providing a little extra to pay the transportation allowance for Mr. Meadows, one of our students, who was teaching school at Gods' Lake. At the time you said this was impossible but that to help out you would raise the rate of pay from $4 to $5 which was quite satisfactory.

However, in making adjustments with Mr. Meadows at the present time, he makes this interesting statement, "The Department would automatically raise the grant from $4 to $5 per day as this was my second term with them, without regard to expenses". May I ask if there is such a regulation in your Department that a teacher serving for the second year is entitled to more than one serving for the first? If there is, then I am sure that you will be glad to reconsider the proposal which was made to us last Spring as this hardly helps us out.

With kindest regards, I am

Yours sincerely,

Geo. Dorey.

Dear Doctor Dorey:

I am in receipt of your letter of the 23rd instant with reference to the amount allowed to the teacher of the God's Lake summer school. It is difficult to understand why Mr. Meadows stated that it was our custom to automatically raise the grant from $4.00 to $5.00 a day in the case of any teacher who was engaged for a second term. This statement is incorrect. In this regard I might refer you to payments made for 1933 and 1934 during both of which years Mr. Fred W. Stevens was employed and was allowed $4.00 a day. I might also refer you to the years 1931 and 1932. In both of these years Mr. Morley H. Coleman was employed and he was only allowed $4.00 a day.

October 22nd, 1940.

Mr. R. A. Hoey,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Sir,

To-day I received a cheque from the Comptoller of the Treasury for Two Hundred three Dollars and Seventy Cents ($203.70), which I presume you must mean to be the balance of my summer salary as teacher of the United Church Indian Sectional School at God's Lake during the past summer. You will remember you sent me a cheque about the second week in August for Two Hundred Twenty-one Dollars and Twenty-five Cents ($221.25) as I had requested a part payment in order to pay back monies I had borrowed to finance the journey in there from Winnipeg and my living expenses while there.

Surely some mistake has been made in figuring out my salary as I was formerly told I would receive Five Dollars per day taught and I taught eighty-eight days during the summer, making a total salary of Four Hundred Forty Dollars ($440.00). In my report sent you about August 5th, I reported on days taught from June 4th to July 31st, which was forty-six days. In my report forwarded to you by Mr. Lazenby Indian Agent at Norway House, I reported on the period from August 1st to Sept. 15th which was 42 days. This makes a total of eighty-eight days taught and so I expected my salary to be Four Hundred Forty Dollars. Your two cheques to me, one dated approx. August 1st or 2nd and one dated Oct. 7th were for $221.25 and $203.70 respectively, which makes a total of only $424.95. This is $15.05 short of what you usually pay for eighty-eight days teaching. When you consider the expenses of plane fare to such a distant point and the living expenses in such an outlying area, you will readily see that the actual profit is not great and so $15.05 means quite a bit to me.

I have thought that maybe 2 per cent was deducted for the National Defence Tax but that is hardly possible as I am a University Student and I do not make Six Hundred Dollars per year. Even if this two per cent were deducted, that still leaves $6.30 for which there is no account.

If you have been compelled to deduct the two per cent National Defence Tax, on all monthly cheques, then to what Department do I apply for the refund of such monies as my income is much less than $600.00 per year.

Would you kindly rectify this error and send me the cheque for the balance of $15.05 or the $6.30 as the case may be, and if it is the latter please let me know to whom I must apply to receive the refund.

I am very sorry to have to bother you in this matter but that much money means a lot to a University Student and also I am anxious to know how such a mistake could happen in your Department.

I thank you for the cheque which I received to-day and trust that you will see fit to rectify any error that may have been made.

Yours Truly,

Indian Affairs. (RG 10, Volume 6234, file 513-3, part 1)

Dear Sir:

I have your letter of the 22nd instant with reference to deductions from your salary as teacher of the God's Lake U.C. Seasonal School.

Due to the fact that the daily rate of salary would result in your earning more than $1200.00 in a year this Department is obliged by law to deduct the 3% National Defence Tax. In your particular case the returns which you submitted showed that the school was in operation for 45 days from June 1 to July 31 and at the rate of $5.00 a day the amount due was $225.00. 3% was deducted for the period you were in charge of the school from July 1 to July 31 or an amount of $3.75. For the period August 1 to September 18 the return showed that the school was in operation for 42 days and the amount due you was $210.00. 3% of this amount is $6.30 which was deducted. You will note from the above that there was a total deduction for National Defence tax purposes of $10.05.

In view of your statement that your total yearly income will not exceed $[illegible].00 you can apply for a refund of the above-mentioned amount of $10.05. Application should be made to the Inspector of Income Tax, Winnipeg, Man., from whom you can secure the forms that you will be required to complete.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir,

Re: U.C. Indian Summer School at God's Lake

I thank you for your letter of Oct. 31 st. You have explained why the amount of Ten Dollars and five cents ($10.05) was deducted and I shall apply for a refund of this amount by application to our Income Tax office in the Winnipeg as you suggested in your letter.

However, there is still another Five Dollars ($5.00) unaccounted for as $15.05 was deducted from the amount which I had expected i.e. $110.00 (46 days @ $5 per day). Your letter explaining how this error was made, you state in the above-mentioned letter that the School at God's Lake was open for Forty-five days from June 1st to July 31st. If you will check the returns which I sent to you for this period you will find that they show that I thought 46 days and not 45 days as you point out. When you check up on the returns you will see where the error was made and I hope you will feel in a position to rectify it by sending me your cheque for Five Dollars.

The following is a statement of the account as I have it and as sent by you :

| | | |
|---|---|---|
| To: June 1-July 31st 46 teaching days @ $5 per day | $230.00 | |
| August 1-Sept. 19th; 42 teaching days @ $5 per day | 210.00 | |
| By: Your cheque rec'd approx. August 10th. | | 221.25 |
| Your cheque rec'd approx. Oct. 20th. | | 203.70 |
| National Income tax as per your letter of Oct 31 | | 10.05 |
| Balance due me | | 5.00 |
| | $440.00 | $440.00 |

I trust that the above will prove to you that I am still entitled to a further cheque of Five Dollars ($5.00) and that you will send it as soon as possible so that this matter can be cleaned up.

Thanking you,

Yours truly,

Attention: Hamard F.Neary Esq.Supt. Indian Educat'ON

Dear Sir,

With reference to your letter of Oct. 31,1949, File 513-5(E)which I received in yesterday's Mail.

As regards the balance of payment to the contractor, you will note in my previous letter dated Oct.20th File 23/138,I mentioned the building had been completed sufficiehtly to legalise payment.

Due to the isolated position of the school I am of the opinion it would be rather hard on the contractor to make him go in there and complete the job properly, as he would have to fly in at the cost of some hundreds of dollars.

Two days work would finish the painting and windows.

My point was,the man was careless and I would consider refusing to give him any future contractswith the Indian Affairs would be sufficient to meet the case.

The decision of course, rests entirely with you and Mr. R.S.Davis Regional Supervisor.

Your obedient servant,

J.H.Stanyon,
Supt. Nelson River Agency.

Re: God's Lake U.C. Indian Day School

We have just received Superintendent Staunton's letter of December 1st, a copy of which has apparently been forwarded to you.

When we wrote Mr. Staunton on October 31st, a copy of our letter was also sent to your office.

It would be appreciated if you would let us have your opinion on the matter as soon as possible.

Yours truly,

PRIVY COUNCIL

CANADA

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 6 JULY 1949

The Committee of the Privy Coun[illegible] before them a report dated 22nd June, 1949, fr[illegible] Minister of Mines and Resources, representing:

That it is immediately necessary, and funds are provided in the 1949-50 estimates, Vote 230, Indian Affairs Branch, Department of Mines and Resources, to complete the erection of one-room Indian Day Schools on the God's Lake Indian Reserve and on the Oxford House Indian Reserve, both in the Nelson River Indian Superintendency in the Province of Manitoba;

That it is essential that educational facilities be provided for the Indian children on the God's Lake Reserve and on the Oxford House Reserve;

That Section 30 of the Public Works Act, Chapter [illegible] R.S.C. 1927, provides in part as follows:

"Whenever any works are to be executed under the direction of any Department of the Government the Minister having charge of such Department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing emergency in which delay would be injurious to the public interest....."

That the building materials for these sch[illegible] already been purchased and have been shipped by tractor trains to the sites of both schools;

That, due to the very isolated situati[illegible]n of both these Indian reserves, there are few builders or contractors in the area and outside contractors are not interested in tenders if invited as aforesaid, as they have all the work they can do in their own localities;

That, as the result of enquiries made b[illegible] officials of the Department of Mines and Resources following labour tenders for the erection of th[illegible] have been obtained:

The Committee, therefore, on the recommendation of the Minister of Mines and Resources, advise that authority be granted for the erection of the God's Lake Indian Day School and the Oxford House Indian Day School by Mr. Elmer Sabiston, of Winnipeg, Manitoba, at the price of five thousand dollars ($5,000.00) for each project, this being the most suitable arrangement possible at the present time and it being essential that this work be undertaken at once and carried on to completion in order to provide educational facilities for the Indian children on these reserves in time for school opening in September.

Dear Sir,

Attached please find account from Hudson Bay Co. covered by labour returns and receipts for worked performed in connection with construction of Gods Lake United Church School.

These accounts have just been received at this office although the works was performed in August and September.

It should be borne in mind when considering the total amount involved (which appears excessive at first glance)that all the materiek for the schoolhad to be unloaded from the tractor across a narrow strip of water away from the site due to weak ice.

This meant every thing had to be loaded again on barges, ferried across the waterand unloaded , a dock had to be built , the material carried by hand to the site. and the site cleared of trees etc.

I am submitting the account and vouchers through your office for your information and any comments you may deem necessary.

Your obedient servant.

ILFORD, Man.

Dear Mr. Staunton:

Enclosed herewith is my requisition for school supplies.

I am in need of a gelatine duplicator. The one I am using I picked up around the mine - and it is most unsatisfactory - even the children sigh when they look at the copies. I have selected a model from Moyer's catalogue which I believe will meet my requirements.

Also, the cups now in use were supplied during the time the mine was operating and have now reached the stage where they are unsanitary.

Two years ago the roof was patched. The entire surface should be gone over as soon as possible.

Yours very truly,

R. A. Bennett

re: Your File 138/6-1-513

With reference to your letter of the 8th instant, our records show that the following balances are due on the contracts to which you refer in your letter.

1. God's Lake Narrows - Elmer Sabiston - $ 500.00

2. Nelson House U.C. - Matthews Const. Co. - $1,750.00

It is noted that you are not prepared to recommend at the present time that the above amounts be paid. However, your letter does not state a definite date when the remaining work will be completed by the contractors.

If at all possible, we are very anxious to have the work completed before the end of March, so that payment of any balances due can be made by the end of the current fiscal year. We have not provided any funds for the construction of these two buildings during the fiscal year 1950-51, as we expected them to be finished before that fiscal year commenced.

Please keep in touch with the situation at [illegible], and let us have [illegible] information from you by March 15th. If the work at either or both schools is not completed by that time, it will be our intention to request the Treasury Branch to issue cheques for the balances due, and

GOD'S LAKE U. C.

I have just returned from the Fur Conference held at The Pas. While in the north I visited Island Lake and God's Lake Schools. In connection with the God's Lake school that Mr. E. Sabiston built I have to report that this man made a very poor job of finishing this school. The floor has not been nailed properly and only one coat of paint was applied and very poorly applied. I have phoned Mr. Sabiston requesting that he come to the office. I will instruct him to return to God's Lake and finish the school properly before he can receive further payment.

Further reference to my letter of February 8, 1950, file No. 138/6-1-513 regarding payment to Mr. E. Sabiston in connection with the God's Lake School.

Please be advised we are holding $1,000.00 on the two schools - God's Lake and Oxford House. As the Oxford House School is finished I feel that we could refund the $500.00 on this school. However, the God's Lake School has not been completed according to specifications. There is only one coat of paint on the inside of the school, the hinges put on the kitchen cupboards were old hinges and not the proper kind. The doors of the cupboards were very poorly done. The kitchen cupboards have only been put up with plyboard without two by two's to support them.

In my opinion Mr. Sabiston should go in and finish the job at God's Lake or make arrangements with someone in the locality to do the painting before he receives final payment. I spoke to Mr. Sabiston when he was in the office recently regarding the God's Lake School but he gave me no satisfaction as to what he intended to do.

If you would forward the $500.00 cheque - this being the deposit for the Oxford House School - I will forward same on to Mr. E. Sabiston.

We are in receipt of your letter of the 22nd ultimo and it is noted that Mr. Sabiston has satisfactorily completed this building.

Our records show that there is an amount of $5,000.00 and there is also due him the monthly [illegible] mentioned in your letter of today's date regarding the Oxford House School.

If you so desire, youcan issue a progress payment for the balance due on his tender price, and we can hold the security deposit of $1,000.00 until he satisfactorily completes the God's Lake School. It is hoped that you can arrange with Mr. Sabiston to have the work done before the end of March.

With reference to your letter of March 15th, file 530-5 (E1), I am forwarding herewith a Progress Report for $500.00 on the God's Lake School, and we will hold $1,000.00 deposit until this work is completed

Mr. Sabiston will go right in and complete the work on the school as soon as he receives the cheque from us for $500.00. At the present time Mr. Sabiston is without funds and unable to get to God's Lake. Therefore, I would appreciate it if you would forward the cheque, in my care, at once.

Mr. Waite, who at the present time is at Ilford, can go in with Mr. Sabiston and go over the work with him so he will know just what he is to do to complete this building. They will go in by bombardier with Mr. Staunton.

Attn. Mr. B. F. Neary, Superintendent of
Indian Education

Superintendent Stanton of the Nelson River Agency has requested that we pay $15.00 a month to Rev. Gibson for a room used by Miss Hahn, Teacher, U. C. Indian Day School at God's Lake. We have a Teacher's residence at this point but as the furniture is now enroute it is necessary for Miss Hahn to board out. I would recommend that Mr. Stanton's request be granted. If you will wire me by return I will see that a voucher is forwarded so that this amount can be paid out of this years appropriation.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

1950,

Dear Sir: Re: Gods' Lake School Building.

A number of years ago the Board of Home Missions erected at Gods' Lake a small log building to serve as a schoolhouse. When the forest fire destroyed the church, this building was not burned and it was used for both purposes for a time. For the last two years, however, it has not been usable and the school has been held in the new church building under very unsatisfactory conditions, as there are no desks. Mr. Fred Stevens has secured the cooperation of the Indians and they have put up a new log school building. Before this can be used, it will be necessary to buy some equipment and to screen the windows and doors, as the school must be held from June to September when the musquitoes are at their worst.

The Board of Home Missions has already made an appropriation to provide the desks and I am writing to ask if the Department of Indian Affairs could find $200.00 to reimburse Mr. Stevens for the outlay which he has made in putting up the framework of the structure. This seems a very reasonable proposition, and, when compared with the cost of the school buildings at Oxford House and Island Lake, provides the Department of Indian Affairs with a place where the summer sessions of this day school can be held for several years at a very modest expense.

Mr. Stevens acknowledges receipt of the school supplies which were sent in to Ilford and will be forwarding to the Department the bill for transporting them from Ilford to Gods' Lake. He was disappointed to find that there was no blackboard cloth included and asks if it would be possible for the Department to send him a couple of yards by mail. He will see that it is properly framed and mounted.

Trusting that this request may meet with favorable consideration,

I am

Yours very sincerely,

Indian Affairs. (RG 10, Volume 6235, file 513-5, part 2)

OFFICE OF SI
INDIAN AGENT

Norway House, Manitoba,
August 31, 1934.

With regard to your letter 123-3-5-August 7, and the God's Lake United Church Indian Day School, would say that I had a letter recently from Mr. Fred Stevens who is teaching there. In this letter he offered to proceed with the building of the school but suggested that he close his school, although he had an attendance of thirty pupils on the day of writing, in order that he might give his full time to building. I presume his expectation was that the department would pay him his teachers salary while engaged on the building. I enclose a copy of the letter which I have written to him in reply, which letter expresses my opinion of the situation as it stands.

Until sufficient funds can be provided for the erection of a proper building which can then be suitably furnished and which could be expected to serve the purpose of a school for a considerable number of years, I am of the opinion that the church building will serve. With small expenditure this building could be fitted with tables and fairly comfortable seats, a moveable blackboard and a small cupboard and desk and it could be used during the summer months. It is unlikely that a yearly school will be practicable at God's Lake for some time to come. As a matter of fact, I am not in favor of any encouragement being given to the Indians to remain around the missions or the posts during the winter months.

Your obedient servant,

INDIAN AGENT.

Norway House, Man:
13th August 1942.

Sir,

The God's Lake reserve recently visited the two day schools, and the United Church school requested that some , as there are none, the pupils using d improvised tables for desks.

I would recommend that 12 double desks be provided for this school, similar to those that were supplied to the R.C. day school at the same reserve a year or two ago. These were made at the reserve from lumber bought from the R.C. Mission and cost $7.50 each complete. However, the R.C. Mission has no lumber on hand just now, and the lumber would have to be bought from the God's Lake Gold Mine at $65.00 per thousand feet. The Rev: K.C.McLeod, U.C.Missionary, has advised me that the necessary lumber could be bought at this rate, and with the use of local labour the total de would be approximately $9.00 each, making a total for the 12 desks required, $108.00.

Will you kindly advise me by return mail if this amount can be appropriated for this purpose, so that the work may be got under way as quickly as possible.

Dear Sir:

I have for acknowledgment your letter of the 13th instant in which you submit, for departmental consideration, a request received by you for 12 double desks for use at the United Church Indian Day School at God's Lake.

It is noted that these desks can be constructed locally, with lumber that can be secured from the God's Lake Gold Mine, and that the cost is not likely to exceed $9.00 each.

You have departmental approval to take the steps necessary to have these desks constructed and placed in the school.

Yours truly,

R. A. Hoey,

Ottawa, September 26th, 1947.

Mr. E.B. Goodman, Indian Agent,
Norway House, Manitoba.

I have a letter from Mr. Clark with reference to Cod's Lake Narrows United Church School.

In addition that some building material could be salvaged from the deserted town of Cod's Lake, I suggest that Mr. Barnett might trip out by water to cut logs for the United Church school at the Narrows. I presume the expenditure incurred would not be large and you can arrange to carry out Mr. Clark's suggestion.

The Department is prepared to allow an amount of $5.00 a month for the period October 1st, 1947 to April 30th, 1948 for purchase of materials to serve a hot drink to the pupils at noon.

If you can secure a cook stove, you may do so.

[illegible] other minor repairs to the building necessary to render it comfortable throughout the winter.

United Church Mission,
God's Lake, Man.,
Nov. 6, 1927.

Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sirs:

The following expenditures have been made for work on the school grounds and buildings:

1.
Albert Spence - worked Sept. 22, 23, 24 - was paid $1.75; $2.50 ; $1.90 total $6.15

Arthur Trout - worked Sept. 22, 23 - was paid $1.75 ; $2.50 total $4.25

George Andrew - Sept. 22, 23, 24, 25 - rec'd. - $1.75; $2.50; $1.90; $2.50 - $8.65

Angus Andrew - Sept. 22, 23, 24, 25 - rec'd.- $1.75; $2.50; $1.90; $2.50 - $8.65

Stanley Rees - Sept. 22, 23, 24, 25 - rec'd.- $1.75; $2.50; $1.90; $2.50- $8.65

Total $ 36.35

Their work included:
- Tearing down the old wind-mower tower;
- dismantling the stone chimney and fireplace - a remarkably substantial structure, worthy of having another house built onto it;-
- removing stones and rubble;
- carrying large cut timber by the fireplace-removal, also logs and thick insulation of moss;
- clearing up and covering front door of school in shelter fashion so as to make the school less drafty and more habitable;
- removing large rock from the playground;
- cutting out undergrowth which has sprung up in front of and around the school
- doubling the size of the playground by cutting down the bush;
- gathering brush in piles ready for burning;

2.
George Andrew (Jr.) - Sept. 20; 22; 24;25; rec'd.- $2.50; $2.50; $1.90; $2.25 -- total - $9.15

His work included:
- building tables in school for evening meetings;
- repairs to the interior of the small, two-storey (Indian) dwelling to allow them to store properly, floors, beds and bedding, cooking utensils which the women were lacking; relining up cook-stove & its chimney; clearing other physical;
- repairing old broken down bridge, digging new Indian trail;
- drawing in run off spring water.

Total -(of 1. & 2.) $ 45.50

I had been instructed by Mr. K.McKenzie to pay for the work done with orders issued on the Hudson's Bay Co. This was impossible as the office, post closed down when their manager resigned. The Miss Young, Teacher, has an outpost here in charge of an Indian. Numerous lines of credit have been cut off stock in this same fashion as have been supplying the Indians out of our supplies. I am writing here have asked that they be allowed to receive goods in place of orders. This was done a few days, months, in some instances in the appearance of my accounts. I have since made arrangements with them. I intend that all future Indian work will be paid for with orders on His Majesty, his trader will forward the orders to him, and he will send the keys. An enclosing copies of my orders, though unwittingly they are not enlightening/ This work has been paid for by me, therefore payment should be forwarded to me rather than to Kenlowil's outpost.

Yours truly,

Indian Affairs. (RG 10, Volume 6235, File 513-5, part 2)

Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sirs:

The following expenditures were made for sawing the school sawdwood into 2-foot and 1-foot lengths:

A. 1.
Kitty Andersum worked Sept. 9 & 10 @ $1.50 a day $3.00

Nora Jean Halstrow - Sept. 9 & 10 @ $1.50 a day [illegible]

Total [illegible]

Approximately 1½ cords were sawn. This rate proved too high as the sawers were paid $2.00 a cord for 2-foot lengths and $2.50 for 1-foot lengths.

2.
Sept. 25 - Nora Jean Halstrow & Alice Dee - for 1½ cords - $3.00

Sept. 27 - Mary Andrew and Janet Perch - for 2 cords - $6.00

Oct. 1 - Ila Hastings & Alice Dee - for 2 cords - $4.00

Oct. 1 - Mary Andrew & Janet Perch - 2 cords ( 1-foot) [illegible]

Total [illegible]

Total - (1. & 2.) [illegible]

---

B. The following was spent for digging the school garden for the purpose of raising vegetables for hot noon lunches next year:

John George Trout worked 2 days, Oct. 11 and 14 - and was paid - [illegible]

---

C. Some received several 10" x 12" panes of glass in the one window of the school, one 24 and one and discovered a large quantity of frost to be used for hot noon lunches. That they proceeded to open up, or should I say demolish, the school in an effort [illegible] [illegible] the [illegible] of the lights. The janitor nailed some over the windows with [illegible] within (which proved too small) but the next morning they were found pulled off and the room there exposed which the school. The janitor then proceeded again to nail on the panes. (On the morning of the 24th) we found the panes shoved through and the room exposed. Determined to [illegible] [illegible] by glass and [illegible] the cans and [illegible]. In despair the janitor [illegible] up tender eggs and placed on order that any [illegible] around the school [illegible] be shot. God's Lake Narrows Indian Day School

Little Black River Indian Day School.

Reference your 202 - AB of August 30

I have just finished a long discussion with both Mr. Doucet and Mr. Clark concerning the proposed transfer of funds from the God's Lake Narrows School in the Norway House Agency to the Little Black River School in the Clandeboye Agency.

On January 7, 1948, I wrote to Mr. Indian Agent Goodman as follows:

"God's Lake Narrows U.C. Day School -

"Unfortunately, North American Builders Limited have such a large quantity of orders from the Army and Department of Transport ahead of them, that they will not be able to build our prefabricated schools until the late spring. Therefore, we have no alternative other than to place the order for this school and request that it be delivered as early in the 1948-49 winter as the tractor train shipments are made. We regret this action, but so many other concerns are ordering prefabricated buildings, that we must wait our turn for delivery."

As you are probably aware, Mr. Clark has made an educational survey of the Norway House Agency and he has emphasized the necessity of providing a good school at God's Lake Narrows where there are a large number of children.

Mr. Goodman was also insistent for the needs of a proper school at God's Lake Narrows and it is felt that before we transfer those funds, we should have an opportunity of further discussing this problem. The present school at God's Lake Narrows is an old log building which is very dilapidated. Our records show that there Indian children have attended this school very well with an average attendance last year of approximately 45.

I would like to discuss the situation, therefore, with you when I see you in Winnipeg next week.

Bernard F. Neary,
Superintendent of Education.

I am enclosing a requisition for a one-room day school at Cod's Lake, Manitoba. Mr. J. M. Lobbs, Acting Superintendent at Norway House visited Cod's Lake recently and has advised me that there are no buildings suitable for our purposes.

It will be necessary for this material to go in during the winter. I believe this material could be purchased at The Pas and forwarded from there via Hudson's Bay Railway to Ilford.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

With reference to Department letter file 513-5, of the 4th instant, I have to advise that it is impossible to get in touch with Mr. Hughes at the present time.

I would not recommend prefabricated buildings at the points mentioned, and would suggest that material be shipped in at the earliest possible date, as per Department specifications and material lists. I will be able to procure a builder if Mr. Adams is not available for work on the schools next summer.

If I am able to get in touch with Mr. Hughes a further report will be furnished.

Yours truly,

Dear Sir:

Re: [illegible]

Reference your letter 201-4B of February 7

Immediately your letter was received here, we began to [illegible] an estimate cost of [illegible] Day School with [illegible]'s residence which could be erected at a lower cost than the present building.

This building will not have a full basement, and will be heated by [illegible] and not by a furnace. It should, therefore, be much cheaper to [illegible] and will [illegible] than in the more northerly areas, where it is almost necessary to put in a full basement.

I have just returned by [illegible] from [illegible] and [illegible] about the [illegible]. I have [illegible] to show them to you during [illegible] [illegible] [illegible]

P.C.C13

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 18 FEBRUARY 1943

from the Minister of

that funds are provided in the 1942-43 Appropriation, Indian Affairs, [illegible] for the erection of schools and teachers' residences on the following [illegible]:

God's Lake Narrows
Island House

That these materials require to be shipped in now to the sites of the schools by tractor train so that erection can be carried out next summer;

That these schools will be erected by local Indian day labour under the supervision of a former [illegible];

That every endeavour has been made to obtain quotations from various firms for the materials required for the buildings;

That only two firms have submitted complete tenders for all materials required:

(1) Empire Lumber Company Limited, Winnipeg, Manitoba, have quoted $14,236.52 f.o.b. Ilford, Manitoba.

(2) North American Lumber and Supply Company Limited, Winnipeg, Manitoba, have quoted $11,670. f.o.b. Winnipeg, Manitoba.

That the officials concerned consider the prices quoted by the North American Lumber and Supply Company Limited to be the lower in spite of the very low f.o.b. prices.

The Committee, therefore, on the recommendation of the Minister of Mines and Resources, advise that authority be granted for the acceptance of the tender of the North American Lumber and Supply Company Limited, in the amount of $11,670. f.o.b. Winnipeg, for the supply of the materials necessary for the erection of the [illegible] (as above).

(c) Tracing of T2132.

On T2132 I have shaded in red the site of the present school (old mission house) on Church property. We could avoid having to buy this if we could, when conditions permit, determine whether Mr. Goodman and I were right in supposing that we had located a site on Indian land (shown by a red X).

If there should exist any doubt in this also as it seems desirable that the agency should have a copy of everything, because he will have to decide whether to file the matters at the N.B. post or at the N.C. Mission (Hay River).

On [illegible] we could use the land if we [illegible] were not so keen on demolishing existing ones.

Perhaps Mr. Bennett would recommend the area shaded in blue on T2132 and thus save
(a) the existing "school" for an "over-flow" room
(b) added difficulty of surveying the red area.

Mr. J.H. Staunton,

Re: God's Lake United Church School

We have recently received a letter from [redacted] at God's Lake. Part of his letter reads as follows:

"Tractors are unable to get closer than to the Catholic Mission or to the Hudson's Bay Co. I will try to see Mr. Roy Bennett re his suggestions for the best possible placing of the materials. They could be moved here by bombardier from where the tractor leaves them or they could be moved by barge in the spring."

Before the supplies are shipped, you should [redacted] so that they will be available for construction of the building when the weather conditions permit. Mr. Gibson [redacted] and the new building erected on the same site. The former agent, Mr. Goodman, suggested a different site. For your information in this regard, I attach a rough sketch prepared by Mr. Clark of this Division.

Mr. Clark feels that as buildings at God's Lake of any sort are scarce, and as he understands that there is a continual demand for them, it would be unwise to demolish the present school, which may be used for some other purpose.

Dear Sir:

Att: B.F.Neary, Supt.of Education.

Reference your letter of 28 Feb., subject God's Lake United Church School, File 513 - 5 (EI).

Please be advised that all necessary arrangements have been made for the storing of the building material at a spot approximately 400 yds. from where the school will be erected.

There is a small building there belonging to the H.B.Company which they have kindly consented to allow us to use for the storage of cement.

This spot is on the other side of the Narrows, and it will be necessary to move the cement and material by barge across the 400 yd. stretch of water when the construction commences.

In this connection, we have a barge at God's Lake, which can be used for this purpose.

As regards the actual site of the school building, this will be erected approximately 75 yds. N.W. of the present school.

I am quite in accordance with Mr.Clark's views that the old school should not be demolished.

I see no point in tearing down a building that can be used for storage and any other need that might arise.

In this connection I might say that I have visited the proposed site twice by Bombardier during the past six weeks.

On the 22nd of Feb. I was discussing the site with Mr.Gibson and showed him the spot I proposed to erect the new school. He then suggested I have the old building demolished and build the new school on the same spot.

Attn. Mr. B. F. Neary

I am submitting, herewith, a quotation received from Mr. E. Sabiston on building the God's Lake and Oxford House schools. This man worked with the Medical Branch last year and is a fairly good worker.

Mr. McRae, the man who built the school at Little Grand Rapids, will build the above mentioned schools on a day labour basis at $1.35 an hour, plus transportation and $1.75 a day, board allowance, per man, taking with him a couple of carpenters and hire Indian labour. If the men could go north just before break-up these schools could be started at once as we have no basements to build and the foundations could be built within a few weeks.

Will you please advise what action I should take in this matter as I am anxious to get these schools underway as soon as possible. I might state I consider Mr. S. Sabiston's quotation rather high.

have checked our files to ascertain the number of days for which we paid Mr. McRae in constructing the Little Grand Rapids School. In erecting a pre-fabricated building there, it took him 106 days. It [redacted], to erect these two schools, and he will probably need a larger working force. Therefore, there is every possibility that with a large daily labour bill, board bills and transportation expenses, his tender will exceed the $6,000.00 figure quoted by Mr. Hoblaton.

Re: File No. 513-5 (E) - April 11, 1949

Further to my letter of April 20, 1949, file No. 215-11A.G. in which Mr. E. Sabiston's tender for God's Lake and Oxford House School at $5,000.00 each unit was enclosed. I am attaching, herewith, confirmation of my signal under to-day's date in this connection.

Mr. Sabiston called at the office last week inquirying as to the tender he had submitted for the above mentioned schools. I advised him that other tenders would have to be received. At the time I mentioned that I considered his tender a little high. As this was his first attempt at submitting a tender he advised he would reche his figures. He resubmitted his tender at $5,000.00 each unit. I intended forwarding the new tender, with an explanation, when forwarding Mr. Matthews' tender from The Pas. This tender was noticed during my absence and Mr. Rayson thought it advisable to forward same immediately, therefore, the confusion.

I expect to receive Mr. Mattews' tender to-morrow. I might state that Mr. Matthews has a couple of gangs working in the north for the Provincial Government at the present time. I know he is a first-class man as he has done work for us at The Pas.

CONFIDENTIAL

Memorandum: Mr. B.F. Neary,
Supt. of Education,
Indian Affairs Branch

Mr. Elmer Sabiston was employed during our construction work period last summer and fall. He worked at Nelson house both on the nursing station and the erection of your day school. Afterwards he was moved to several places west as far as Driftpile, Alta.

As a carpenter we found his work quite satisfactory and he is capable of being a very good tradesman. I do not have any information of value concerning his integrity as a contractor as he only worked for us on day labour for an hourly wage. However, he seemed capable of getting the natives to do a fare amount of work in a day. I think on a fixed price he would take necessary action to encourage active activity from the natives, because of his own interests.

OTTAWA , May 19, 1949.

Memorandum:

DIRECTOR

Please find attached the following tenders for the construction of the Oxford House, God's Lake and Chemawawin (Cedar Lake) Indian Day Schools.

These schools are identical in that they will follow plan 888. The bills of materials are already on the ground at Oxford House and at God's Lake. These materials went in by tractor train this winter and work can begin on the schools within another fortnight.

The materials for Chemawawin on Cedar Lake are being ordered now as they will be shipped by barge from The Pas when ice clears from these rivers.

In analysizing these tenders you will find the following figures:

| CONTRACTOR | God's Lake | Oxford House | Chemawawin |
|---|---|---|---|
| E. Sabiston | $ 5,000. | $ 6,000. | $ - |
| Matthews | 5,900. | 5,900. | 5,900. |
| Emery Brothers | 6,800. | 6,800. | 6,400. |

It would seem evident that we can eliminate the highest tenderer, Emery Brothers, immediately. However, there is some doubt as to whether we should accept Mr. Sabiston's or the Matthews Construction Company tenders for the God's Lake and Oxford House Schools. Mr. Sabiston is not recommended by Mr. Davis who states that when

requested to provide references, Mr. Sabiston did not return to the office as promised. I also attach a letter which I had Mr. Connelly, Supervising Engineer of Indian Health Services, prepare for me. Apparently he is a good carpenter but there is some question as to his integrity as a contractor.

Therefore, I would suggest that we only hire him for the God's Lake School construction (this will require only Ministerial approval) and have prepared submissions to Council for the other two school contracts to be awarded to the Matthews Construction Company of The Pas, Manitoba. The company is a large one, has competent crews in the field, and has already been recommended for the construction of the Nelson House Indian Day School.

I do not feel we could recommend the Matthews Company for all four schools, especially when the Sabiston tender is lower. Could I discuss this matter with you please.

It would seem evident that we can eliminate immediately the highest tenderer, namely Beery Brothers, of Flin Flon, Manitoba.

God's Lake

At God's Lake, Mr. [illegible]'s tender is the lowest and I feel it should be accepted. Mr. Davis has some doubts about Mr. [illegible] as a contractor but we have investigated his ability through Indian Health Services. Mr. [illegible] was employed by them last year and I attach a letter from C. J. Connolly, Supervising Engineer, of Indian Health Services, answering his ability. I would recommend that the Minister approve the acceptance of his lowest tender for the erection of this school in the amount of $3,[illegible].00.

[illegible] Lake

The lowest of the three tenders is that of the Matthews Construction Company, of The Pas, Manitoba, and I have prepared a draft submission to Council for your consideration. A contract has recently been let with this company for the erection of the Nelson House Indian Day School, by authority of P.C. 2477 of May 17.

Cross Lake

The lowest tender for the erection of this school is again that of the Matthews Construction Company of The Pas, Manitoba. Therefore, you will find a joint submission to Council covering both the [illegible] and [illegible] projects.

June 1, 1949.

To His Excellency

The Governor General in Council.

The undersigned has the honour to report:

THAT it is immediately necessary, and funds are provided in the 1949-50 estimates, Indian Affairs Branch, Mines and Resources, to complete the erection of one-room Indian Day Schools on the Oxford House Indian Reserve, in the Norway House Indian Agency, and on the Cheemawin Indian Reserve, in the Ina Indian Agency, both in the Province of Manitoba;

THAT it is essential that educational facilities be provided for the Indian children on the Oxford House Reserve and on the [illegible] Reserve;

THAT Section 35 of the Public Works Act, Chapter 156, R.S.C. 1927, provides in part as follows:

"Whenever any works are to be executed under the direction of any department of the Government the Minister having charge of such department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing emergency in which delay would be injurious to the public interest ....."

THAT the building materials for these schools have already been purchased and have been shipped by tractor trains to the sites of both schools;

THAT, due to the very isolated situation of both these Indian reserves, there are few builders or contractors in the area, nor are outside contractors interested in tenders if invited as aforesaid, as they have all the work they can do in their own localities;

THAT, as the result of enquiries made by our field officials, we have been able to obtain the following lowest tenders for the erection of these buildings:

| Locality | Material Items | Amount |
|---|---|---|
| Buildings | | |
| [illegible] Agency, The Pas, | [illegible] | [illegible] |
| Pine Creek, | Windows, | [illegible] |

THAT the lowest tenders, namely the buildings [illegible], of The Pas, Manitoba, for building three

in this region and is known to be a satisfactory and reliable contractor. This tender covers all transportation and hoarding costs and is felt to be fair and reasonable.

The undersigned, therefore, recommends that authority be granted for the erection of the Oxford House Indian Day School by the Matthews Construction Company, of The Pas, Manitoba, at the price of five thousand nine hundred dollars ($5,900.00) and of the Chemawawin Indian Day School by the Matthews Construction Company, of The Pas, Manitoba, at the price of five thousand nine hundred dollars ($5,900.00), this being the most suitable arrangement possible at the present time and it being essential that this work be undertaken at once and carried on to completion in order to provide educational facilities for the Indian children on these reserves in time for school opening in September.

DEPUTY MINISTER

God's Lake Indian Day School

Oxford House Indian Day School

Chemawawin Indian Day School

The above three schools are included in our building programme for 1949-50. It is our intention to follow an identical plan for these three projects. Due to transportation difficulties, we arranged to ship in by tractor train during last winter all necessary materials for God's Lake and Oxford House. It would seem evident that we can eliminate immediately the highest tenderer, namely Henry Brothers, of Flin Flon, Manitoba.

God's Lake

At God's Lake, Mr. Sabiston's tender is the lowest and I feel it should be accepted. Mr. Davis has some doubts about Mr. Sabiston as a contractor, but we have investigated his ability through Indian Health Services. Mr. Sabiston was employed by them last year and I attach a letter from C.J. Connolly, Superintendent, of Indian Health Services, commending his ability. I would recommend that the lowest tender, the acceptance of his tender for the erection of this school in the amount of $5,000.00.

Oxford House

The lowest of the three tenders is that of the Mathews Construction Company of The Pas, Manitoba, and I have prepared a draft submission to Council for your consideration. A contract has recently been let with this company for the erection of the Island Lake Indian Day School, by authority of P.C. 1257 of May 17th.

Chemawawin

The lower tender for the erection of this school is again that of the Mathews Construction Company of The Pas, Manitoba. However, you will find a note submission to Council covering both the Oxford House and Chemawawin projects.

CONFIDENTIAL.

Memorandum:

Mr. M. F. Neary,
Supt. of Education,
Indian Affairs Branch.

Mr. Elmer Sabiston was employed during our construction work period last summer and fall. He worked at Nelson House both on the nursing station and the erection of your day school. Afterwards he was moved to several places west as far as Driftpile, Alta.

As a carpenter we found his work quite satisfactory and he is capable of being a very good tradesman. I do not have any information of value concerning his integrity as a contractor as he only worked for us on day labour for an hourly wage. However, he seemed capable of getting the natives to do a fair amount of work in a day. I think on a fixed price he would take necessary action to encourage active activity from the natives, because of his own interests.

God's Lake Indian Day School
Oxford House Indian Day School.

We have had considerable difficulty in trying to get these labour tenders passed because of the fact that Mr. Sabiston has submitted a tender for both God's Lake and Oxford House which is lower than those submitted by the Matthews Construction Company and Emery Brothers.

As you are aware, Mr. Sabiston did some work for Indian Health Services last winter, and I attach a letter which I obtained from Mr. Connelly concerning his services.

I am also returning Mr. Sabiston's two tenders, the original for [illegible] and the second one for [illegible]. It is going to be very difficult to explain why we should not accept his two tenders when they are lower by [illegible]. In each case than those of the Matthews Construction Company. This latter company has already received two contracts for Indian Day Schools and has been recommended, as the lower bidder, for the [illegible] School.

I will be out of town inspecting schools in Ontario for the next week, and I would like to call you by long distance on June 20th to discuss this situation with you by telephone.

Sincerely yours,

Bernard R. Neary,
Supt. of Indian Education.

[illegible] Colonel Neary:

I am enclosing herewith a tender from Elmer Sabiston in connection with building the Oxford House and Gods Lake Indian Day Schools.

Mr. Sabiston has submitted a tender to do all the labour in connection with building these two schools, he has had experience in building in the north and I recommend his tender be accepted, and the work got under way as soon as possible. I am enclosing herewith a cheque for a $1,000.00 which is 10% of his tender the same to be returned to him on completion of the school buildings.

To the Secretary

[illegible]

The undersigned has the honour to report:

THAT it is indubitably necessary, and funds are provided in the [illegible] estimates, Vote 178, Indian Affairs Branch, Department of Mines and Resources, to complete the erection of one-room Indian day schools on the Ord's Lake Indian Reserve and on the Oxford House Indian Reserve, both in the Nelson River Indian Superintendency in the Province of Manitoba;

THAT it is essential that educational facilities be provided for the Indian children on the Ord's Lake Reserve and on the Oxford House Reserve;

THAT section 34 of the Public Works Act, Chapter 188, R.S.C. 1927, provides in part as follows:

"Whenever any works are to be executed under the direction of any Department of the Government the Minister having charge of such Department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing necessity in which delay would be injurious to the public interest ....."

THAT the building materials for these schools have already been purchased and have been shipped by tractor trains to the sites of both schools;

THAT, due to the very isolated situation of both these Indian reserves, there are few builders or contractors in the area and schools communities are not interested in tenders if invited as aforesaid, as they have all the work they can do in their own localities;

THAT, as the result of enquiries made by our field officials, we have been able to obtain the following lowest tenders for the erection of these buildings:

| [illegible] | [illegible] | [illegible] |
|---|---|---|
| [illegible], Winnipeg, | $[illegible] | $[illegible] |
| [illegible] Construction Co. Ltd., | [illegible] | [illegible] |

build these schools in a satisfactory way. His letter covers all transportation and heating costs and is felt to be fair and reasonable.

The Department, therefore, recommends that authority be granted for the erection of the Cat's Lake Indian Day School and the School House Instructor Day School by Mr. Abner Salisbury, of Hudson, Manitoba, at the price of five thousand dollars ($5,000.00) for each project, this being the most suitable arrangement possible at the present time and it being essential that this work be undertaken at once and carried on to completion in order to provide educational facilities for the Indian children on these reserves in time for school opening in September.

Respectfully submitted,

Minister of Mines and Resources.

[illegible]

[illegible]

The above two schools are included in our building programme for 1949-50. It is our intention to follow the same plan for each school. Due to transportation difficulties in the winter, it was necessary to arrange to ship all building materials by tractor train during last winter to the two school sites.

Mr. Regional Supervisor Irvin has been extremely embarrassed when asked him in connection with [illegible]. As a result, he has been able to obtain the following labour tenders for the construction of these two schools:

I have therefore prepared a memorandum to Council recommending the acceptance of Mr. Eshleton's tender. [illegible] was some doubt in the mind of our Regional [illegible] as to the financial ability of Mr. Eshleton to carry [illegible]. However, the Superintendent of Education has [illegible]

Rev. Howard B. Gibson,
United Church Mission,
God's La[illegible] Manitoba.

Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Clark:

We are disturbed at the suggestions that the new United Church School be moved off the Reserve. Mr. Roy Bennett, Assistant Indian Agent, intimated that the present school location was unsuitable, because of lack of solid bottom, to hold the new building. He dug two holes. [illegible] He said he came to stones & water on the school property. At the location he has proposed between the Hudson's Bay Co. & the freetrader's property (Mr. Tom Ruminski) he said he came to bed-rock. The Chief & Councillors asked permission yesterday to dig a hole on the school property. They wanted to see the nature of the soil as Mr. Bennett had filled in his hole. They dug about 50 feet west of Mr. Bennett's hole exactly on the spot that Mr. Staunton had said the school should be put. In digging down five feet they encountered heavy clay, a mixture of clay & sand & finally rocks & hard clay. They struck no moisture whatsoever. This merely proved that there is the solid bottom that we have maintained was there.

Mr. Bennett said that our new foundation for our house had spoiled this location for the new school. Let me point out two things about our house foundations: 1. We are on the slope of the hill & have experienced the same trouble as the builders had when making the new house for the Principal of Brandon Residential School. Our solution will be the same as theirs, to drain off the water which, coming downhill, has weakened the foundation. 2. The water may not have affected our foundation if we had had time last fall to move the house & thus not leave the foundation open & exposed to frost. The frost cracked it first & weakened it.

The location of the school is much different from here. It is at the top of the hill, not on the slope as we are. There is good drainage on all sides. I would suggest that if there is any doubt about this location, Mr. Glass, the district supervisor of trading posts for the Hudson's Bay Co., should be consulted. He is in charge of locating their buildings. The Hudson's Bay Co. built a new store & warehouse on their property here at the Narrows last summer. Their other building stood for 50 years. They built on similar soil to here, on the hillside too, and not on the bed-rock nearby where it is now suggested that our new school be placed. Our present school building has stood for at least 30 years & is quite solid though of hewn logs. I trust that this explanation clears up any doubt that there may be for the suitability of the present school location.

Yours very truly,

Extract from letter dated Aug. 15, 1949.
from Rev. Howard B. Gibson to Dr. Dorey:

The Indian Dept. hasn't yet started work on our new school. The reason why I wired you in July re it being moved off the Reserve is that Roy Bennett, the Assistant Indian Agent let out a contract for hauling sand to a new site on the island next to the Hudson's Bay Co. Besides being off our property this site is absurd in that the school children would have to all cross over around the weak ice of the Narrows. In the Spring & Fall the Indian Dept. would have to provide a boat for the children to cross on. There is no room for a playground and the H.B.Co. clerk says they'll be around his store bothering him all the time. Our property is in the centre of community and beside the Narrows where all boats pass in the Summer and beside the portage trail where all dog teams must travel in the winter. Mr. Davis from Winnipeg and Mr. Staunton the Indian Superintendent from Ilford are to be here shortly and we'll make all arrangements when they arrive. Our present site is best in every respect and we don't want the school moved.

Site of new God's Lake U.C. School

[redacted]

[redacted] with the missionary, Rev. Mr. Gibson, has written to Dr. Dorey of the United Church Board of Home Missions that arrangements are being made to erect the new building across the water from the former site.

From other information available here it seems that there are several valid objections to this site.

This school, as you know, has long had a denominational connection. The Roman Catholic members of the band have a school of their own too. The manner in which the school at the Mine is conducted must not influence Mr. Bennett's handling of the school in question.

As Dr. Dorey will be in Ottawa this week, your report of the situation as it now stands should reach this office before his arrival.

Dear Dr. Dorey:

God's Lake Narrows Day School

Just after you left on Wednesday, I received a letter from Mr. Davey concerning the site of this new school. It reads in part as follows:

" I recently returned from God's Lake and while there inspected the site of the above mentioned school. I had the Indians dig down seven feet and found nothing but bog - certainly not fit to build a school on. I located a site on a hill about seventy-five yards north. This site is still on the United Church property and was satisfactory to all. I would like to point out that Mr. Bennett was quite right when he reported that the site was not satisfactory.

Regarding the third paragraph of your letter, please be advised that the manner in which the school at the Mine is conducted has not influenced Mr. Bennett's handling of the school in question.

I would like to mention that Rev. Gibson at God's Lake very often interferes with Department business. He also advises the Indians to the effect that they should receive assistance from the Department free of charge".

Yours sincerely,

Dear Colonel Neary: Re: Gods' Lake Narrows Day School
(Your File 513-5 - E.)

I have your letter and had already heard from Winnipeg that the matter had been satisfactorily settled.

I am not informed as to the reason for the third paragraph of your letter (which is the second in Mr. Davis's) regarding the manner in which the school at the Mine has been conducted. This must refer to some matter of administration of which I have no knowledge.

I am passing on Mr. Davis's comment on Mr. Gibson's attitude to Dr. Best.

Dear Sir: Re: File #18A

As you no doubt are aware our Company, Lake Lingman Gold Mining Company Limited, has acquired all of the mining claims, buildings, machinery, equipment, etc. from Lingman Gold Mines Limited, which also included the school house there. It is also our understanding that the Department of Indian Affairs have made arrangements to lease this school house, the arrangements being that they were to pay the fire insurance premium and keep the school house in good repair. This was to be the rental payment for use of the school.

The insurance premium in the amount of $37.50 is due on August 19th, and we would appreciate receiving your cheque in this amount to reimburse us for the cost of this insurance policy, which expires on August 19th, 1950.

With reference to your telegram of Oct. 2nd, following please find information requested.

No. 1. Attendance Indian Children York Factory School.

No. 3. Oxford House School, No. 1 has been completed, with the exception of installation of Selkirk Chimney.

God's Lake United Church School is also completed, with exception of Selkirk Chimney.

When these chimneys arrive it will be only a matter of hours to install each one.

I made a final check on God's Lake United Church School on Oct. 17th.

This building has been completed sufficiently to legalise payment to the Contractor.

However the finishing was an extremely hurried job and reflects no credit to the man concerned.

The living quarters especially are very poorly painted and finished, the cupboard doors do not fit and the paint has just been slapped on.

In the Main Class Room, the small windows on the North side are fitted with Butt hinges, these hinges were not countersunk, when the windows are closed it leaves an eighth of an inch gap.

The Contractor was told about all this by the Assistant Agent as God's Lake was agreed to [illegible], it was not done as apparently the main idea was to get finished and get back to town.

Unfortunately, the Contractor had left when I made my final inspection. The whole finish shows a definite lack of interest. [illegible] the Indian Department.

No. 4 Report on New Teachers.

To date I have only met Miss M. Rahn of God's Lake United Church School, she appears to be doing well and seems to be quite efficient.

I see no signs of Teachers for Oxford House Schools, No.1 & 2, nor for Split Lake.

Could I be advised as to when these Teachers may arrive?

God's Lake N.C. Indian Day School

This will acknowledge receipt of your letter of October 20 answering the various questions raised by the Department before you proceed on your trip with Mr. Crafton.

Mr. Sabiston has been paid $3,000. on his work at the God's Lake school and it is presumed that your request is for the payment of another $1,975. The point is whether we should pay him this amount in view of the fact that you do not feel he has done a satisfactory job. His contract is quite clear and concise and if you feel that he has not carried out this contract then we are quite within our rights in not making a final payment until the work is completed.

I am sending a copy of this letter to Mr. Davis as no doubt he will wish to make a comment as to whether Mr. Sabiston should receive this final payment or not.

Bernard F. Neary,
Supt. of Indian Education.

PAS AGENCY. 153572

Sir

I have the honor to forward herewith under separate cover, Grand Rapids & Mohawanin School Returns for December Quarter 1896.

With Reference to the biscuit returns at Grand Rapids, I beg to submit the following explanation,

At the end of June Qr. 1894 there were on hand 542 lbs. 6 oz. During Sept. Qr. (for which term no returns were sent in by Mr Pritchard) 1375 lbs. were received, and 71 lbs. 12 oz. issued, leaving a balance on hand of 1846 lbs, 10 oz. At the Annuity Payments in 1895 I found 1725 lbs. in apparent good condition, and about 30 lbs in the School spoiled, showing that there was a deficiency of 90 lbs, 10 oz. This amount was in all probability stolen, as the school had been broken into during the interim. In the fall of 1895, I had 375 lbs. transferred to the Pas Mountain School, none having been sent there that summer. This left a balance of 1360 lbs. the amount on hand at the beginning of Dec. Qr.

No 004: Married from Teepee and commenced to teach on the 12th. 11 children here of very mixed and ignorant, the school having been closed for nearly two years the discipline is much like now than at the commencement of the Quarter. And the progress of the children is splendid.

The school was closed on Dec. 20, and it had to go to Mr. Stevenson for keep. The school was closed from the 24th of December to the end of the quarter as it had completed the required number of school days

The school was open from 9 a.m. to 12 and from 1 p.m. to 3.

Most of the children live at the far end of the Reserve from the school and on stormy, at 3 p.m. I followed to find out which obtained at Metlas last winter

That unless there is some great change here, that is unless the white trespass fishing ceases, & the Indians are used fair & there will soon be no Indians here. There is no way for them to make a living. They might instead grow potatoes, & keep cattle, & fowl &c but as small farmers, but as I seem unable to make a living. They might instead grow potatoes, & keep cattle, & fowl &c but as small farmers,

I think that the Indian agent might be a little more in the district & see more often what is going on & help them. But my chief object in writing was to ask you whether there is any of his appointments as Inspector, or possible to approach him & the Minister of Marine, Fisheries, &c. & obtain the matters all attended to that they need in future. Dear Sir,

I believe I notified you of a coming change in the School at Grand Rapids; but in any case I desire to do so now in detail.

I found it necessary to move Rev. A. Fraser from Grand Rapids to Fort Pelly, a final meant a change in the Fort Pelly school. I desire to recommend Mr. C. W. Morris for the appointment, to begin as early as he can get there in May. Mr. Morris is an Englishman who has been attending [illegible] for some years, where he has had no special training as a teacher, but has intelligently discerned Indian character, and feels an interest in them. *Sir,*

In forwarding the report of the Grand Rapids Day School, Church of England, I find that the Rev. Mr. Fraser, formerly in charge of this school has left the Settlement and placed Mr. Turner in charge in his place. I have no advice as to whether this change has been sanctioned by the Department or not. This will be known at head quarters. It is rather irregular for one school teacher to appoint another.

I am also in receipt of a letter from Arthur Santmier who claims to be in charge of the Hollow Water River School under direction of Bishop Lofthouse of Kenora. I have no advice on fyle showing that Miss Ross who was in charge of this school up to the time of Mr. Santmier's arrival there has been dismissed, nor have I any word of Mr. Santmier's appointment in her place, although in a former letter, I recommended that a change be made.

I shall be glad to hear from the Department what is the status of Mr. Turner and of Mr. Santmier. I enclose Mr.

[illegible]. Sir,

I have to acknowledge the receipt of your letter of the 26th ultimo, and in reply to that portion in which you deal with the appointment of a teacher to the Grand Rapids day school I beg to say that the Department approved the temporary appointment of Mr. John Henry Turner, pending the arrival of Mr. C. W. Morris, who was nominated by the Bishop of Saskatchewan for the position. His Lordship will now be communicated with.

Evidently the March quarter return for this school lay in your office since the month of April. It is considered that you should make some arrangement to have correspondence of this kind forwarded during your absence. In any event these returns should come through the local Indian Agent and not through your office. These remarks [illegible] schools whose returns have been for- [illegible].

Rev. Sir,

Referring to official letter of the 1st instant I beg to say that when the latter part of this communication was sent you it was under the impression that the Grand Rapids school was in the Pas Agency instead of in the Norway House Agency. It was not intended that the returns from the schools in the southern part of the Norway House Agency should be forwarded through Mr. Calverley's office, at the sametime you should note the remarks with reference to the forwarding of returns, etc.

Sir,

The Department is advised by His Lordship the Bishop of Saskatchewan that you have been in charge of the Grand Rapids school since sometime in the month of April or early May. As yet no returns have been received and the Department communicated with His Lordshipand obtained the above information.

Teachers of Indian schools are expected to send in returns quarterly on forms provided for the purpose and payment of the salary is made upon the receipt of these returns. I am therefore, under separate cover, sending you forms and you will be good enough to fill in returns for each of the quarters ending June 30th and September 30th. Full instructions for making out these returns are given on the back. When completed they should be forwarded to J. P. Wadens, Inspector of Indian Agencies, Winnipeg, who will transmit them to the Department, when payment of the salary due you for the time you have been in charge of the two quarters will be made. Special care should be taken to note in the column for remarks the exact date on the school was opened and all other particulars should be filled in as required.

DATE OF THIS LETTER

Sir,

I have to day received the sad news that Mr Nathan Settee, Teacher in the Grand Rapids reserve, has met almost sudden death by being pierced with a pole which had become loose on his dog sleigh and the butt striking a snow drift when the dogs were travelling at a very rapid rate.

I have received an application from Miss Ethel Morrison, of Grand Rapids, for the position of teacher rendered vacant by Mr Settee's sad end, to which I have replied advising her that this appointment is the gift of the Church of England.

I have also reported the whole matter to His Grace Archbishop Matheson.

[illegible], Dept. of Indian Affairs,

[illegible],

Dear Sir,

In reply to your letter no II7567/I dated May 2I I would like to ask your department if it is the policy of the Gov. to place able bodied men im Indian schools?

In the first place the salary is small, and in the second Why should the church have anything to do with schools, and why do not young men go to the front?

My boys are solaiers, two of them, also [illegible] so I think my daughter is entitled to a fair deal here. As she is my daughters home and as she is a great comfort to her mother, I do not like to see her leave home.

If you look up your reports from here, you will see "No school, Church work" You will also find that the chilaren cannot speak English, Why? for the simple reason that it is church first.

I know that the children do better with a lady teacher. If you look at your reports you will find more chilaren attending attending than heretofor.

The last teacher Mr W settee, whom the church sent, spoke Cree all the time, so what could you expect?

Send a returned soldier and I will not kick.

Dear Sir:-

My daughter, Miss Ethel Morrison, taught for sometime in the Indian School at Grand Rapids, and for some reason $20,00 of her salary has been withheld. Miss Morrison has written to you in this connection, and also to Mr.Carter the Indian Agent at Fisher River, but up to date has not received any satisfaction.

Would you kindly look into this matter, and let her hear from you, I feel that she is entitled to the full amount of her salary,

Your early attention to this matter will greatly oblige.

...,-

I have to acknowledge the receipt of your letter of the 22nd instant with reference to the amount of salary paid your daughter, Miss Ethel Morrison, for the period she taught the Grand Rapids Indian Day School.

In reply I beg to say that Miss Morrison was appointed temporarily as teacher at a salary of $400.00 per annum and began duties February 19, 1917. The returns received show that she taught 30 days in the quarter ending March 31 and 56 days in the quarter ending June 30, or, a total of 86 days.

In order to draw a full yearly salary the teachers of day schools are required to teach 200 days in each school year and Miss Morrison is entitled to be paid 86/200 of her salary or a total of $172.00. She has already been paid $160.00 and the sum of $12.00 is, therefore due to complete her salary for the period she taught this school, a cheque for which amount in her favour is enclosed herewith.

This completes the full amount due Miss Morrison for the period which she taught the Grand Rapids Day School.

I may say that no correspondence has reached the Department from Miss Morrison in reference to her salary.

Dear Sir,-

On behalf of the Bishop of Saskatchewan I beg to nominate for the position of Teacher at Grand Rapids, Manitoba, Mrs. L. J. Butcher. Mrs Butcher holds a First class Normal Certificate, and is about 38 years of age. She has taught successfully for some years in England, Quebec, and Ontario.

Her husband has offered to us for Missionary work at the same point and has he has had considerable experience in nursing in connection with a private hospital and is a handy man with considerable mechanical ability he should be of much help to his wife and her appointment as teacher, if made by you, should be satisfactory from every point of view.

Mrs. Butcher is prepared, if appointed, to enter upon the work for the first of October, the date mentioned by you in your letter of June 21, 1920, numbered 117567/1.

Ottawa, December 9, 1921.

Reverend Sir:

I have to inform you that I am writing today to Ven. Archdeacon Mackay, at Prince Albert, concerning the splendid services, not only as Teacher, but as Missionary, of Mrs. Kate LeClair at the Mistawasis Indian Day School, near Leask, Sask. Mrs. LeClair is of Church of England faith and is doing genuine missionary work on the Mistawasis reserve, and at the time of my visit there this summer, she informed me that she had received no recognition from the Missionary Society. Your answer to my communication concerning conditions at the Fishing Lake reserve, which I now acknowledge, leads me to believe that I should address the Synod Office at Prince Albert, concerning Mrs. LeClair.

I am asking you to refer to the proper authority, information that the Department has concerning the Rev. J. L. Butcher, Teacher of the Church of England Indian Day School at Grand Rapids, Lake Winnipeg. It has come to our attention that Mr. Butcher is not particularly efficient in his efforts as Teacher at this point. The arrangement with him was that his wife, who is properly qualified, should do the teaching; but I have fairly authentic information that she is leaving the work almost entirely to her husband. There has been a good attendance at this school. The Chief of the band is interested in education; but it appears that, due to irregularity of instruction, our work is receiving a set-back. Our Agent in the field is not particularly impressed with the work that Rev. Butcher has been doing, as Teacher. I am writing to Mr. Agent Latulippe, of Selkirk, Man., requesting him to do whatever he can to help him and his wife in his work, and I thought that if the Church authorities encouraged him at this time, our efforts at this point, in connection with the education of our Indian wards would be more successful.

Very Reverend Sir:

I have to acknowledge yours of the 16th instant, referring to your effort to arrange for more satisfactory work at the Indian day school at Grand Rapids, ..ane Winnipeg district.

I have to inform you that the Department is in receipt of a communication from Mr. Agent Latulippe, of Selkirk, Man., enclosing a resolution of the Indian council at Grand Rapids. This letter and the resolution both strongly urge upon the Department the necessity of having Mr. Butcher and his wife replaced by more competent workers. Our agent states "that Mr. Butcher does not give satisfaction as Teacher and, to my judgment, this man is weak in intellect and no doubt has no knowledge of handling the Indians".

As you are aware, Mrs. Butcher was engaged to do the teaching and, in view of the unsatisfactory work that they are performing, I wish to urge again upon the Church authorities the advisability of making a change at Grand Rapids as soon as is convenient.

Very Reverend Sir:-

I have yours of the 28th ultimo, referring to the resignation of Mr. and Mrs. Butcher of Grand Rapids. It will be quite in order for them to continue their activities until the end of the June quarter and, as intimated before, the Department trusts that you will be successful in having a successor appointed in the near future.

I might state that I am personally acquainted with Mr. Gentleman, of the Old Sun's Boarding School on the Blackfoot reserve and, as he is distinctly a classroom man himself, this Department would most certainly approve of his appointment to the day school at Grand Rapids. I was unaware that Dr. Bethune, or any other official, had made arrangements for Mr. Gentleman's resignation from his present position. However, if he is free to accept your offer, his appointment will be pleasing to this Department.

[illegible] Sir:-

Referring to your letter No. 125-11-1, of the 3rd inst. approving of the appointment of Mr. Gentleman to the Grand Rapids Day School, I beg to say that I am offering Mr. Gentleman the school, and I shall be glad if you will kindly inform me what salary the Department will allow.

With regard to Mr. Gentleman's resignation from his present position, he has informed me, that Dr. Gould has notified him, that his services will not be required after the end of June. In answer to an enquiry, Dr. Westgate informed me, under date of the 15th of April, that Mr. Gentleman's services will be dispensed with on June 30th next. He did not give me any reason for Mr. Gentleman's dismissal, and approved of his being offered the position of teacher of the Grand Rapids' School.

Very Reverend Sir:-

I have yours of the 28th ultimo, referring to the vacancy at the Grand Rapids Indian Day School. I have noted that you are offering this position to Mr. Gentleman, late of the Old Sun's School.

In reply to your query concerning salary, I beg to state that the Department will allow $850 per annum plus whatever bonus is allowed by law.

If you are able to make definite arrangements with Mr. Gentleman, we will be pleased to have information to that effect. The Department is not prepared to offer the above mentioned salary to a teacher who possesses less qualifications than Mr. Gentleman.

Sir:-

I have yours of the 11th instant, inquiring re conditions at the Grand Rapids Indian Day School, in the Lake Winnipeg district.

In reply I beg to state our records show that there is a mission house 1½ miles from the school. The school building was built 30 years ago and is in need of a few repairs at this time. The number of children enrolled is 22, the average attendance for last year, 14.8.

This cause at Grand Rapids is rather a pioneer one and there is a great work to be done. The parents do not show much interest in the education of their children and the church was unfortunate in its choice of a missionary teacher at this point, of late. As you are aware, in winter you reach Grand Rapids via The Pas and in the summer via Selkirk. The Pas is 125 miles away, and is the nearest telegraph, express and freight office. The steamboat lands in the summer right at Grand Rapids. There is a postoffice one mile away.

I trust this information will be of assistance to you as you make your decision.

half-breed settlement, of course, would have

The facts concerning the equipment and cause in general, as intimated by you, are similar to those at the disposal of the Department. Dear Sir,

I have today shipped and arranged our things from Grand Rapids sending forward our furniture to Winnipeg I have been expecting a letter from you, but I see that you are away from Ottawa and Rev. Mr. Mackay writes that there is no title in the appointment. And rather than wait doing nothing I have arranged to ship our things on Lake Winnipeg if rather uncertain at this present time but can leave Selkirk on the 23rd or after the 18th August and we want to get the first boat if we can. The C.P.R. tell me that the furniture will be a week in time.

I have finished all the business I can in connection with this and arranged the Woodland for the work, suitable to both parents time work.

Of course I feel it is a little sticky to send the things forward without official anticipation, but I am sure you must be away. The parents of Children are all expressing regret at our leaving and the Staff have presented me with a splendid Club bag. We are going for a week in the mountains and shall be in Winnipeg on the 17th

R.[illegible]rrier. Esq..
[illegible] Indian Schools
[illegible]partment of Indian Affairs.

Dear Mr Ferrier.

Mrs Gentleman and myself reached this reserve last week after having spent three days in a fishing camp in Lake Winnipeg, and doing the last 90 miles in an open gas tralwer in a heavy sea, and spending $300 in travelling expenses since leaving Gleichen.

I am taking the liberty of sending a requisition for school material direct as there is nothing on hand whatever, and I learned in Selkirk that the Agent would be here on August 18th, and that also he would be away paying treaty in the meantime, and of course it would take him a few days to return, and the list may be delayed in his office. If as I have stated same can be filled there is just time to get the material up on the last boat of the Northern Fish Co, the first week in September. To wait until the agent came up would mean that material could not reach me until the October mail came from the Pas, and I think it is 90¢ acwt from the Pas alone, while from Selkirk it is only 50¢ cwt.

I have asked for enough material for a year, or six months at least. From what I have seen of the people there must be about 25 children of school age on the reserve, and by the looks of things school matters seem to have got to a somewhat slack stage. I dont think it is entirely the fault of the people. I observe that they all speak English, even the old women, which is somewhat unusual. They certainly appear to take a little more interest in life in general than the Blackfeet. I met several of the people with their families on Sandy Island fishing for the Northern Co, and [illegible]. The Solvert also has two families living [illegible] to this place.

The schoolhouse is a log shanty, I should say about 16 by 22. It contains twelve desks of which four are broken, one map of Manitoba, one stove, and a piece of blackboard about 5 by 7, and is lighted by four small windows, two on each side. The floor [illegible] and the ceiling [illegible] me that it was built when he was a boy, as near as I can make out about 35 years ago. From conversations I have had with the people I see no reason why they should not take as much interest in school matters as other bands do, and I conclude that Mr Bunn is correct in his statement in his letter that they would do so if some interest was taken by their teacher. They have not had anything of a school concert, school fair, or school sports, and on the

whol[illegible] for the last few years at least,have had little encouragement in th[illegible]ir school. The plase is unfenced, and no school garden attempted, and every family has crowds of dogs, who do the work of horses.

On the other side of the river there is the townsite of Grand Rapids in which there is a public school under the controle of the Commissioner for Northern Manioba. This school has been from time to time opened, teacher coming in and remaining three months as there is no house, and they have to board with the people. These people with one exception, are non treaty Indians. The provinical dept. cannot get their taxes, and it is no good to ~~xxx~~ sell~~x~~ them out as no one would make an offer for lots in this part of the world.

I observe that some of the childrens names appear on our register, and the people seem anxious to combine the two schools if that could be possible. Mr Butcher told me that the provinical dept, have made several attempts to open up without getting much result, on the the other hand the people say that either at Ceadr lake or another reserve between here and the Pas, the pupils from the public school and the Indian school have been combined, and have made a very good school. There are I am told about 2o children of school age over the river.

The location of our schoolhouse is at one end of the reserve, Mr Butcher telling me that in the spring and fall it is impossible for either teacher or pupils to reach it on account of sloughs and water. The mission house that I am occuping is at the other end of the reserve. Both are two old to move, and the church will have to build a new house sooner or later. A good log school and teachers house could be built in a dry central location at a very small cost, as there are plenty of logs close, and ~~xxxxxxxxxxxxxxxx~~ also several empty house the upper logs of which should be in good order.

I understand that it has been the custom of certain of the Indians to complain, over something or other, which might continue after the first six months. Before we arrived I am told that it was said that if they dont like us, they will soon get someone else.

Do not take any notice of these matters. I can assure you that I would not think of spending out all this money without the intention of doing our very best. I will be careful not to give cause for them to complain, but I know that some Indians get cranky over nothing at all. From what I have seen of the children they look to me to be some good materail to work upon, and I hope I shall get results which will meet with yours satisfaction, as well as those of the parents.

Yours faithfully,

Indian Affairs. (RG 10, Volume 6235, file 514-1, part 1)

Yours of the 4th ultimo was brought to my attention upon my return to Ottawa. I note that there are many difficulties in connection with the successful operation of the Grand Rapids Indian Day School, but from the tone of your letter I feel quite confident that t[illegible].

I am pleased to have your suggestions regarding a combined public and Indian school. As you are more familiar with the conditions existing on the other side of the river, this Department would be grateful for a complete report on the possibility of having the children on both sides attend the one school. You should intimate what seasons of the year the crossing is dangerous and impassable.

I have noted that the school house is located at one end of the Reserve and the mission house at the other, and that both are too old to move. This matter will be kept in mind when we are preparing our building programme for the coming fiscal years.

Dear Sir:-

According to your request for a report on the school [illegible] the following details.

Size of school-house, 32 by 20, 8 ft. from floor to ceiling, loft above.

Windows, two on each side, 2½ by 4½. Nailed in solid, appear to have never been opened since place was built. Double windows on only two No screens.

Floor and ceiling, V joint lumber laid upside down both sagging. Walls, log, Whitewashed inside and out, Heated by box stove. No means of getting fresh air into the building except by the door.

Seating, Desks for twenty childern, four broken none graded in size [illegible] Blackboard, 3ft by 6 Swinging ( A swinging blackboard is a new one on me)

[illegible] unfenced, Building about thirty or thirty-five years [illegible] At present time, with rations placed in one end of it, it [illegible] judgement entirely unsuitable for its purpose.

[illegible] hildern, From enquiries made among the people, and the church [illegible] uriels, there appears to be about twenty [illegible] the present time, with a still larger number [illegible] ldern under school age. There is also a [illegible] in the town sight of Grand Rapids, which should have about the same number. The sucess of the school on the other side of the river, has if anything been less that our Indian school. The childern are all Cree speaking, with two excepticns, and there is a strong desire on the part of the half-breed people to have the two schools combined in the same way as has been done in similar locations in both the Pas. [illegible] House Agency. Last [illegible] Board od Missions [illegible] worked very well, the [illegible] these occupations [illegible] view the school fails in its first purpose i, e, to fit their childern to get a living for themselves later on in life.

The local conditioms may govern this to a large extent, butnot sufficient to warrant the withdrawl of educational effort, In talking with Tug Captians, fishing camp bosses, and trawler Owners I have met withthe same remark, and that is [illegible] the boys know nothing. All the young Indian will ask is,

" How much have I got coming to me" and does not know enough to add up his own fishing account. A good ground work in common Arithmetic would overcome this in a few years time. The geography of the lake would also be helpful. I think also that the boys would take very quickly to the material found in the " Sea Scouts handibook" as well as the Boys scouts book.

Regarding the girls, there appears to be no reason why their Native arts should not be developed. There is plenty of material such as brown birch bark, and hide to be obtained, and there is a ready sale for all basket work, and bead and silk work, the demand is larger than the supply, but there instruction books on this work to be had, and good work could be done by instruction ~~[illegible]~~ Much of their native work is crude, and poor.

A considerable influance could, I think, be brought upon the parents by the encouragement of the school garden, and instruction to the childern along such lines. I observe a few patches of potatoes at the house, but that is all, and the patches are small. any encouragement along these lines would in a few years time help out the Departmente ration list.

Besides the usual school subjects, by giving instructions or subjects suitable for local conditions, it will I think be found, [illegible] more interest in their school than in the past.

[illegible] ructions in the past have been from Agents and Inspec[illegible] adquarters have ~~[illegible]~~ been that as much effort as possibl[illegible] given in the school to make their parents feel that it is [illegible] their own interests to have their childern attend, governed by local conditions, and I persumw that a similar desire is required in this locat[illegible] ion.

The present plant at our disposal does not help very much to that [illegible] and should the department decide upon a better building or a teachers[illegible] to the present building, as you know, logs, stone, gravel & [illegible] are here on the spot, and suitable log schoolhouse could be [illegible] at small outlay, in fact I think that the Indians themselves if ask[illegible] uld provide the logs providing some employment could be [illegible] new building.

They themselves tell me that the schoolhouse is old. and cold comes from the floor, I feel sure, that if a mid day meal was promised them [illegible] r the Childern attending, that they [illegible] better building.

I have your letter of the 13th instant, enclosing copies of letters from Mr. P. H. Gentleman, Teacher of the Grand Rapids Indian Day School. The accounts which were enclosed have been paid and cheques directed under separate cover. I have noted that the teacher has secured a full attendance and that the classroom is crowded. It may be [redacted] mentation to the Department in this connection, following your first visit to Grand Rapids. Mr. Gentleman should, for the time being, take in only a few pupils from across the river, so as not to crowd out the Indian boys and girls for whom the school is intended.

The matter of combining the Indian day school with the provincial canoe on the other side of the river has already been brought to the Department's attention, and we are awaiting further reports. I am of the opinion that such a scheme is impracticable because of the seasons during which the river would be impassable.

If Mr. Gentleman will offer utilitarian instruction to the older boys and girls, this Department is prepared to supply special equipment upon his recommendation. The boys should be interested in fishing industry and, as the teacher suggests, the geography of Lake Winnipeg should be emphasized. Mrs. Gentleman might hold classes in basket, bead and silk work.

The Department is writing to Mr. Inspector Bunn for his suggestions on some of these problems. He is familiar with the situation at Grand Rapids, and will be of much assistance in determining the policy. I am enclosing a copy of this letter, for you to direct to Mr. Gentleman.

I [illegible] your encouraging letter of September 9th, which reached [illegible] on October 14th.

In reply, I would say that there are 2c half-breed children on the other [illegible] river, of [illegible] age. Their parents, [illegible] of them [illegible] before the [illegible], and would be [illegible] settlers. The [illegible] and [illegible] in the Indian [illegible], and the children are full Cree [illegible], and are [illegible] ward than the Indian children. The matter of crossing the river in the spring and fall varies. I am told that there might be a week or ten days during which they cannot cross, but this year the river [illegible] crossing on the ice. There is a public school building in Grand Rapids village, but it is not up to much. They have pretty well ruined it by using it as a dance hall. The last teacher they had over there left in February last, after three months work. The Manitoba Government seem to have had a number of teachers from time to time, but none stay longer than a quatter. There is no place at which a teacher could board .

I have had about a dozen of these half-breed children over [illegible] our school. They are making progress, and [illegible] gives the settlement some satisfaction. Their parents have been putting them over daily. Please inform me, if I may send a return of this attendance of half-breed children to the Provincial [illegible] Department. The Department, I expect, would [illegible] Grand Rapids village in its grants to the public school, and they might send me a cheque, which would come very acceptable, as my expenses during the past six months have been heavy.

I conclude that you would take up the subject of a combined school with the Provincial authority, with the suggestion that they should in future undertake part of the expenses, which would be only right. I should also say that the Public school has never been inspected by a Provincial Inspector, and they would thus [illegible] education on the other side.

I find that within the past few weeks in our own school we have been able to do little work after 2-30 in the afternoon as it gets so dark. The windows are so small, and the thick bush on two sides does not help much.

I am issueing rations, which the Agent had placed in the school at treaty time, and the people are calling upon Mrs [illegible], and [illegible] few of these things were sent in I am told, we are having to give them out from our own small stores.

There appears also to be some need among the people for clothing. There are a couple of traders in the settlement, but in neither, are any dry-goods kept. Both these stores are in a very

...ll way of business with supplies limited to flour, sugar & tea. ...t John Smith's we received yearly from the Agency, a bolt of ...lot, serge, gelatine, some pants, & some blankets. Nothing of ...that appears to come to this place, and it would be really a help if such could be granted. Mrs Gentleman and myself have given away everything that we really can spare. I am badly in need of blankets for the old people, and some pants for the boys. One of the girls appears at school with a bathing costume worn as a jumper with only a little coat and skirt. I have gone to some trouble to find out the reason, and it seems that it is partly owing to there being nothing nearer than the Pas, and also the poor fishing. Neither the fishing or the hunting is what it used to be years ago.

I observe that the people have a few head of cattle, which they care for themselves, which I think will be helpful to them in years to come, and if the matter of new buildings is considered by the Department it might be pointed out that this land have in the past not called upon the Department to any great extent, also that they show some inclination to take care of what they have got, which is not always the case. They appear to me to be a band well worthy of consideration, and an improved day school would work fine. They are poor, most the poorest I have come across, but this I feel is due to their location. I suppose in the early days, hunting and fishing was good. Sooner or later they will have to take to the farming and cattle industry, and the school should be a means to bring this more before them.

From this information I trust you will be able to convince those who have the estimates in hand for another year, but if there any other details needed, I would be glad to supply them or send them to the Agent whichever you desire.

Yours faithfully,

O. H. Gentleman

Grand Rapids. Manitoba. January 1st.1923.

Dear Sir:

I must thank you for your letter of November 2nd, which reached me by the last mail, and the enclosures therein.

Regarding school matters I am glad to see that the Department have given consideration these difficulties, and the report referred to is,I expect that which required the number and ages of the children on both sides of the river, which I forwarded to Ottawa by the last mail.

Therein, I endeavoured to make clear that the present standing of the school in every respect, is by no means as high as other Department schools in the western provinces. The present pupils in attendance have always been crowded so close together, that the order and discipline of the school is very low, and that the progress which should be made,is not made. I am not surprised that under the present conditions that teachers in the past have become more or less discouraged, and the parents have been inclined to complain,certainly in my experience with other Indian children,there is much to be desired as regards the pupils here.

I observe that the Department are willing to provide such material suitable for instruction with regards local conditions and I had in mind a compass mariners, maps and charts of Lake Winnipeg and signal books, most of which can be supplied by the Department of Marine and Fisheries at very low cost, all of which would be most useful to these boys. The provision of such things I would not suggest at the present time, owing to the lack of space, also the boys should advance at least as far as the third reader.

There have been several years, which I have observed that all the children in the various schools are from ten to fourteen with few younger ones. As time goes on this changes and the older children's places are taken by smaller children, hence the suitability of adjustable steel desks, which provide suitable seating for all ages at all times Single adjustable desks,steel, as used in the [illegible] desks are an expense to the Department. This school as you know is cold from Friday to Monday, and the frost snaps the iron ends, [illegible] I have noted the [illegible] the floor is so soft, that the [illegible].

From the enclosed returned you will observe that the average attendnace has been maintained, also a number of children [illegible]. I [illegible] desire the Indian children to have first consideration and with this in view, I have kept the Indian children's places, and permitted the half-breed children to occupy whatever space might be at disposal. Drill and exercises cannot be carried out during the winter months. The children have never done any singing, but I can obtain an organ next summer.

In event of a new school being decided upon, I would also [illegible] that it may be made from the present site, a little more [illegible] a matter of a little north, and placed [illegible] the river mouth. Such a location would be within easy distance of all families on both sides, and about midway between the two churches. The entrance to the river and harbour is not bouyed, or marked and the last time the Wolverine came in she struck. The situation is such that a new building would make a splendid mark if placed in the correct position, and I think the Marine and Fisheries Department would be glad to have our Department assist them in this regard. As you know the river comes in at one corner of the harbour, and buildings placed in view of ships are more noticable than in the bush.

The Department have no other buildings on the reserve at present, and I have placed the rations in the small attic.

Regarding the medicines, I have not seen Mr McKay, who is away but I have arranged with Mr Inglis to bring them over. I don't think you have ever been in this house. We have really no place for them and everything freezes. I have papered the place, and keep three stoves going, but all our potatoes are frozen as well as our years supplies of canned fruit and milk. There is practically only one room in the house that we can keep warm. I understand that there are very few medicines on hand, these will keep under the best possible present conditions.

I might also say that this is the first Indian school I have experienced in which none of the children have had colds, or sores. There is one boy, almost past school age, a cripple whom I think is bad, but otherwise the children appear to be more healthy than others I have met with. Perhaps it is the use of fish oil.

I quite understand that whatever the Department can do will have to wait until the lake opens up. You will be able to advise the Department that whatever is done, plans would have to be made very carefully, and very fully, as the distance from Selkirk, or the [illegible] material to be used, but I expect between now and summer such matters will have been fully covered.

Yours sincerely,

W. N. Gittelman

May I respectfully submit to the kind consideration of the Department the work under Mr. Gentleman's charge, at Grand Rapids, Manitoba. From all I can learn he has made a real success of the day school at that place, although working under great disadvantages on account of the poor condition of the buildings, the scheme which he has laid before them; the duplicate, which would involve very heavy expenditure, and would greatly improve the conditions of things. Mr. Gentleman is very capable and very [illegible] deserves encouragement.

Very Reverend Sir:

I have your letter of the 14th instant, in which you urge the Department to give favourable consideration to the requests of Mr. P. H. Gentleman, Teacher of the Grand Rapids Indian Day School.

In reply I beg to state that the scheme submitted by Mr. Gentleman to our agent would involve an expenditure of about $800, and it has been found necessary to postpone any building activity until funds can be provided. If the school at Grand Rapids continues to be a success, it may be possible to arrange for an appropriation to provide proper classroom and living quarters. In the interim, the Department is allowing any repairs or equipment that can be considered absolutely necessary for the proper conduct of the school for the coming winter.

Rapids. Manitoba. July 2nd. 1923.

Dear Mr Perrier.

One of the difficulties in connection with this place is getting in household supplies; it is impossible to get stuff from the Pas, which compels one to order from Winnipeg to take advantage of a boat that runs at odd times during the month of August only direct from Selkirk to the south of the river. A whole years supplies have to be ordered of everything that is needed, which means a payment of about $300.

I am placing this order with the Hudson Bay Co .Winnipeg by this mail, as the Augusttmail would be too late, but I think you will understand that it would be entirely unsatisfactory to have a years supplies in, if there is any chance of a move

is any likely[illegible], I would be glad if you would write at once [illegible] and request them to hold my order for the time being.

As far as I can see, we have had a very good school for the past twelve months, the people are satisfied, and the children have made some progress, and we are prepared to spend another winter in this house. I understand how difficult it is to get funds needed for building purposes, but the present conditions cannot be helped for the time being I know.

I should not like any change made in teachers as regards this place, to take place at any time of the year with the exception of the month of August. Anyone with furniture must move in or out on a Northern Fish Cos boat, which is the only thing that can take a load. They sometimes run a trip the first week in October, but then they have more than they can handle. The only other way is by open gas boat, or canoe to the Pas, and dogs in winter, which cannot be used for freight at all. Under these circumstances I feel you will see how one has to look ahead.

Yours faithfully,

L. A. Gutleman

Dear Sir:

re School at Grand Rapids

Mr. P. H. Gentleman teaches the Indian School at Grand Rapids and a suggestion has been made that he might divide his services between the school under your department and the public school at the north side of the river. The public school has been closed for some little time but there are at times a considerable number of children who should be provided for and it may be that Mr. Gentleman can handle the two schools by teaching half a day in each. I shall be glad to your opinion on this suggestion.

...ed us a few days ago, but ...e regarding the school. I ...m Commissioner Graham, but I wanted ...rs, as I think it best to keep you ...e it clear to Commissioner Graham that ...ce must take advantage of the boat that August.

...r other matters. By this time I expect you have received a visit from the Bishop of Saskatchewan, who was here on August 17th. At that time the Bishop had requests of a threefold nature. First that he should place an ordained man in charge of the Church work, Second, that I should continue the teaching, with which the people were well satisfied; Third, that he should use his influence with the Manitoba Government to have a teacher appointed for the village school of Grand Rapids over the river. His Lordship noted these requests, and told them of the shortage of ordained men, and I believe expressed some intention of calling on the Manitoba Educational Dept to see what the position was regarding the Public school.

Besides the visit of the Bishop the settlement has been visited, by Mr. Bracken, Prime Minister of Manitoba, and Mr Black, the member, and then later by Commissioner Campbell, whose office has now been discontinued by the Manitoba Government. The request for a teacher over the river was put up to the ministers by Henry Mackay, and they appear to have promised them a teacher. In this request the Mackay family are entirely alone, the rest of the settlement (which really consists of non-treaty Indians) are entirely satisfied with the present arrangement. When Commissioner Campbell came along from the Pas, I understood that it appeared that the Ministers

he was the "goat". I asked him to let me know what the Winnipeg authorities intended doing, and by this mail I have word of his being out of office but that it had been suggested that I should teach six months on each side of the river using their old schoolhouse. This I think is the outcome of some expression on the part of the other halfbreeds who met the Ministers, and Commissioner Campbell at the Fishing Camp at Horse Island, at which time they asked that even if a teacher was appointed ... to the public school, would they be allowed to send their children across the river. Of course I believe they were told that that question would have to be answered by the I.D. but as far as I can see the Manitoba Government have suddenly woke up to the fact that it would be a piece of foolishness to have two teachers in the settlement costing round about a thousand each, when one man could do the work, and they will be looking for a way out of the difficulty. Their main difficulty is with Henry Mackay. He wont be satisfied with anything less than a teacher who will board at his place; and a combined school on either side would not satisfy him .

here, he referred to considerable difficulty over Church matters over the river, which he hoped I might advoid, so when the halfbreed people asked me to take in their children, I agreed while they had no teacher, and were also willing to occupy somewhat restricted space, my object being to advoid any offence, and I thought it would only be for a short while in any case.

Now there is the mission work, which of course the Bishop has in view. He did not promise them an ordained man, but at present our Clergyman comes from the Pas when he can, and it would be a saving of travelling expenses, and perhaps satisfy all quarters if they did have an ordained man, and this I have suggested to the Bishop. I understood from Mr Frazer, our Clergyman at the Pas [illegible] have two ordained men at the Pas, and that school could be very well taught by a layman, and in view of all these circumstances I have asked the Bishop if it would not be better to get an ordained man for this place and let us go to the Pas. The three authorities, that is yourselves, the Manitoba Governemnt, and the Bishop would have to come to some arrangement about this place either combined or otherwise, and as far as I can see Mr Henry Mackay will not be happy unless it is otherwise.

However, I wish to go home to England for a visit next summer holidays. My Mother is getting on in years, and I should make the trip. To do so, I might have to apply to the Bank of Montreal for a loan. I have been a customer of theirs since 1911, and have never applied for a loan before. I have a fully paid up insurance policy for a fair amount, but of course I should not be able to obtain this unless I was certain of a future post. I would like if possible to leave here at the end of June, and open up your new school at the Pas on September 1st next year. I expect you will think I am looking ahead a bit, but by the time this gets considered by the different parties, it will be along into January or February, and then I want, if I can to arrange with the Church to have some of my heavy furniture taken over, and our April and May mail is very uncertain. I am also concerned about the health of Mrs Gentleman which is not as well as I would like; she is well, but we would like to be closer to the Doctor if that is possible.

Mr Frazer told me that the Pas people seem to be serious in their desire for a dayschool. I thought at first it was merely talk and worry, similar to the village school difficulty at this place, but if they are serious, I feel sure my experience could be of some [illegible] and various other kinds of difficulties. I would help them in the church of course if needed, but I would not be responsible for that work as I am here. I have a good deal of school equipment of my own, picture machine, woodworking bench, and I hope to pick up [illegible].

I hope you will be able to give us careful consideration, and advise us what would be best; I shall likely not receive your answer before December, and it would be by the January mail before I could reply.

I have your letter of September [illegible], with general reference to conditions at the little [illegible] Indian day school [illegible] relative to your wish to return to Indian work [illegible] a vacation in [illegible] during July and August of last year.

In August, last, the Manitoba Department of [illegible] on an extension of our duties for the future of [illegible]. Mr. [illegible] that the Department of Indian Affairs would [illegible] a school at this point for its wards, and it was suggested that a provincial school be started on the other side of the river. I cannot understand how a combined school would be successful, because of the difficulty of crossing the river at certain seasons of the year.

There is some discussion concerning the advisability of re-opening a day school for Indian children at The Pas. A decision has not been reached as yet in this connection, but I wish to assure you that the Department will give favourable consideration if the [illegible] calls for the re-opening of the Pas or any other Indian day school in September.

I regret that the arrangements could not be completed in time to meet your [illegible] this year. I am confident, however, that a suitable class of Indian children will be available during the winter months.

Grand Rapids. Manitoba. May 1st. 1925.

Dear Sir:

I duly received your letter of January 29th, and note that a decision has been reached to place the school, and teachers house together at this place, which I think will remove a great deal of past difficulties.

I much regret to say that my wifes health still causes considerable anxiety. The people are not of a type that one would care to have in the house, even if it was possible to get them, and the [illegible] is twenty five minutes walk from the house, thus Mrs Gentleman is entirely alone the whole of the day, which I fear is not very helpful.

I do not think it possible that her health will allow us to return to such a remote place as this is, but there are a few reserves that might be considered, if they should happen to become vacant, such as the headquarters of Carlton Agency, Fisher River, or the Pas, if a school is built there. In such places there is Medical advice, and also the possibility of getting some household assistance.

The teachers at Fisher River and Carlton would, I feel sure do, satisfactory work, I have met them both, and there would be no need for a change at those places, and under the circumstances I fear that we must retire from the work, unless a suitable school becomes vacant at a later date.

I would like, however, to know if I am correctly informed that under a Civil Service Insurance Act of 1914, employees retired after serving ten years or upward become entitled to a pension of ten-fiftieths of the average salary of the last three years, and also if under such an act an allowance can be made to myself and my wife, if my wifes health does not permit a return to [illegible]. [illegible] but it appears to have become to be an accepted thing among the people that the wife of the teacher should visit the sick, and [illegible] troubles. Since 1913 we have been entirely at their call at all hours, except during the time we spent at the Blackfoot reserve when the children required entire attention.

I have no other interest or undertakings, or other business of any kind, My entire time has been given to the Department I mention this because I have met so many men who have run farms on a side line to which they could retire to.

I would like to take the opportunity to talk over this matter, or other possible work, on the way to Montreal, and would [illegible] present on the 9th or 10th of July. It is quite possible that if we could manage to miss one western winter, my wifes health may allow us to take up the work again next spring.

Gentlemen:

In the absence of the Bishop of Saskatchewan I beg to submit the name of C. Royston-Parry who holds a first class certificate and has advanced training in History, Geography, English, Hygiene and Physical Culture.

He would be prepared to commence duties on December 1st. next. This man being single will, I feel sure prove capable, and I have impressed upon him the fact that we do not want him to merely apply and then turn down the appointment. He has assured me that if appointed he will take up his duties on the date specified; viz December 1st.

Reverend Sir:

I have to acknowledge receipt of your telegram of the 27th instant and your letter of the 23rd instant, nominating the services of C. Royston-Parry for the position as teacher of the Grand Rapids Indian Day School, to commence duties on or about December first, next, and of Herbert Barnes as teacher of the Red Earth Indian Day School. In reply I have to confirm the following night letter of today's date:

"Department approves of appointment following teachers:

Red Earth - Herbert Barnes at eighty-five dollars per month;
Grand Rapids, Royston-Parry at ninety-five " " " .
Salaries based on qualifications."

It is noted that Mr. Royston-Parry holds a First Class Certificate and has advanced training. The salary allowed him will be at the rate of $95 per teaching month. It is hoped that he will be ready to commence duties on or about December first, next.

Relative to the appointment of Herbert Barnes as teacher at Red Earth, we note that he is only 20 years of age and holds a Second Class Academic and Third Class Professional Certificate. In view of his qualifications, the Department will allow him salary at the rate of $85 per teaching month. He should take up duties as soon as possible.

It is hoped that both these teachers will accept as the Department is anxious that there should be no unnecessary delay in having the work started at these schools. We are informing the local Indian agents and Mr. Commissioner Graham of the approval granted for their appointment.

Rev. Sir:

I have your telegram of the 29th ultimo, informing the Department that you have received an application from Charles Wyatt for the position as teacher of the Grand Rapids Indian Day School, and stating that he is a married man and has a first class teacher's certificate, also stating that Herbert Barnes, who was appointed as teacher at Red Earth, can proceed and take up duties at once is desired. In this connection I beg to confirm the following night lettergram of the 31st ultimo: -

"Department approves appointment of Charles Wyatt for Grand Rapids school in preference to Parry to begin duties at New Year. Please arrange with Barnes to proceed to Red Earth earliest possible date. Hope these arrangements final."

The Department has, on two occasions, informed both Mr. Commissioner Graham and the local Indian Agent of appointments to Grand Rapids School, and before informing them of the appointment of Charles Wyatt I should be pleased to hear definitely from you as to whether he accepts or not also the date on which he will take up duties. I may say that the salary allowed him will be at the rate of $50 per teaching month. While we are anxious to have the school opened as early as possible, it is noted that Mr. Wyatt would not be prepared to begin duties at Grand Rapids until the first of the new year, as he is at present teaching in a white school. Please ascertain from him definitely as to whether he will accept or not and advise the Department, in order that our Agent and Mr. Commissioner Graham can be informed.

The Department has approved of the appointment of Mr. Wyatt in preference to Mr. Peyton-Parry, as he is a married man and his wife has had experience in nursing.

Dear Sir:

In reply to your letter of November 2nd. No.125-11-1. I have received notification from Mr. Wyatt that he accepts the position at Grand Rapids and will take up his duties at the commencement of the New Year.

I advised him to get in touch with the Rev. A. Fraser, who will be able to give him every information in regard to the best means of getting himself and family there.

I quite realize the necessity of getting a married man for this appointment, but we find in many cases that it is the wife who is unwilling to go after the arrangements have been made, but I trust we have all the anpointments now satisfactorily made.

Sir:

Referring to official letter of the 29th ultimo, relative to the appointment of a teacher for the Grand Rapids Indian Day School, the Anglican Church authorities state they they have obtained the services of Charles Wyatt, a married man with a First Class Certificate for the Province of Saskatchewan, to take up duties as teacher of this school at the beginning of the new year. They recommend the appointment of this man in preference to C. Royston-Parry, who is unmarried and who, you were informed in the above mentioned letter, had received the appointment. The Department has agreed to the appointment of Mr. Charles Wyatt, to begin duties on or about January first, next, with salary at the rate of $96.00 per teaching month. It is stated in a communication received by the Department from the Church authorities that Mr. Wyatt has accepted the position.

It is hoped that the appointment of a teacher for this school is now definitely settled and that Mr. Wyatt will begin duties on the date named.

Selkirk, Man. 3rd. December, 1927

Sir:

I have received letters from Mr.J.W.Waddy, Indian Agent at The Pas and Mrs.Chas.Wyatt, wife of the teacher at Grand Rapids Reserve, informing me of the serious illness of Mr.Wyatt, who has been at the hospital at The Pas for five weeks, suffering from dropsy following pleurisy.

Mrs.Wyatt writes asking the Department to grant her a temporary appointment as teacher at the Grand Rapids Ind Indian Day School, until her husband is strong enough to take up his duties again. I would strongly recommend that the Department approve of this as she is well qualified to carry on, and has done splendid work among the Indian women and children since she went there a year ago, and there is a marked improvement in the dress and cleanliness owing to her efforts.

Will you kindly answer this at once, so that I will be able to notify her by the next mail to Grand Rapids.

Dear Bishop Lloyd:

I was much grieved when I read your letter of the 13th instant concerning the death of Mr. Charles Wyatt, formerly missionary teacher at Grand Rapids. All reports concerning his work were very satisfactory. I greatly regret that the Department has no authority to issue a cheque to cover his hospital expenses. I am sure Your Lordship understands that the expenditure of parliamentary appropriation is under keen scrutiny and must not be used for purposes other than those for which the money was voted.

Your Lordship will know that I am very sympathetic when I inform you that full salary has been allowed since the first of September. I am also directing that the Department's approval be given for the engagement of Mrs. Wyatt until the end of June.

I am returning the hospital account.

Selkirk, Man. 27th. January, 1925

Sir:

Referring to my letter of 14th. instant, I have received a letter from Mrs. C. Wyatt, wife of the late teacher at the Grand Rapids Indian Day School, in which she says:-

"I will continue to teach at Grand Rapids, until
" you say otherwise. My future plans I do not know,
" I only know I must find a position somewhere to
" keep my little boys. I want work in the Indian
" work if possible. My dear husband loved the Indian
" work and working with him, I got to like it too.
" If you hear of a vacancy, I would be glad to hear
" about it, because it is the boys that I worry
" about, they must be seen to"

As Mrs Wyatt is willing to carry on with the School I would recommend that her temporary appointment be extended at least until the end of the present term, at the same salary as her late husband was receiving, $95.00 per month. By that time she will be better able to decide whether she will remain, or a vacancy may occur which would be more suitable.

Mrs. Wyatt has done splendid work at Grand Rapids among the Indian women and girls.

Sir:

I have your letter of the 23th ultimo, relative to the [illegible] which has resigned from [illegible], wife of the late Charles Pratt, formerly Missionary Teacher at Grand Rapids.

In reply I beg to inform you that the Department approves of Mrs. Pratt carrying on the work as teacher at this school until the end of the present school year, viz. June 30th, next. Should her services prove at that time satisfactory, the Department would have no objection to her remaining as teacher after that date providing her salary commences with the new school of the Church authorities. We are allowing her salary at the same rate as was paid her late husband, viz. $95 per teaching month.

Please inform Mrs. Pratt of the Department's approval of her carrying on the work as teacher at Grand Rapids, and it is hoped that she will meet with every success in her work. Please advise her as to her assistance you can give her in connection with the [illegible] of the school property. Pratt until the end of June, next.

Right Rev. Sir:

I have Your Lordship's letter of the 3rd instant, informing the Department that Mrs. Morris has resigned the position as teacher of the Big Eddy Indian Day School, and recommending the appointment of Rev. E. E. Horsefield, B. A., who formerly taught the Grand Rapids Indian Day School, to succeed Mrs. Morris for the coming school year.

In reply I have to say that the Department will approve of the appointment of Rev. Mr. Horsefield as teacher at Big Eddy, to begin duties when the school reopens after the present summer holidays, on or about September 1st, next. The salary allowed him will be at the rate of $45 per teaching month. I shall be pleased if Your Lordship will inform Mr. Horsefield of the approval granted for his appointment to Big Eddy, and arrange with him to begin duties on the date mentioned above.

We are informing Mr. W. G. Tweddell, the local Indian Agent, accordingly, and requesting him to give Mr. Horsefield any assistance he can in his work at Big Eddy.

Sir:

In reply to your letter of the 24th. ultimo I beg to inform you that a check for $200.00 being the amount for your salary as teacher at the Grand Rapids day school, for the quarters ending Sept. 30, and Dec. 31 last, was sent you by registered letter, on March the 20th. addressed to you at Grand Rapids, via Rafeking, Man. and should have reached you before this date.

The delay in the payment of your salar for the Sept. quarter was owing to the quarterly return not having reached the department for the quarter. This return has no doubt gone astray in the mails, ... in order to avoid further delay in the payment of your salary for that quarter payment was made as above stated.

INDIAN AGENT'S OFFICE,

The Halfway P.O.Man.,

April 19th 1917. 191

I beg to submit herewith quarterly returns of the Grand Rapids Day School for the quarter ended March 31st

It will be seen that Mr N. Settee conducted the school until January 16th last and that there was no one in charge until February 19th.

Reviewing the sad circumstances of Mr Settee's death and that his widow was thus compelled to face a hard and expensive time at a great distance from her people, I most respectfully beg to recommend that the Department send to Mrs N.Settee a cheque for the whole time up to the date of Miss Ethel Morrison's advent, viz: up to and including February 15th last.

Ottawa, April 28, 1917.

Sir,-

I have to acknowledge the receipt of your letter of the 19th instant enclosing the March quarter return of the Grand Rapids Day School.

In reply I beg to say that a cheque for $40.00 is being sent to Mrs. Settee, being the amount of salary available from the beginning of the quarter to the time Miss Morrison took charge of this school. Miss Morrison is being paid $60.00 for the thirty days which she taught and the cheque sent Mrs. Settee as the salary of her late husband, Nathan Settee, completes the full quarterly [illegible] provided for this school.

Your obedient servant,

Asst. Deputy and Secretary.

Sir:

I have to refer to official letter of the 29th ultimo, advising you of the appointment of a teacher for the Grand Rapids Indian Day School. I now beg to inform you that the Anglican Church authorities have nominated the services of Mr. Charles Wyatt, a married man, who holds a First Class Certificate for the Province of Saskatchewan, in preference to C. Royston-Barry, who is unmarried. The Department is approving of the appointment of Mr. Wyatt and we are definitely assured by the Church authorities that he will proceed to Grand Rapids and be ready to take up his duties at the commencement of the new year. The salary allowed him will be at the rate of $900 per twenty month. I shall be pleased if you will inform the Department later of the exact date on which Mr. Wyatt begins duties.

The Pas- Man 15th May 1926

The Secretary
Indian Affairs
Ottawa,Can.

Dear Sir. Re Chas Wyatt,Teacher,Grand Rapids,Man

The above party who is employed as a school teacher at Grand Rapids has just written to us to make certain disbursements on his behalf,as he is apparently under the impression that his salary cheques have been deposited in this bank in accordance with his instructions.

Grand Rapids is a difficult point to reach by mail at this period of the year and so that Mr Wyatt may not be placed in an awkward position in this matter we would be very pleased if you will kindly advise us the amount that is due him and when it will be paid to this Bank for his credit.

Thaning you in anticipation,

Yours Faithfully

Manager.

Sir,-

I beg to acknowledge the receipt of your letter of the 13th instant, with reference to the salary of the teacher of the Grand Rapids Indian day school. This teacher was engaged at a salary of [illegible] per month but no instructions appear to have been received regarding the sending of his cheque to you. A cheque for the amount due him for the months ending March 31st, last, was forwarded to him at Grand Rapids early this month.

Please arrange with Mr. Pratt to properly sign the Medical Form of Attorney and have the same returned to this Department in order that future payments may be made to the Canadian Bank of Commerce.

Your obedient servant,

Russell T. Ferrier.

Sir:

Enclosed School Report for quarter ending 31st Dec. 1927 from Grand Rapids Indian Day School,has been forwarded by Mrs.Wyatt,due to the illness of Mr Chas.Wyatt,who was appointed temporarily in your telegram of 7th Decemberto teach the school during her husband's sickness. The school was only open for 6 days during the quarter.

In a private letter from Mr.Waddy,Indian Agent,at The Pas,he reports that Mr.Wyatt is in very bad shape,and Mrs.Wyatt is trying to carry on with the school,but understands that they are very badly off financially. If the Department could assist this lady,along the lines of the last quarters salary,as far as possible,it would be a great help and would be greatly appreciated.

Sir,-

Mr. Agent Stevenson has forwarded the December quarter return of the Grand Rapids Indian Day School and, in view of the expense that Mrs. Pyatt has been under recently, it has been decided to allow her the full quarter's salary. I am today in receipt of a notice of Mr. Pyatt's recent death and, as I thought that, probably, Mrs. Pyatt might be at The Pas, her cheque is being forwarded under separate cover to you and I shall appreciate your arranging to have it delivered to her.

Re Day School Teacher's Salary

Gentlemen,

I have been notified by my bankers, The Dominion Bank, Leaf Rapids, Man., that on the 29th. ult. they received a cheque for $45.00 from you. Presumably this is for the quarter ending Sept. 30., but you will notice in my report that school was held during July and August, according to instructions received through Mr. Indian agent Stevenson (Clandeboye Agency). My salary is $45.00 per month, $135 per quarter.

I should be glad if you would have this adjusted as soon as possible, sending direct to the bank.

I remain,

Yours truly,

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 5th ultimo, with reference to the payment of [illegible] recently sent to the Indian Agent, Dauphin, Man., to your credit covering your salary as teacher of the Grand Rapids Indian Day School for the quarter ended September 30th, last.

Last March, Mr. Agent Stevenson wrote the Department, stating that you had been called to take your wife to the hospital at Saskatoon and he stated in his letter that you requested leave of absence and had advised him that you would make up lost time during the summer holidays. Under these circumstances and as the Department thought that you possibly required the money at the time, you were allowed salary for the full March quarter, viz., [illegible]. Information on hand shows that the school was closed from early in February and you were, therefore, allowed salary for two months of the March quarter during which the school was not open. The extra period you taught the school during the September quarter was considered in making up the time lost in the March quarter and the Department feels that salary for one month in the September quarter will be quite sufficient.

OFFICE OF
INDIAN AGENT

AUG 14 19

Selkirk, Man., August 9th, 1934.

Sir:-

I beg to advise that I inspected these buildings when the treaty payments were being made and can assure you that the requirements requested by the Rev. Mr. Armstrong are badly needed there was no wire screening for the school house windows as a result of which the windows had to be kept down all the time, causing uncomfortable heat and stuffiness in the school room, several pains of glass were missing from the windows, and Mr. Armstrong had them covered with boards. The floor was also in bad condition and would be greatly improved by two coats of paint.

The house is also in bad repair and the things asked for in this requisition are very necessary, in order to brighten up the place as well as to make it warm, clean and comfortable for the family to live in. Although I hesitate to ask the Department to incurr this expenditure, yet knowing as I do the splendid work these people are doing on the Reserve, and their inability to live comfortably without these improvements, I have no alternative, but to strongly recomend to the Department, that if at all possible, their request be acceeded to and the order filled.

If approved kindly advise earliest convenience, and oblige.

Your obedient servant,

Andrew Irwin,
Indian Agent.

Big Grand Rapids School.

[redacted] is the teacher. He is well qualified as a teacher and is doing excellent work.

The pupils attend fairly well. They are not shy and respond readily to questioning. All were well dressed and clean.

The school is of log construction, small in size. The building should be replaced as soon as funds can be made available.

One toilet was not in use and the other was in poor condition. The new outside toilets should be placed and used. Lumber from Selkirk.

Extract from Memorandum from Dr. P. E. MOORE,
DIRECTOR OF INDIAN HEALTH SERVICES, dated 15 September, 1947.

( Orig. on 76-128)

Grand Rapids

Here we learned that the new teacher for our Department, Mr. Nosl Thomas, had arrived two weeks before and was not living on the reserve. We secured a boat and crossing the river, met Mr. Thomas, his wife and three small children. The house after being empty for three years is quite in need of the renovation they are now giving it. To date only a part of their furniture has arrived. In my opinion this couple should fit in very well here and do very good work.

In company with Mr. Thomas, I visited the house of those who were sick.

The school here, with twenty-nine pupils (the expected registration) will have about 25% of air space for each pupil as given by the Health Department as the minimum requirement per pupil. It would seem a bit ironical to endeavor to clean up Tuberculosis and then crowd our children into a place like this.

I examined the school across the river, which is well located. It is built of logs, placed on a cement foundation, and has stood there since 1914. It is still in excellent condition except for needing new shingling. This building bears out a suggestion I made some time ago that all log buildings should be placed on a cement foundation. It seems to me that this applies particularly to The Pas where building material is, or should be, readily available. New houses are being put up with no supervision as to a suitable foundation, or as to size, bearing in mind the number in the family who are going to occupy the building.

School. Have said in the past about all I can say about this building. There are 56 pupils on the roll in a room which seats about half this number and all these seats are homemade and very poorly made at that.

Welfare & Training

Dear Sir:

Please refer to your letter of the 29th Ultimo, file 125-11-6(WT) regarding Grand Rapids Indian Day School.

I have contacted Grand Rapids to have two toilets built similar to those at Nelson House, for the Grand Rapids school. I will advise later as to the approximate cost of material and labour for same.

The wash basins and soap has been requisitioned for.

Supplies could now be shipped to Mr. Noel Thomas, Teacher, Grand Rapids Indian Day School, Grand Rapids, Man. via Mafeking, Man. These would go in from Mafeking either by tractor or Bombardier.

Your obedient servant,

T.A.Bowman

Mr. K. Law,
Superintendent, Indian Agency,
The Pas, Manitoba.

We regret that your requisition of February 24th for material at the Grand Rapids Indian Day School was mislaid and has only just been brought to our attention.

On the requisition you state that the material requested is for a cupboard, but at the same time you request authority for $150.00 for labour. Please explain this. Possibly you intend to make other repairs, and that is the reason why you ask for $150.00 for labour.

To the

Indian Commissioner,

Indian Office.

Winnipeg.

Dear Sir,

I have much pleasure in informing you that the Rev.Edward Thomas has returned from Hole River,Lake Winnipeg,where he has seen to the completion of the work you asked him to see after.

I [illegible] work on Hole River, Mr. Thomas, who is a competent carpenter himself, worked like the other men,perhaps this helped to keep the expense of the building within the limits of the item provided for its completion. I may add that Mr.Thomas used his own boat from Fort Alexander to the site of the School house which in taking out the men [illegible] he tells me he had a few [illegible] left and a little lumber with which a few much needed repairs were made to the Teacher's house, and he hopes that in this matter you will not find any fault for [illegible] instructions.

At Black River it was intended to expend $50.00 repairing the old School

House,but on careful examination Mr.
Thomas found this would be unwise and he
got the Indians to cut and haul logs
for a new building which,as before
stated, will be a great benefit to the
band when it is completed.
I trust the work done will be satisfactory
and that these schools will in consequence
be much better attended.

Ven. Sir,

Mr. Inspector Semmens has recently visited the Day School at Hollow Water River, and he reports that John Sinclair, the Teacher there, is very old and incompetent, and desires to be relieved of the school on the 30th. of June next. He wishes to be changed to Brokenhead; but I do not think he is fit to teach anywhere. At any rate he is doing no good at Hollow Water River, and you should select one to succeed him on 1st. July next.

Yours truly,

Indian Commissioner.

Ottawa, May 31, 1909.

Very Rev. Sir,-

On march 30, last, the late Indian Commissioner, Hon. David Laird, wrote, asking you to select a teacher to take charge of the Hollow Water River school after the end of the current quarter.

From reports to hand it is quite evident that the present teacher, Mr. John Sinclair, is incapable of giving proper service, and his retention in the position would be unfair to the Indians.

The Department desires to raise the standard of the day schools and for its part is prepared to pay better salaries where qualified and efficient teachers, preferably with professional training, are engaged. You will be good enough, therefore, to make enquiries with a view to securing the services of a teacher to take charge of this school on its reopening after the summer vacation who will be able to assist the Department in carrying out the policy above referred to.

Kindly report the result of your enquiries to the Department as soon as possible.

Your obedient Servant,

Right Rev. Sir,

I have the honour to inform your Lordship that on May the 31st and September 27th, last, the Department wrote to the Ven. Archdeacon Prair, of Winnipeg, in reference to a change of teachers at the Hollow Water River School. In a reply recently received from him he states that he has referred this matter to your Lordship.

No return was received from this school for the September quarter, last, and I have to ask your Lordship to be good enough to state whether Mr. Sinclair's services have been dispensed with, and, if so, whether a new appointment has been made.

a missionary character was to be in my charge, es-
tablish Sunday services for Bible study. With this unde
standing my wife and I came at our own expense
from Coaticook, Province of Quebec. Since
of the salary of $500.00 as teacher our work is without
remuneration from any source. We do it purely from a
sense of duty and of the Indians great need and at the re
quest of the Indians themselves.

Sometime in October a native was sent here by
the Bishop to read services and he demanded the use
of the school for this purpose. He stated that
both he and the Councillor were personally responsible
for school supplies being kept, and that if
keys were not promptly delivered

Their promise was not kept, — the use of
from the school-room, biscuit boxes were broken o-
pen, the school desks were wrenched loose from the
floor and several of them were completely broken down,
while the floor, walls, desks, and biscuit boxes were
covered by sputum, much of it diseased.

The Bishop made and the agreement spoke
red to in my letter of June 2d., I was obliged to close the
school building for all services over which I do not have
charge, until I receive definite instructions from the
Department. This was absolutely necessary for the main-
tainance of order in the school room, the protection of
school material and the preservation of the health of
the pupils.

Permit me to say that Mrs. Lavatnie assists me in beautifying and rendering comfortable the schoolroom. It is kept scrupulously clean and neat and the walls are adorned with pictures which are changed occasionally to prevent monotony. After two days and several evenings of work we refitted the desks and screwed them to the floor where they remain in position.

Every child on the roll is attending every day. We give rewards for regular attendance and also for punctuality.

While writing this letter I am [illegible] by an Indian who has a boy in the school that a council-meeting is to be held tonight at the Councillors house for the two-fold purpose of expressing pleasure at the progress that the pupils are making, and to devise ways and means for bringing the scattered population together for the purpose of attending the school.

I would like to secure a copy of the plan of this reserve and also a copy of the Indian Act. Where may they be obtained.

Sir,

I have to acknowledge the receipt of your letter of Jan 21st., and in reply I beg to say that I am enclosing the blue print you sent me with the position of of school building and teachers residence located thereon.

As you will observe by referring to the blue print neither of the buildings are located on the school lot. This lot is composed largely of high rocks and marsh and there are no buildings on it as nearly as I can tell.

The councillor, John Hardisty, informs me that in 1898 Mr McColl, the Departments Commissioner recommended the transfer to the new site where a forward surveyed plot was alloted by the Indians for the school building and one likewise for the teachers residence. Mr McColl superintended the erection of the school building upon the new site. These plots would estimate, are from ten to fifteen yards in width and extend about one hundred yards, but there are no marks and no plat to go

There should be space reserved for a school garden and for a teachers garden as the soil is rich surrounding the buildings

The [illegible] is [illegible] for [illegible] old and rotten [illegible] about level of bridge It is not habitable in summer in its present condition. There are no storm doors or windows and no water closet [illegible] room stable or wood house

The school building is in fair condition but sways somewhat in violent winds and has no entry and no storm doors or windows and is very cold.

Being an ordained clergyman I accepted the school solely with the understanding that [illegible]

Sir,-

I have just received a letter from Mr Arthur Santinier, Day School Teacher at Hollow-water River, he asks to have the Summer holidays at this School take effect for the months June and July instead if July and August; he offers as an explanation that the attendance at the School in June is poor, and irregular, owing to the Mosquito season, the paymants, I am of the opinion that there is a good deal in his argument, and, if permissable, I would recommend that his request be granted, and ask for approval to that effect,

Sir,-

Regarding the inquiry made by the Corresponding Secretary of the Conservative Women's Association of Ontario in reference to the work of Mr. Scribner and his wife in charge of the Hollowwater River school, I beg to say that Mr. Scribner and his wife had charge of this school for the past two years. Our Inspector reports that Mr. Scribner has very fair success considering the difficulties of the parents to the education of their children.

The Hollowwater River School is conducted under the auspices of the Church of England and Mr. Scribner himself is a communicant of that Church, but this Department would not be justified in allowing any other religious body to take part in the work without the Bishop's consent.

I have just heard from the Rev G.C. Smith who reached Hollow Water River on the 13th inst,and will begin school at once. Mr Santimer has not been teaching since the end of September

I note that you say " The Department will pay at the rate of $400.00 per annum" I would respectfully request that this school be placed on the same footing as the rest. I believe the Mr Santimer received $600.00 per A. and Mr Smith received this at Islington,and I can see no reason why it should be reduced. We cannot keep decent teachers unless they are paid a decent Salary. Believe me

I have the honour to acknowledge the receipt of Your Lordship's letter of the 19th instant in reference to the salary to be paid Rev. O. C. Smith at the Hollow-water River School.

In reply I would ask Your Lordship to state whether Mr. Smith is to give his whole time to the school work, or whether he will also be engaged as missionary on the reserve. If his time is to be given wholly to the school work and if he decides to stay for some length of time in charge of the school, the Department will be prepared to consider Your Lordship's request that the salary be $500.00 instead of $400.00. Dear Sir.

In reply to your letter of the 23rd inst re Rev C. G. Smith. I may say that Mr Smith is appointed Missionary at Hollow Water River with the understanding that the school is to be his first and most important work,he will therefore devote the same amount of time to the [illegible] at least. I hope therefore that the Dept will see its way to pay him at the same rate as other teachers.

We could not for a moment think of putting a Missionary at H.W.R. unless in conjunction with the school as the Band is not large enough to demand this ,but combining the two we may I hope be sure of having a good teacher who will stay with the work.

Superintendent of Indian Affairs,
Ottawa,

Dear Sir:-

I have received your communication of October 20th and to take special care. In submitting my application to you I realize the act to be a hurried one, and one that requires an explanation. The very sudden and unexpected death of my wife and child makes it impossible for me to live longer at Hollow-water.

Trusting you will find your self-pupil and convince my prior application as a just reason for my position as Teacher of Hollow-water.

I beg to remain sir

The Secretary,
Dept.of Indian Affairs,

Dear Sir:-

I beg to acknowledge yours of the 22th,inst. No.121979/1 in reference to the Hollow Water River Indian Day School, and would state in reply that we have an application for the school from a Mrs.T.Bellefeuille, nee Miss Barrett, who I understand taught the school in 1918. As I have no record of her qualifications and no report of her past work I have written asking her to send me her qualifications & experience.

Our Bishop no doubt has some knowledge of the applicant, but he is now in England, and I cannot find any reference to the applicant in our records.

You may in the Department have some report of her work at the above school, and I should be glad to know if you think Mrs.Bellefeuille suitable for the school, so that on receiving her reply to my letter I may then be better able to decide on her fitness.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 25th ultimo informing the Department that you have an application from Mrs. T. Bellefeuille, nee Miss Barrett, for the position as teacher of the Hollow Water River Indian Day School.

In reply I beg to say that Mrs. Bellefeuille formerly taught this school from October 1st, 1918, until September 30th, 1919. At the time of her appointment she was twenty-two years of age and had passed Grade VIII and had a Normal School Certificate.

As she is now married, the Department would like to be informed as to whether her husband would reside with her on the reserve and, if so, what his occupation is. The Department is not disposed to allow white men having no connection with Indian work to reside on reserves. The Department will be pleased to hear from you, giving full particulars regarding this man, before considering the appointment of his wife as teacher.

Ottawa, June 23, 1920.

Right Reverend Sir,-

I beg to inform Your Lordship that Mrs. T. Bellefeuille, nee Miss Barret, who was appointed teacher of the Hollowwater River Indian Day School to succeed the Rev. G. [illegible] has not yet taken up her duties at this place. Rev. Canon J. Lofthouse was informed by official letter of April 24th, last, that the Department approved of the appointment of Mrs. Bellefeuille to begin duties as soon as possible, with salary at the rate of $500.00 per annum, and bonus at the rate of $150.00 during the present fiscal year.

Mr. Agent Latulippe informs the Department that the Indians are complaining about not having a teacher and request that one be sent them as soon as possible.

I have to request that you will be good enough to state whether Mrs. Bellefeuille intends to accept the position and, if so, I should be pleased if you would ascertain from her the earliest date upon which she can begin duties. If it is not her intention to accept the position I shall be pleased if you will endeavour to secure the services of a suitable teacher for this school at an early date.

I have to acknowledge the receipt of your letter of the 5th instant enclosing a copy of a communication from Mrs. T. Bellefeuille tendering her resignation as teacher of the Hollowwater River Indian Day School.

In reply I beg to say that her resignation is accepted, but it is considered that she has given up her duties without due notice and the Department would be warranted in withholding at least a month's salary. You should instruct her to forward a return showing the attendance and days taught by her during the months of January and February, last, in order that payment of any salary due her can be made.

The Department is communicating with His Lordship the Bishop of Keewatin with a view to obtaining the services of another teacher. As soon as His Lordship nominates a suitable teacher to succeed her you will be advised. In the meantime the school will have to remain closed.

Right Reverend Sir,-

I beg to inform Your Lordship that Mr. Agent Lartigue, Falkirk, has forwarded the resignation of Mrs. T. Bellefeuille as teacher of the Lolleewater River Indian Day School. She gave up her duties and closed the school on the 1st instant.

It is considered that Mrs. Bellefeuille has given very short notice of her intention to resign. Under the circumstances the Department would be warranted in withholding a portion of her salary. The Agent is, however, being instructed to have her forward a report showing the days taught by her during the months of January and February, last, when payment of any salary due her will be made. In the meantime he is being informed that the school will have to remain closed until another teacher is secured.

I shall be pleased if Your Lordship will nominate a suitable teacher to take charge of this school to succeed her. The name, qualifications and experience of the person nominated by Your Lordship would be forwarded for the consideration of the Department. I shall also be pleased if Your Lordship will give this matter your early attention and endeavour to secure the services of a suitable teacher for this school.

Sir, -

I have to acknowledge the receipt of your letter of the 29th ultimo regarding repairs required to the Hollow Water River Indian Day School, and furnishing an estimate of the cost of placing the foundation and other repairs, and also requesting that you be granted authority to obtain two jack-screws to raise the building.

In reply, I beg to say that it might be possible for you to arrange for the hire of two jack-screws for the time they would be required, but if this is not possible you may purchase the two jack-screws, the cost of which should not exceed the estimate submitted by you. If you find it necessary to purchase these, you will be good enough to see that when the work is performed at the school they are returned to your care, as you will be held responsible for them, and they can be used when we have future repairs to be made to our schools and agency buildings.

You should arrange to have the repairs required performed as soon as possible, and the cost should not exceed your estimate. When the work is completed you should forward properly receipted vouchers, in duplicate, covering the expenditure incurred in the purchase of any material required, and the labour.

Mr.H.O.Latulippe
Indian Agent
Selkirk, Man.

Dear Sir,-

We beg to call your attention to the fact that it is over a year since we had a teacher at our Reserve,and we would be pleased if you could communicate with the proper authorities and endeavow to get us a teacher.

The children are badly in need of schooling,one reason alone why we want a teacher in the worst way.

The school is in a good condition with a good supplies of fuel.

So we would ask you to write to the Bishop of Kewatin and lay our pliant to him.

We remain the Hollow Water River Band.

OTTAWA, March 27th, 1922.

Reverend Sir, -

A communication has been forwarded by Mr. H. C. Latulippe, Indian Agent, Selkirk, Man., from the chief and councillors of the Fallow Water River Reserve requesting that the services of a teacher be obtained and the school in that reserve be re-opened as soon as possible.

By official letter of March 21, 1921, His Lordship the Bishop of Keewatin was requested to nominate a suitable teacher to take charge of this school, and in your reply of March 24th, of the same year, you stated that an endeavour would be made to get in touch with a suitable person whom you would nominate as teacher.

The chief states that the children are badly in need of schooling, the schoolhouse is in good condition and that there is a good supply of wood, and he requests that as soon as you to nominate a teacher for him the school re-opened as soon as possible.

I will, therefore, be pleased if you will give this matter your earnest consideration and endeavour to secure the services of a teacher with the necessary qualifications.

The name, qualifications and experience of the person nominated by you for the position should be forwarded for the consideration of the Department.

We are asking our Agent to inform the Indians that the matter of securing a teacher is being left in your hands.

Your obedient servant,

Russell T. Ferrier,

Sir, -

I have to acknowledge the receipt of your letter of the 21st instant, enclosing a copy of a communication from the Indian Agent, Selkirk, requesting that a teacher be appointed to the school now under construction as soon as possible.

In reply I beg to say that we are communicating with Rev. Canon J. Lofthouse, Administrator of the Diocese of Keewatin, and requesting him to nominate a suitable person as teacher of this school as soon as possible. As soon as we have the name, qualifications, etc., of the person nominated, you will be informed.

It is hoped that the church authorities will be able to secure the services of a competent teacher for this school at an early date.

Since writing you yesterday, I have been reminded of a very promising young couple by the name of McDougall, of Carleton Place, Ont., a town quite close to Ottawa. Mr. and Mrs. McDougall are desirous of entering Indian work, and I have been looking for a Church of England cause where there is a teacher's residence and where Mrs. McDougall could be engaged to do field matron's duties.

Mr. McDougall has the highest references from the local church men and is qualified to act as lay missionary. He is young, about 24, and is married to an English girl. Both are very bright and seem desirous of giving their lives to church work. They have one 3-year old child.

If you feel that you would like to correspond with Mr. McDougall in connection with the opening at the Hollow Water River Indian Day School this fall, I will be glad to instruct him to communicate direct with you.

Dear Mr. Scott :-

I am enclosing herewith a report signed by Mr.H.D.Cumming, Provincial Government School Inspector, Manitoba. The report is on the Hollow Water Indian Day School, and is anything but encouraging, and goes to show that it is only a waste of money employing teachers of this class in our Indian Schools.

It seems to me that there is no other course but for the Department to release Mr.Garrett from his duties, but then again, where would we get a teacher who would go out to a point like this and teach school. There is no accommodation for a qualified teacher, or any other teacher, and only men of Garrett's class would undertake such a duty. Until we provide proper accommodation in the way of a class room and teacher's home, and pay better salaries, I am not looking for improvement.

With regard to the Inspector's report,under the heading "General Remarks" he states that there is a young girl dying with Consumption, and a little boy four years old,on account of injury to back, losing the power of his limbs,I have written

to the Agent,asking what he has done in the matter of looking after these cases.

I am satisfied that when the Travelling [illegible] visits this Reserve, the cases referred to will/reported upon by her.

I would be glad to have an opinion from you regarding this matter and see what can be done to improve matters, because the report certainly reveals a condition of affairs that should not continue.

Sir:-

I have to acknowledge receipt of your letter of the 7th ultimo, enclosing the report of the Provincial School Inspector, Mr. H. D. Cumming, on his inspection of the Hollow Water Indian Day School.

It is noted that this report is not encouraging. The present Teacher, Mr. Leslie Garrett, began duties on May 23rd, last, and was appointed until the end of September, next. As he will be discontinuing his services at that time, the school will likely not be re-opened, unless the church authorities make a strong demand for a teacher.

The needs of adequate accommodation for a teacher have been noted and will receive consideration when next year's estimates are being prepared.

It is noted that you have taken up with the agent the case of the young girl who was dying with consumption and which case was reported upon by Mr. Inspector Cumming.

The account for the inspector's services has been paid.

I have to inform you that the Provincial Public School Inspector has reported that Mr. Leslie Garrett, Temporary Teacher at the Hollow Water Indian Day School, is meeting with no success in his work. Unless you have some strong reason for continuing his services, the Department would be pleased if his activities ceased at the end of the present month.

I am aware that it is extremely difficult to secure the services of a qualified teacher at this school, and I have caused to be noted for next year's estimates the need for adequate residential facilities at the Hollow Water Indian Day School.

Dear Sir,- Re No. 125-5-1.

I beg to acknowledge receipt of your letter of the 18th ult. addressed to Rev. Canon Lofthouse re Mr. Leslie Garrett temporary teacher at Hollow Water Indian Day School. I note that the Provincial Public School Inspector has reported that Mr. Garrett was meeting with no success in his work. May it not be that the Inspector was expecting overmuch from work extending over barely four months, if so long at the time of inspection, among children of the class on an Indian Reserve, after being without school for a considerable period. The fact that the attendance averaged, I understand, 30 during the summer, in spite of the well known difficulty in securing regularity attendance at Indian Day Schools, indicates some success in one respect, at any rate. I think it only fair to Mr. Garrett to call attention to these points. He completed his work the end of September and has returned to College in Toronto. I am trying to secure a suitable teacher to nominate, but have had several disappointments. I will advise as soon as I can.

Very faithfully yours,

Dear Sir:-

Re Hollow Water River Indian Day School.

Last summer Mr. Leslie Garrett working as missionary at Hole River was appointed teacher of the above school. Since he returned to college we have endeavoured to find a suitable person to occupy the mission and school, and although we have had some negotiations with possible candidates, we have not been successful in filling the vacancy.

We have learned to day that we can again secure a suitable and qualified student for the summer. We should be pleased if the Department would sanction the appointment of this student as teacher of the above school for the summer as was done last year. The grant given at that time with bonus was at the rate of $90.00 per month, and it would be much appreciated if it is found possible to again make this grant.

This is to state that Mr. A. H. Davis is a student in good standing of Wycliffe College. He is at present attending Extension Classes at the Jarvis Street Collegiate Institute in preparation for Honor Matriculation. The reports which have been coming to me during the past two years have been exceedingly good. Lately the professors in this department, except in Greek, have nearly always given him 75%, proving that he is above the average in point of mental strength and scholarship. Mr. Davis seems to have a particular aptitude for teaching and, I believe, he contemplates next year in the Indian school in which it is proposed that he should spend part of the coming summer.

Dear Sir:-

I beg to acknowledge with thanks your letter of the 18th, ult. No. 125-5-1 in reference to the appointment of a teacher for Hollow Water River Indian Day School.

I note what you say re the amount of salary to be allowed, conditioned on the qualifications of the proposed teacher, to whose appointment you consent if such qualifications are satisfactory.

On receiving your letter I wrote to Dr.O'Meara, the Principal of Wycliffe College, asking for the information required. I have to day received the enclosed certificate which gives the name and qualifications of the applicant. I had hoped Mr.Davis might be able to take up the work about the middle of May, but I learn that he will not be free to do so until About the 10th of June. This would give him about three months of service, which I trust would be satisfactory to the Department.

In reply I beg to say it is considered that the services of Mr. Davis would be satisfactory as teacher for this school, and the Department will approve of his appointment. He should begin duties as early in June, next, as possible, and complete three months' service. The salary allowed will be at the rate of $75 per month, supplemented by bonus of $15 per month.

I shall be pleased if you will inform Mr. Davis of his appointment, and arrange with him to take up duties as soon as his term at Wycliffe College for the present year closes. It might be well for him to call on the Agent on his way to the school, when he could receive information as to the present conditions, and with reference to the supplies, etc., on hand.

We are informing Mr. Agent Latulippe, Selkirk, Man., of the appointment of Mr. Davis, and requesting the Agent to give him every assistance he can in his work during the coming summer.

Sir:

I beg to inform you that the authorities of the Church of England have nominated Mr. A. H. Davis, a student of Wycliffe College, Toronto, for the position as teacher of the Hollow Water River Indian Day School for the coming season. Mr. Davis will likely take up duties about the 10th of June, next, and I have to request that you will give him every assistance you can in his work at this school. He will keep the school in operation for a period of three months. The salary allowed him will be at the rate of $75 per month, supplemented by bonus of $15 per month.

Should any school material, stationery, etc., be required, Mr. Davis shall prepare and forward a requisition to your office upon his arrival at the school.

We hope that the school building will be in a suitable condition to start the work, and that the equipment which was on hand will be available when Mr. Davis arrives.

I shall be pleased if you will inform the Department of the date on which the school is opened.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 8th, inst. No.125-5-1. advising that the Department approves of the appointment of Mr. A. H. Davis as teacher of the [illegible] School for the coming summer at a salary of [illegible] per month, supplemented by [illegible] per month.

I have informed Mr.Davis, through the Principal of Wycliffe College, of his appointment, urging that he take up duties as early in June, next, as possible, and complete three months service. I shall endeavour to have Mr.Davis call on Mr.Agent Latulippe at Selkirk if it can possibly be arranged. We usually send out workers for Hollow Water River by way of [illegible]exander, in order that the Rev.C.H.Fryer, our missionary at that point, may advise them as to the work, but I presume the agent at Selkirk will be able to arrange for Mr.Davis to go forward from Selkirk, and we can probably arrange [illegible] to visit Mr.Davis later.

Again thanking you, I am,

Yours very [illegible],

Ottawa, July 28th, 1923.

Very Rev. Sir:

I have to acknowledge receipt of your letter of the 24th instant, regarding the proposed transfer of Mr. Peter Harper, teacher of the St. Peter's North Indian Day School, to the Hollow Water River Indian Day School.

In reply I beg to say we note that you are entirely in favour of this transfer, and we shall be pleased if you will arrange for Mr. Harper to proceed to Hollow Water River and take up duties when the present teacher, Mr. A. H. Davis, gives up duties.

Mr. Harper is at present in receipt of salary at the rate of $500 per annum. We will grant him an increase of $100 on his removal to Hollow Water River, which will make his salary, from the date he begins duties at this school, at the rate of $600 per annum, which will be supplemented by any bonus provided by law.

We hope that Mr. Harper will meet with every success in his work at Hollow Water River. We are quite aware as to his faithfulness and devotion to duty, and, although he has limitations as a teacher, his transfer to Hollow Water River may, it is hoped, be in the best interests of all concerned. We have informed our Agent, Mr. H. O. Latulippe, Selkirk, Man., of approval being granted by yourself and the Department for the transfer of Mr. Harper.

I shall be pleased if you will obtain a successor to Mr. Harper at the North St. Peter's School, and inform the Department as to the name, qualifications and experience of the person secured. The amount of salary allowed will depend upon the qualifications which the person secured possesses, and we will be prepared to make a substantial increase in salary over that allowed Mr. Harper if a fully qualified teacher is obtained for the St. Peter's North School.

Re:- Indian Day School at North St Peter's.

My dear Sir:-

I beg to acknowledge,with thanks,your letter of July the 28th regarding the above school,and hasten to state that Hollow Water River is in the Diocese of Keewatin and does not therefore come under our care. I have had some correspondence with Canon Lofthouse, of Kenora,on the proposed transfer of Mr Peter Harper to Hollow Water River,and believe that he is in favour of it,but I should be glad if your Department would deal with him direct on the matter.

Very Rev. Sir,-

The Department has had correspondence with Ven. Archdeacon Thomas, Winnipeg, regarding the transfer of Peter Harper, at present teacher of the St. Peter's North Indian Day School, to take charge of the Hollow Water River Day School when the present teacher, Mr. A.H. Davis, gives up his duties. We understand that Archdeacon Thomas has had correspondence with you regarding the proposed transfer of Mr. Harper. It is considered that Mr. Harper would be quite satisfactory as a teacher for the Hollow Water River school.

I shall be pleased if you will state whether you approve of the transfer being made. I may say that Mr. Harper has expressed his willingness to accept the transfer. The salary we would allow him is at the rate of $600.00 per annum, supplemented by the bonus provided by law.

I shall be pleased to have a reply at your early convenience.

The Rev A D Dewdney D D
Bishop of Keewatin

Bishopstowe
KENORA, ONT.

October 13th, 1926.

Dear Dr. Scott,-

During the month of August I visited our Hollow Water River Mission, where Peter Harper is employed as school teacher I found matters unsatisfactory both from a missionary and an educational point of view. I am therefore writing to ask that a change be made at the end of the current year. I am prepared to make a nomination for the position of teacher to take effect with your approval September, 1927. The Rev.E.W.Gardner has had long experience as a teacher. This winter he is teaching at York Factory and acting as locum tenens for Archdeacon Faries, now out on furlough. He is willing to undertake the work at Hollow Water River.

There is a necessary condition to the appointment of Rev. E.W.Gardner. He cannot live as Peter Harper is doing in the schoolroom where teaching is done, nor would the department wish him to do so or any other competent teacher. The need of proper accommodation for a teacher was recognized before Harper received the appointment, for in a communication received from your Department, No.125-5-1, dated September 18th, 1926, your then Acting Asst. Deputy & Secretary, A.F.Mackenzie, wrote, "I am aware that it is extremely difficult to secure the services of a qualified teacher at this school, and I have caused to be noted for next year's estimates the need for adequate residential facilities at the Hollow Water Indian Day School." In view of this past proposed action I trust that provision will now be made to provide such equipment next year that a proper appointment may be made.

I beg to remain,

Most faithfully yours,

My dear Dr. Scott,- Re I.D.-1.

I have to thank you for your favourable consideration of my application for teacher's residence at Hollow Water River Indian Day School, and trust that you will be able to arrange for an appropriation therefor, so that the residence will be available next September.

As we have to overhaul our Church and will have to provide furnishings for the Teacher's residence I do not think it possible to provide any part of the cost of the building. We will do what we can to induce the Indians to do the rough labour gratis; but, as you are doubtless aware, it is customary to find rations for men doing work of that kind as they cannot do that and get their supplies in the usual way. It depends on the kind of building that is erected what Indians can do.

Trusting to hear that the need will be provided for, I beg to remain,

RT. REV. A. O. DEWDNEY, D.D
BISHOP OF KEEWATIN

Bishopstowe

KENORA, ONT.

October 19th, 1927.

Dear Mr. Ferrier,- Re No. 125-5-1.

Rev.A.W.Gardner arrived at Hollow Water River Reserve to take up the work as Missionary Teacher on September 20th and has since been in residence. He has found it impossible to begin actual teaching work until Monday last, Oct.14th, when he expected to open school. In a letter of the 10th inst. he goes somewhat fully into the condition of things in consequence of which he could not begin actual teaching. He says there was scarcely a sound desk and the greater number were badly broken and beyond repair. Bolts have gone from the stoves, screws also were needed. These he had sent away for as advised by the Agent, but they had not arrived. Storm windows had been provided for the school but had not been fitted. This he has done himself with voluntary assistance. He states that the schoolhouse is well built but there are no water closets for the scholars. School supplies are also needed and these he is applying for, I understand, through the Agent.

With regard to qualifications, Mr.Gardner received his training in Newfoundland where he taught for a number of years. He has taught several years at the school in York Factory and several years also at Churchill for which the Department sent some school supplies, though the school was never put on your list. He has shown special fitness for teaching work. I shall be glad to hear from you as to the amount of salary that will be allowed him. This had better be sent as hitherto to Canon Lofthouse at our Synod Office here. I presume that in view of the work he has had to do to get the school ready for its use that he will be entitled to his salary from the Department from the date of his arrival.

I beg to remain,

Ottawa, October 24, 1927.

Right Reverend Sir:

I have Your Lordship's letter of the 19th instant, stating that the Rev. E. W. Gardner arrived at Hollow Water River Indian Day School on September 20th; but, as there was considerable preparation before school could be opened, classes did not commence on this date. However, I shall see that his salary is paid from the date of his arrival on the reserve and will arrange that prompt attention is paid to requisitions which he forwards through the office of the Indian Agent. As Rev. Mr. Gardner is missionary teacher, I believe salary at the rate of $75 per teaching month would be a fair remuneration to offer. This will be paid to Your Lordship's office, as formerly in the case of this school. I may say that if Mr. Gardner dispenses medicines, he will receive an annual grant of $50 for the extra activity.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

I enclose you herewith a letter received from the Rev. C.O.K. Hodgets dated April 2.

I have not written to the clergy yet, owing to my being in poor health. As soon as I get better, I shall write to them, and ask them to try to find me a place, where I could be engaged as Teacher, in an Indian day School.

I have consulted doctors H.G. Ross and W.H. Gibbs, Selkirk, Man. They advised me to stay at home, and take treatment, till I get cured. The nature of my Complaint being a Cold in the Bronchial tubes.

The Indian Department can kindly help me, if I request it to help me out, soon, if it should be a small amount, it will be greatly appreciated.

Hoping to hear from you soon I remain

Ottawa, May 19, 1928.

Sir:

I have your letter of the 5th instant, relative to your efforts to secure a position as teacher in an Indian school and requesting the Department to assist you financially at the present time.

I may say that there is no superannuation scheme for teachers of Indian day schools and the most that could be done in your case would be to grant you two months' salary, or $150 gratuity, upon your retirement. I wish to point out, however, that it would not be possible to engage you again in an Indian day school if such a retiring payment were made. You will understand that such a gratuity is given only when an employee leaves the service.

Although it is some time since you left the Hollow Water Indian Day School - some 10 months - I will be glad to seek the approval of the Deputy Superintendent General of a two months' gratuity, if you reply that you would be glad to have this payment at this time. You will understand that we could not appoint you to an Indian day school in future if you accept retiring leave.

I am returning Dr. Westgate's letter to you.

Dear Mr. Jones,—

Re Hoffman at the Indian School.

I have just come from a visit to the Islington and School at Pelican Water Reserve. Rev. E. W. Gardner seems to have done a very good work with the children attending the School and at a meeting the people spoke highly of the splendid way in which the Children had come along in their care of Cattle. Unfortunately Rev. Gardner has suffered seriously with his eyes and he will leave the Mission this summer. I have secured as successor a qualified teacher holding Ontario Second Class Certificate who is also a Candidate for the Ministry and he is prepared to take up the missionary & School work at Pelican, provided he is appointed by the Department. Very Rev. Sir:

The Department has received a communication from His Lordship the Bishop of Keewatin in which he states that Rev. E. W. Cayner, teacher of the Lake Manitou River Indian Day School, is living in Kenora, and requesting Mr. Cathcart, who holds a Ontario Second Class Certificate, for the position to succeed Mr. Cayner. The Department will allow one-half of the salary of Mr. Cathcart, with salary at the rate of $75 per teaching month. If he passes medicine, he will receive one-half more of $75 per month he serves. It is proposed that Mr. Cathcart will begin his duties as teacher at the beginning of the next school year, or as soon thereafter as well, need. He are informing Mr. Agent Stevenson of the appointment of Mr. Cathcart.

His Lordship requests that, owing to there [illegible] this fall, the [illegible] the old school building, [illegible] the purposes of the Church. He states that by using the two rooms of the school residence, with cellar, and the three rooms, into which it is proposed to divide the old building, ample accommodation will be provided. The Department has no objection to the Church authorities fitting up and using the old school building for the purpose mentioned.

His Lordship requested that owing to his absence we inform you of the above matters.

Right Reverend Sir:

I have Your Lordship's letter of the 8th instant, informing the Department of the resignation of Mr. F. W. Cathcart, stationary teacher of the Fisher River Indian Day School and requesting the services of Mr. Robert C. Marsh to succeed him. The qualifications which Mr. Marsh possesses have been noted and are satisfactory. The Department will approve of his appointment, to succeed Mr. Cathcart, with salary at the same rate, viz.: $75 per teaching month. If Mr. Marsh dispenses medicine, he will receive an annual grant of $20 for this service. It is presumed that he will take up duties as teacher at the beginning of the coming scholastic year, on or about September first, next.

The Department is informing Mr. Indian Agent McPherson of Mr. Marsh's appointment and requesting him to give this teacher any assistance he can as he begins his duties.

I have to acknowledge the receipt of your letter of the 7th instant, with reference to the salary of Mr. Peter Harper for the September quarter at the St. Peter's North Indian Day School and the December quarter at the Hollow Water School.

In reply I beg to say that cheque No. 3650 for $50.00, in payment of the salary due him for the month he taught at St. Peter's school during the September quarter, was sent on November 15th to the Dominion Bank of Canada, Selkirk, Manitoba, in accordance with the Power of Attorney given by Mr. Harper some time ago.

A cheque for $15.00, in payment of his bonus, was sent on November 15th to Peguis, Manitoba, which was the post office address given on his September quarter return.

As you will see from this letter, Mr. Harper should apply to the Dominion Bank of Canada, Selkirk, with reference to his salary cheque and, if he has not yet received his bonus cheque for September, it is, no doubt, being held at Peguis and he should write to the postmaster at that point and have his mail forwarded to his present address.

The Hollow Water School is conducted under the auspices of the Church of England and the cheques in payment of the salary of the teacher have always been made payable to and sent to Rev. Canon J. Lofthouse, Kenora, Ont. Mr. Harper's salary for the December quarter at Hollowwater, namely, $180.00 was sent to Rev. Canon Lofthouse on January 14th, last. Possibly, Canon Lofthouse has already remitted this amount to Mr. Harper and, if not, Mr. Harper should apply to him. The bonus for the December quarter, amounting to $45.00, was sent addressed to him at Manigotogan on the 16th ultimo and should have reached him by this time.

Your obedient servant,

(Sgd) Russell T. Ferrier

West Selkirk, Man

Sir.

I beg leave to inform you that I did not get my salary cheque for June quarter. I received the salary cheque for March quarter on July 2nd 25

I would like to get the both cheques , salary for June and September quarters before I leave, as I finished the September quarter by teaching school on the month of July last.

I need the money in order to get my supplies for next winter.

Awaiting a favorable reply,

I remain yours truly.

Sirs:

Yours of the 14th instant, came to hand in due quarter. stating that you have forwarded the cheque to Capt. J. Lafferne, Kenora, Ont. on July 15th last.

I will need a lot of money in order to get all my supplies for next winter. I kindly request the Indian Department to send me the house for June and September quarters to West Selkirk at an early date.

Awaiting a favorable reply,

I remain

Sir,-

I have your letter of the 22nd instant, in which you request that the [illegible] for the [illegible] quarters be addressed to you at West Selkirk.

In reply I beg to inform you that up to and including the March quarter a bonus was paid to teachers of Indian Day Schools. This practice was discontinued as from April 1st but your salary was increased $150.00, an amount equivalent to the bonus. Your salary for the June quarter was not $112.50, as heretofore, but amounted to $150.00 and a cheque was directed to Rev. [illegible], of [illegible]. Your salary is now at the rate of $600.00 a [illegible] and cheques will be sent direct to [illegible] promptly on the receipt of your quarterly reports.

I note you asked the agent to have your [illegible], which amounted to $75.00, forwarded to [illegible]. This is being called to the [illegible] house, thus conforming to the previous arrangement.

Might I suggest that you look to Rev. [illegible] for [illegible] on your salary at [illegible] of the year when you are outfitting yourself for the winter.

Reverend Sir,-

In his annual report on the Hollowwater River Indian Day School, which is dated March 24, 1926, the Teacher, Mr. Harper, states that he has not yet received his cheque for the quarter ending December 31, 1925.

Cheque No.5661 for $225.00 in payment of his December quarter salary was sent to you on January 27th, 1926.

As the Teacher has not yet received the amount due him it occurred to me that the cheque we forwarded has not yet reached you. Please advise me in the matter.

Dear Sir:-

Reference No. 125-5-3.

I beg to acknowledge yours of the 1st inst. with reference to the salary cheque of Mr. Peter Harper of Hollow Water River Indian Day School.

Your cheque was duly received on February 1st and the amount of $225.00 was duly sent to Mr. Harper's bank at West Selkirk when I paid salaries in March.

I am sorry the teacher has troubled you again in reference to this matter, the same thing having occurred last year. The reason is that we pay all salaries quarterly whether the Department cheques are to hand or not. This has proved entirely satisfactory in all other cases, but it would perhaps be advisable for me to send on Mr. Harper's cheque at the time I receive it and thus avoid these misunderstandings.

Trusting this explanation is satisfactory.

REPRESENTATIVE OF THE TREASURY

Re: Hollow Water River Indian Day School
No. 515

Mr. Emil Planckaert is appointed teacher of this school at a salary of $75.00 a month plus bonus effective September 24th, 1945. Enclosed is copy of letter of appointment.

Owing to the isolated condition of this school the other forms have not yet been received but in view of the length of time this man has been teaching without receiving any pay, I feel that payment should be made to him and his salary can be adjusted, if necessary, when the forms are received.

Please note the cheque should be drawn in his favour and forwarded to him in care of Right Rev. J. Lofthouse, D.D., Bishop of Keewatin, Bishopstowe, Kenora, Ontario.

of Indian Affairs,
Winnipeg, Manitoba.
7 July 1898.

Memo for Department,-

The Rev. Ed. Thomas reported that the new schoolhouse which was erected on the Hollow Water River Reserve under his supervision is completed and handed in his accounts, but it was found that they were not complete inasmuch as they were not supported by receipts for the wages paid by him. As the appropriation from which these vouchers are to be paid will soon lapse, and it is impossible to obtain those receipts within the time owing to the distant location of this Reserve, I therefore thought it best to put the vouchers through in their present shape. Mr. Thomas has returned to Hollow Water River and has promised to send these receipts, which will be transmitted to the Department as soon as received.

Meantime, if cheques can be issued, I would ask that they be sent to this Office to be held pending the receipt of the receipts.

Sir,

I beg to say that I have obtained from Moyer and Company heir lowest quotation for a suitable cupboard for the stor age of School Books etc at the Hollow Water River Day School and the price is ten dollars for a plain board cupboard.

Moyer and Company deal exclusively in School supplies and it is understood that the Government gets a ten per cent discount .

John Leslie and other furniture men cannot underbid this except for an unpainted article at 8 dollars.

Sir,-

Mr. Inspector Semmens, in his report on the Hollowwater River School, states that there are no storm windows; that there should be a porch six feet square over the front door and also that the stove is broken and dangerous.

The Department would like you to obtain an estimate of the cost of storm windows and a porch, so that the work can be attended to during the coming summer, and also to state when a stove can be purchased and sent in to the reserve.

Ottawa, June 6, 1912.

Mr. Inspector Semmens in his report on the Fallowtator River School states that there should be a porch over the front door six feet square and that frame windows should be provided. I have to ask you to be good enough to obtain an estimate of the cost of having this work done.

A new stove has to be provided and you should arrange to have a suitable one purchased and sent in this summer. You should be guided by the patronage list in making this purchase.

The closets at this school and also the [illegible] of the building require some [illegible] repairs. When you visit the reserve you will be good enough to look into these matters and take the necessary action to have them attended to.

Ottawa, October 7, 1912.

Sir,-

I have to acknowledge the receipt of your letter of the 30th ultimo in reference to windows for the Hollow Water River School.

In reply In reply I beg to say that in official letter of June 8th, last, you were asked to obtain an estimate of the cost of having frame windows provided. This should have been storm windows.

In letter of June 8th you were also asked to [illegible] estimate of the cost of having a porch built [illegible] front door and authorized to buy a stove for [illegible] the school and have repairs made to the closets. Kindly state what action, if any, you have taken in regard to these matters.

Your obedient servant,

INDIAN AGENT'S OFFICE,

In the absence of Mr Colclough who is at Donkonhead Reserve, looking after the Repairs of the School and other matters, I beg to inform you that the estimated cost for Repairs for Hollow Water River School will be about $ 40.00.

Kindly advise Mr Colclough in this matter at your earliest convenience as Navigation to that Reserve is likely to close at an early date. I also wish to say that the cupboard for the above School is being made and will be shipped in a few days.

IN REPLY REFER TO

In answer to your letter of the

the stove for the Hollow Water River School.In regards to the storm windows and Porch required,I could not give you an estimate of the cost until I had found out how many windows they required and the size of them. I received this information last Sunday and my Clerk Mr Latulippe wrote you on Monday the 14th instant giving you an estimate of the cost. Hoping that this will be satisfactory.

MEMO FOR FILE:-

His Lordship the Bishop of Keewatin and I have been discussing the needs of the Hollow Water Indian Day school, Clandeboye Agency. We are of the opinion that a day school will be needed for this band for some time and the solution is a combined school and teacher's residence. The files might be examined or inquiry made from our representatives, with a view to ascertaining whether the day school and mission house are in any kind of repair.

Ottawa, August 28th, 1925.

Rev. Sir:

I have your letter of the 23rd instant, with reference to the Hollow Water River Indian Day School. I have noted that satisfactory arrangements have been made for the early activities of Mr. Peter Harper, the new incumbent.

With reference to the request for a grant of $50 to make the necessary repairs on the mission house, which is to be used as a teacher's residence, I am pleased to authorise you to instruct Mr. Harper to present bills not exceeding $50 for material to Mr. Indian Agent Latulippe, at Selkirk, Man. Our representative has been informed of this authority.

Your obedient servant,

Sir,-

Referring to your letter of the [illegible] ultimo, enclosing voucher No. 100/24 in favour of Mr. [illegible] for repairs, &c., to Fallen Water River [illegible], I beg to request that you will ask Mr. Harper to furnish receipts for the disbursements made. One receipt from each individual supplier for the various payments made to him will answer the purpose, instead of obtaining a separate receipt for each payment. The voucher is herewith returned.

Your obedient servant,

J. D. McLEAN
